

Report from breakout group Annual Adaptation Forum

Facilitator: Quamrul Chowdhury

Rapporteur: Klaus Radunsky

Third meeting of the Adaptation Committee

18-20 June 2013

Bonn, Germany

Proposed theme and title of the forum

**Adapting to climate change – safeguarding our future
Sharing relevant adaptation experience at all levels to
build best practices**

***This is a working title – any suggestions for a more
punchy and short title are welcome***

Type of speakers envisaged by the AC

Prominent, high level speakers that are also known to the broader public and that are used to communicate to their audience via media

Targeted audience: decision makers, stakeholders, including representatives of indigenous people, women and youth, policy makers not directly engaged in the climate process

Partnerships envisaged for undertaking the event

- **Parties, representing the six UN-regions**
- **IPCC**
- **Cities (e.g. New York, Cairo)**
- **Media (e.g. CNN, BBC)**

Format of the event

- **Venue: preferable inside conference area**
- **Townhall/ADP style**
- **Three sessions (Opening session, examples, Q & A & discussion)**

Duration and timing of the event

- **Preferably 3 h**
- **Preferable end of first week of COP19**

Other

- **Iterative process**
- **Need for some flexibility**
- **Need for a Task Group to co-operate with the secretariat**
- **All participants, whatever role, should be present in person.**
