

Session 4 – Good practices and tools

Applying gender-sensitive approaches and tools for adaptation

What good practice or tool would you most like to draw attention to and why?

On behalf of the GEF, I would like to make a brief (2 minute) presentation in the Gender meeting that would demonstrate how an LDCF-funded project in Cambodia is (i) building the capacity of women to reduce community vulnerability to risks posed by climate change, and (ii) enabling women to integrate climate-resilient approaches in their livelihood-related activities. The proposed title is: 'Empowering Women to Adapt to Climate Change in Rural Cambodia'.

This good practice or tool helps to:
