Comment [A1]: How should we select the rest of the list? I've suggested our 2 observer NGOs and one 'southern-based' international NGO. Should we just add a few more at random, or send it to a really long list? Could Secretariat advise?

Regional actors (including risk transfer initiatives)

- ASEAN ?
- CDEMA?
- EU?
- CCRIF
- ARC
- PCRAFI
- ADB?
- CARIETAS Australia? Or Charity of Australia?

Comment [A2]: Can others advise on the right regional organisations to reach out to?

Other international actors

- Global Resilience Partnership
- Rockefeller Foundation
- Stockholm Centre on Resilience

Research institutions, think tanks and academics

- UNU
- ALNAP
- Development initiatives
- The University of South Pacific (USP)
- CSIRO

Should we also put this call out publically, in case others want to contribute?
