Section MITIGATION

Non-Market-Based Mechanisms

06/06/2015

Paragraphs in the Geneva Text	Proposed merge	Issues	Clarification of the options and linkage
21.5 c. In their actions Parties should take into account alternative policy approaches to results-based actions such as joint mitigation and adaptation approaches for the integral and sustainable management of forests, climate change resilience and sustainable development for the protection and integrity of Mother Earth	In their actions Parties to/ should take into account alternative policy approaches to results- based actions such as joint mitigation and adaptation approaches for the integral and sustainable management of forests, and climate change resilience and sustainable development for the protection and integrity of Mother Earth	<ul style="list-style-type: none">• Use• Purpose• Scope• Principle of action• Institutional arrangements• Recognition of means of implementation under the Convention• Establishment of new mechanisms	To put in the cluster of market mechanisms /non-market-based mechanisms
23. All Parties to take into account joint mitigation and adaptation approaches to the integral and sustainable management of forests and climate resilience for sustainable development			
45. The COP shall strengthen existing arrangement by establishing a cooperative mechanism under the Convention to address the effective implementation and articulation of the means of implementation under different approaches to promote sustainable development pathways that include mitigation and adaptation to climate change and its impacts, including response measures, by identifying and measuring impacts of and gaps in implementation, and to recommend specific actions to avoid and minimize negative consequences, in particular in terms of support to developing country Parties as well as development and implementation of specific tools to address identified gaps.	Keep it as it is
