

Section H, Paragraphs 139 and 140.3¹

Version of 5 June 2015 at 10:00

Output of second facilitated meeting

Unpacking of paragraph 139:

Observation:

- Parties considered but could not agree on a proposal by the co-facilitator to unpack this paragraph.
- No Party present in the meeting took ownership for proposing this paragraph.

Consideration of paragraph 140.3:

Observation:

- Many Parties showed understanding that this paragraph in order to become effective would have to be moved to a decision. Parties however were hesitant to agree to move it at this point in time.

General observations:

- Parties went through the whole section paragraph by paragraph and agreed that no further consolidation or streamlining possibilities could be identified.
 - One Party considered that paragraph 140.2 could be further consolidated by its proponent.
 - Parties discussed the structure of the section and agreed that it is clear and does not require restructuring.
 - Parties also discussed which paragraphs could potentially be moved to an accompanying decision with a number of proposals made to that end (for example, paragraphs 135-137 and 139.1-140.3). However, many Parties found it premature to agree on potential decision material.
 - One Party proposed to use the next facilitated meeting to have a conceptual discussion on the need for enhancing existing and establishing new institutional arrangements.
