

Submission of the Dominican Republic Based on the ADP Submission on education sent last year

The Preamble

Reaffirming the crucial importance of education, training, public awareness, public participation, public access to information and international cooperation on these matters for promoting changes in lifestyles, attitudes and behavior needed to foster low-emission and climate-resilient development and to mobilize public support for climate policies and action

Article 6 Finance

.Developed country Parties shall provide support, including adequate and predictable financial support channeled through the financial mechanism of the Convention and other financial mechanism to developing country Parties to advance the implementation of their policies, strategies, regulations and action plans on climate change education, training, public awareness, public participation and public access to information to enable effective adaptation and mitigation action by all Parties.

Article 8 Capacity Building

.Parties shall take appropriate measures to develop, adopt and implement policies, strategies, regulations and/or action plans on climate change education, training, public awareness, public participation and public access to information at the national, regional, sub-regional, sub-national, local levels and communities to enable transformative change towards low-emission and climate-resilient societies.

Parties shall cooperate on promoting the implementation of initiatives on climate change education, training, public awareness, public participation and public access to information through regional approaches, bilateral, multilateral, South-South and triangular cooperation.
