

Report of the breakout group

REPORTS

Facilitator: Quamrul
Presentation by Klaus

Fourth meeting of the Adaptation Committee
5-7 September 2013
Nadi, Fiji

I: TASK

Identify a topic for the

- **2014 Thematic report**
- **2015 Overview report**

II: CRITERIA

Main criteria to identify the top topics:

- **Contribution to enhance coherence, the main task of the AC**
- **Assessment of the progress made in achieving the goals of the CAF (in particular with respect to para 12 of decision FCCC/CP/2010/7/Add.1)**
- **Avoidance of overlap with ongoing or planned activities under other workstreams or by other bodies**
- **Relevance for Parties to enhance their adaptation activities**

III: Proposals on topics

- **2014 Thematic report**

Tools and knowledge available, lessons learned, and challenges on the application of guiding approaches in the experience of national adaptation.

** (ie. gender-sensitive, participatory and fully transparent approaches, consideration vulnerable groups, communities and ecosystems, application of best available science and traditional and indigenous knowledge, integration of adaptation into relevant social, economic and environmental policies and actions)

(Source of data: this report would draw on material developed under the NWP, relevant activities of AC and other bodies, and a request for submissions from Parties and Organizations using a template to be developed during 2014 Q1).

III: Proposals on topics

- **2015 Overview report**

Overview report on progress on the implementation of the CAF, with analysis of, inter alia, lessons learned, good practices, and challenges on preparation and implementation of NAPs, the key role of national institutions and stakeholders in adaptation planning and implementation and monitoring and evaluating adaptation actions and their support.

The process as well as the communication including target audience needs further elaboration by AC5.
