# Potential Collaboration

I would like to bring to the attention of Parties a recent resolution (47/1) which was adopted at the United Nations Commission for Social Development at its session in February 2009, which urges Parties 'to consider including youth representatives in their delegations as appropriate, bearing in mind the principles of gender balance and non-discrimination, and emphasizes that such youth representatives should be selected through a transparent process which ensures that they have a suitable mandate to represent young people in their countries.'
