

2nd Dialogue on Article 6 of the Convention

Session III: Public access to information on climate change

**11 June 2014
11:00 – 13:00**

Guiding questions

- 1. What mechanisms could be used for ensuring public access to information on policies and activities that may have adverse effects on the climate system?**
- 2. How can information and communication technologies facilitate public access to information on climate change?**
- 3. How to enhance access to information on emission intensity of products to encourage sustainable consumption choices?**

Closure of the 2nd Dialogue on Article 6 of the Convention
