EDUCATION

Guidelines for teachers on EE/ESD (2015), elaborated by the Ministry of Environment in collaboration with the Ministry for Education. Differentiated for thematic issues (biodiversity, food, climate change, transport, water, cities...), and for each grade/level of school.

EDUCATION

MOU between the Minister for the Environment and the Minister for Education) (2016) on teachers' training activities on EE/ESD, covering the whole national territory. In the framework of the “National Operational Programme on School Education” 2014-2020, co-funded by the EU.

EDUCATION

National Charter on ESD (“Rome Charter”) signed in 2016 by the two Ministers (Environment and Education) during the national Conference on ESD. For each topic (mobility, biodiversity, sustainable development, climate change, water, health.), it identifies Education principles and specific actions to be implemented.

EDUCATION

In the framework of the “National Operational Programme on School Education” 2014-2020, co-funded by the EU through the European Structural Funds, a call has been launched by the Ministry for Education in March 2017, aiming at granting financial contribution to projects presented by schools on global citizenship education.
