

AD HOC WORKING GROUP ON THE DURBAN PLATFORM FOR ENHANCED ACTION  
Fourth part of the second session (ADP 2.4)  
Bonn, Germany, 10-14 MARCH 2014

**Briefing on implementation of the ADP mandate (1/CP.19, para 5(c)) to parties to promote the voluntary cancellation of certified emission reductions, without double counting, as a means of closing the pre-2020 ambition gap**

**Thursday, 13 March 2014, 13.00 – 14.00**  
**AHH UG02**

Programme

**Background**

As indicated in the Informal Note on the fourth part of the second session of the Ad Hoc Working Group on the Durban Platform for Enhanced Action (ADP 2.4), the Co-Chairs of the ADP have made arrangements for a briefing by the Executive Board of the Clean Development Mechanism on “*Implementation of the ADP mandate (1/CP.19, para 5(c)) to parties to promote the voluntary cancellation of certified emission reductions, without double counting, as a means of closing the pre-2020 ambition gap*”. The briefing aims at clarifying what the above mandate implies for parties, and what opportunities, challenges, and enabling measures are present for Parties in responding to this mandate.

**Approach, focus and input**

The briefing will be provided by the Chair of the CDM Executive Board, Dr. Hugh Sealy. The opportunities, challenges and costs for Parties to use CERs in this context will be discussed, as will the practical aspects of implementing the mandate. The presentation will be followed by a Q & A session.

**Structure of the workshop**

Opening by the ADP co- chairs

Part 1: Presentation by the Chair of the CDM Executive Board, Dr. Hugh Sealy

Part 2: Q&A – Open discussion.
