

Ms. Sandy Ferguson

Knowledge and Policy Manager, Energy Efficiency and Climate Change, European Bank for Reconstruction and Development

Sandy Ferguson is currently the Manager, Knowledge and Policy for the Energy Efficiency and Climate Change Team at the European Bank for Reconstruction and Development and the Principal of Sandy Ferguson Consulting focusing on advisory services for biomass utilization and sustainability. She is currently based in London, England.

She has held senior business development, marketing, and strategic partnership positions in corporate, not for profit, and government organizations in Canada and the UK. Sandy began focusing on renewables and climate change in 2009 when she joined the BC Bioenergy Network (BCBN), in Vancouver, British Columbia, Canada as the Director of Business Development and Marketing responsible for business and project development, marketing, communications, and stakeholder engagement.

Previous positions have included Commercial Advisor to the Canadian Director at the European Bank for Reconstruction and Development, Director of Business Development at MacDonald Dettwiler, and Vice-President of the Manufacturers and Exporters Canada.

She holds a Bachelor of Commerce from the University of Alberta and a Masters of Business Administration from the University of British Columbia.
