Scaling Up Climate Finance: Work Programme on Long Term Finance Wrap-Up Event

Hyatt Regency Hotel Incheon, Republic of Korea 10–12 September 2013

Day 1: 10 September 2013, Tuesday

08:00 - 09:00	Registration of participants
09:00 - 09:45	Opening and Welcome by the LTF Co-Chairs Mr. Naderev Saño, Philippines and Mr. Mark Storey, Sweden
	Opening Remarks by Mr. Kyung Ho Choo, Vice Minister of Strategy and Finance, Republic of Korea

09:45 – 11:00 Plenary Session I: Pathways for mobilizing scaled-up climate finance

This session will take a look at key features and elements that underpin likely pathways for mobilizing scaled-up climate finance to USD 100 billion per year by 2020 from multiple sources based on the insight that emerged from the two meetings of experts.

- Barriers to longer-term planning for budgetary resources and country experiences and practices adopted to overcome them;
- Identifying the pathways for public, private and alternative sources at aggregate level for the period leading to 2020;
- Ways and means to achieve greater transparency, including through enhanced clarity on the sets of definitions of climate finance.

Presentation by LTF co-chairs

Discussants

- Paul Watkinson, France
- Seyni Nafo, Mali

11:15 – 12:30 Plenary Session I: Pathways for mobilizing scaled-up climate finance (continued)

Questions and answers

<u>Session format</u>: Summary presentation by LTF co-chairs followed by responses from three discussants and a brief moderated Q&A session for all participants attending in-person and through webcast and social media

12:30 – 14:30	Lunch
---------------	-------

14:30 – 16:00	 Break out groups facilitated by: Abhishek Acharya, India Erik Haites, Margaree Consultants Amal-lee Amin, E3G
16:00 – 16.30	Coffee Break
16:30 – 17:30	Plenary reports and discussions
18:30 – 20:00	Reception jointly hosted by Ministry of Strategy and Finance of the Republic of Korea and the Municipal Government of Incheon

Day 2: 11 September 2013, Wednesday

09:00 – 10:30 Plenary Session II: Enabling environments and policy frameworks for effective deployment of climate finance

This session will examine and identify conditions and factors that determine effective deployment of climate finance in developing countries based on insight that emerged from the two meetings of experts. The presentations and discussions will focus on:

- Factors that underpin effective deployment of climate finance at country and programme/project levels, including emerging approaches for measuring effectiveness of deployed climate finance;
- Efforts to enhance absorptive capacity in developing countries;
- Transparency of climate finance information.

Presentation by LTF co-chairs

Discussants

- Rachel Fry, New Zealand
- Jan Corfee-Morlot, Organisation for Economic Co-operation and Development
- Paul Steele, United Nations Development Programme
- Amjad Abdullah, Maldives

<u>Session format</u>: Summary presentation by LTF co-chairs followed by responses from three discussants and a brief moderated Q&A session for all participants attending in-person and through Webcast and social media.

10:30 – 11:00	Coffee break
11:00 – 12:30	Break out groups facilitated by Pak Sum Low, Academy of Sciences, Malaysia and Bond University, Australia Athena Ballesteros, World Resource Institute Daisy Streatfeild, United Kingdom
12:30 – 14:00	Lunch

14:00 – 15:30 Plenary Session III: Enabling environments and policy frameworks for mobilising scaled-up finance

This session will identify supportive public policies, regulatory measures and financial instruments that facilitate scaled-up mobilization of climate finance from multiple sources based on insight that emerged from the work undertaken in 2012 and the two meetings of experts on long-term finance.

- Enabling environments and conducive policies required to unlock climate finance from international and domestic sources, public and private, multilateral and bilateral, to support low-carbon and climate-resilient activities in developing countries;
- Specific policy measures required to bring down barriers to private sector finance and investments in low-carbon and climate-resilient programmes and projects in developing countries;
- The roles of public and private finance actors and development finance institutions in achieving scaled-up climate finance.

Presentation by LTF co-chairs

Discussants

- Josué Tanaka, European Bank for Reconstruction and Development
- Jessica Brown, US State Department
- Diann Black-Layne, Antigua and Barbuda

<u>Session format</u>: Summary presentation by LTF co-chairs followed by responses from three discussants and a brief moderated Q&A session for all participants attending in-person and through Webcast and social media.
