

## Session 4 – Good practices and tools

### Integrating local and ITK in adaptation

What good practice or tool would you most like to draw attention to and why?

*Good leadership is critical in all local communities. Good leaders will work to protect the knowledge that will enhance the welfare of their people and will ensure the people are ready for natural disasters.*

This good practice or tool helps to:

*Enable recognition and participation of local communities and ITK holders, Facilitate the application of ITK and practices to align adaptation action with local and indigenous peoples and communities' needs, priorities and values, Facilitate the consideration and integration of local and ITK and practices in national adaptation planning processes*
