Director

United Nations
Framework Convention on
Climate Change

CTCN: The operational arm of the UNFCCC Technology Mechanism

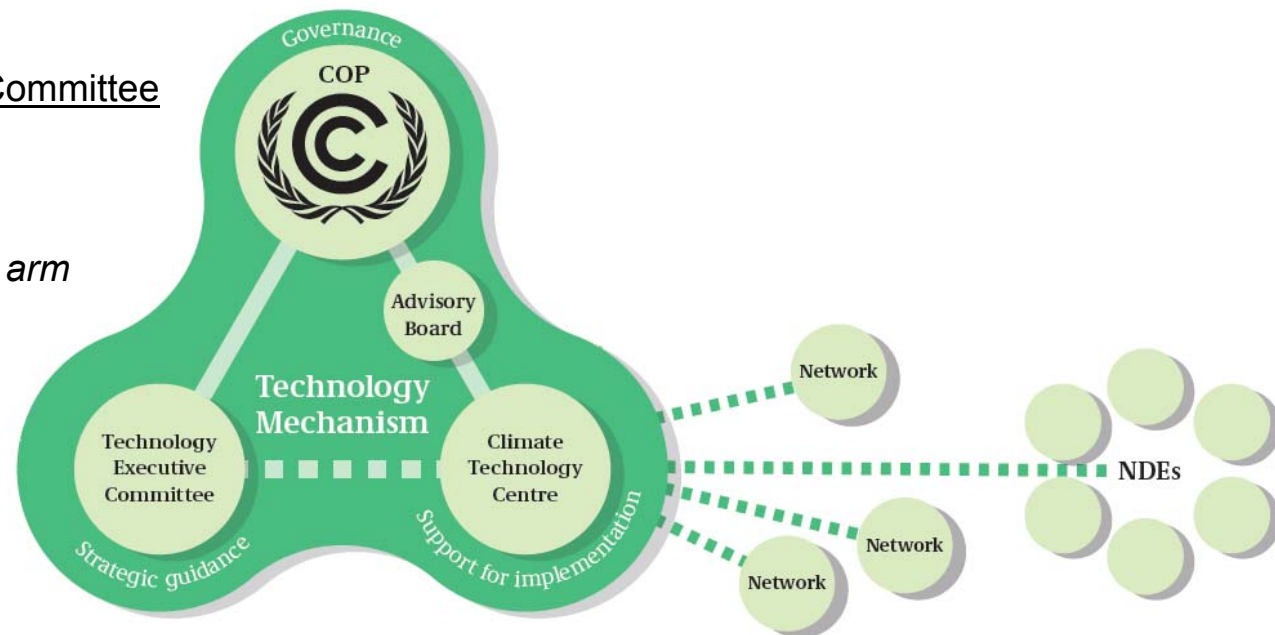

Objective: enhance action on the development and transfer of technology for action on climate change

Technology Executive Committee

- *The policy arm*

CTCN

- *The implementation arm*
- *NDEs*

CTCN Mandate, Services and Structure

Mandate

CTCN mission is “Stimulating technology cooperation and enhance the development and transfer of technologies to developing country Parties at their request”

Services:

1. Technical assistance to developing countries
2. Knowledge sharing and training
3. Fostering collaboration on climate technologies (including linking climate technology projects with financing opportunity”)

Structure:

CTCN hosted by UNEP in collaboration with UNIDO and supported by 11 partner institutions with expertise in climate technologies

CTCN Technical Assistance

Provided:

- To developing countries upon their request
- Free of charge (value up to 250,000 USD)
- Expertise that is both state of the art and locally relevant
- To academic, public, NGO, or private entities
- For a broad range of adaptation and mitigation technologies

At all stages of the technology cycle:

- From identification of needs;
- policy assessments;
- selection and piloting technology solutions;
- to assistance that supports technology customization and widespread deployment

CTCN Technology Webinar Series

- Series launched in 2015
- 5 webinars to date
- Presented by CTCN Consortium Partners

Introduction to Waste Management and Climate Change

Date and time:

Wednesday 4 February 2015 - 3:00pm to 4:30pm CET

This webinar highlights the relevance of the waste sector to climate change, provides different technology options, and ways to overcome common barriers faced by developing countries when adopting these waste management technologies.

Urban Transportation Technologies That Address Climate Change

Date and time:

Wednesday 11 February 2015 - 3:00pm to 4:30pm CET

This webinar addresses the climate change and development challenges of urban transportation and how the transportation sector can contribute to mitigation objectives.

Cities, Climate Change and Technologies: An introduction

Date and time:

Wednesday 25 February 2015 - 9:30am to 11:00am CET

This webinar covers issues faced by cities for both climate change mitigation and adaptation, particularly focusing on the technological interventions that cities can adopt to combat and build resilience to climate change.

CTCN Services – Regional Fora for NDEs

ASIA

April 28 – 30, Bangkok

AFRICA

June 22-26, Dakar – Senegal, Arusha – Tanzania (TBC)

Two events in parallel, one for Francophone and one for Anglophone Africa
Back to back with the TNA training workshops.

LATIN AMERICA

Fall 2015, exact dates and places TBD

EASTER EUROPE AND MIDDLE EAST

Dates TBD, Istanbul, Turkey

CARIBBEAN SIDS AND PACIFIC SIDS

Dates and location TBD

Back to back with meetings organized by relevant regional organizations (e.g. SPREP, CARICOM, 5C, etc)
