

## Adaptation Committee:

Establishing a partnership platform with regional centres to provide technical support to developing country Parties on adaptation

Side event during the 44<sup>th</sup> sessions of the subsidiary bodies  
Bonn, Germany

***Shyla Raghav, Facilitator***

17 May 2016

Objective of this side event

---

The “What”

The “How”

Sectors of support

Areas of support

Beneficiaries and participants

Modalities of work

Assessing support for an AC partnership platform

## What we want to hear from you

---

Share with us what works, what does not work,  
where are the gaps!

Tell us what your incentives would be to participate  
in a new partnership platform!

Showcase your respective modalities of work!

---

**The Adaptation Committee looks forward to hearing your  
views and suggestions!**

**Thank you.**

## Questions

---

- What existing **gaps** should a new partnership platform/ or enhanced collaboration fill and how can it add value?
- What would be the **incentives** to participate in a new partnership for national, regional and international organizations?
- Which **modalities** are used and could be used to channel requests for technical support from the country/ies to the centre/network, how is the response fed back, and have these modalities been effective?
