

Introduction of agenda item 4d. List of adaptation experts

Presentation by Annett Möhner, UNFCCC Secretariat

Third meeting of the Adaptation Committee
18-20 June 2013
Bonn, Germany

I: Background and context

- **Criteria for selecting experts**
 - **Purpose, prior experience, thematic expertise, professional background, diversity, and availability**
- **Review of existing rosters of adaptation experts**
 - **Rosters from UNFCCC, UN organizations and other organizations**
 - **Focus on features of rosters and included experts**
 - **Reviewed rosters offer sufficient expertise, selection criteria could be broadly applied and access to these lists could be assured**

II: Next steps and topics for further guidance

- **Does the AC wish to rely on existing lists of experts until it deems those lists to be insufficient for its purposes?**
- **Does the AC wish to use its call for submissions by regional institutions and UN agencies to identify experts?**
