

Ministry of Water and Environment,

Action for Climate Empowerment
Education, training and public awareness on
climate change.

By: Joseph Epitu

Uganda Focal Point For Article 6/ACE

Approaches used for Fostering Stakeholder engagement in ACE

- ✓ NCCP developed in 2012 to guide policy engagements on CC amongst the stakeholders
- ✓ National Climate Change mainstreaming guidelines developed and disseminated to national and LG stakeholders(2014).
- ✓ Uganda developed the National CC HR learning strategy in 2013.
- ✓ National Climate Change Resource Center in place and linked to research institutions such as Makerere University CC research and innovation center (MUCCRI)

Approaches used for Fostering Stakeholder engagement in ACE, cont...

- ✓ **Capacity Needs Assessment(CNA)** for LG and National level sector stakeholders conducted.
- ✓ Non state stakeholder actors involved in separate **public CC awareness** (private sectors, CSO, religious and culture institutions) in collaboration with CCD.
- ✓ **Technical capacity assessment tools (TCAT)** designed and used annually to assess institutional capacity requirements and gaps for addressing CC

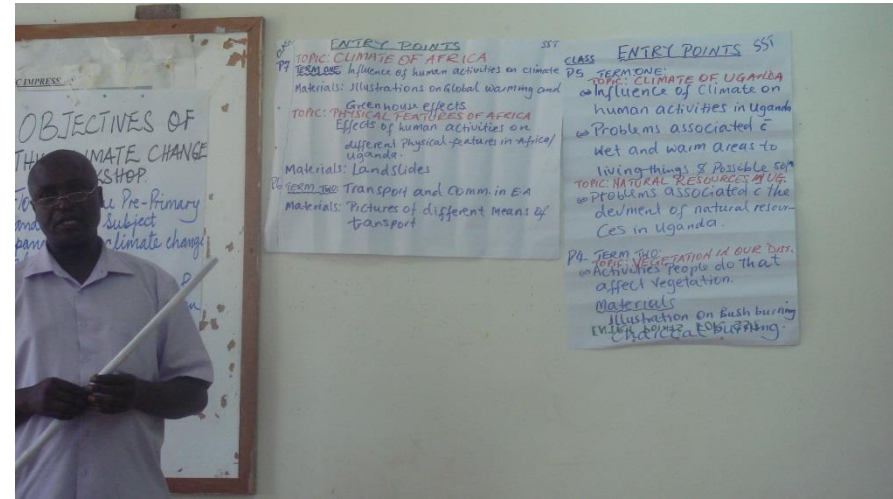

Approaches used for Fostering Stakeholder engagement in ACE, cont...

- ✓ MSC courses in CC introduced in higher education institutions
- ✓ National CC Learning Alliance (LA) for CC Adaption project (PACCA) established by IITA and CCD and piloted in 3 districts. This bring together CC actors to share knowledge and best practices for informing policies and decision making.
- ✓ A national strategy for developing CC education and awareness material is being developed support by USAID and FAO
- ✓ The Parliamentary Forum on Climate Change (PFCCC) – separate engagement for politicians on building awareness on CC and capacity for decision making.

Approaches used for Fostering Stakeholder engagement in ACE, cont...

- ✓ Study tours and exchange visits organized for technocrats and communities
- ✓ National climate change communication strategy to be development
- ✓ UNCC Learn project supported the development of supplementary CC learning materials for primary schools curriculum with NCDC(ready for pilot)
- ✓ Other approaches include policy briefs, flyers, brochures
- ✓ Exhibition at important national and world day events celebration: Eg. wetlands, Agriculture day, Environment, forestry world meteorological day among others
