

Introducing the NAMA registry

NAMA Approvers forum webinar

May 2013

Today's webinar

- Overview of the NAMA registry and roles
- Role of NAMA approvers and support
- Questions and answers

The NAMA registry

Purpose

- A platform to help countries prepare and implement individual NAMAs:
 - Record information on NAMAs and support available
 - Facilitate matching
 - Recognize other NAMAs

The NAMA registry

- Important points:
 - Participation is voluntary.
 - Not a requirement to receive or provide support.
 - Not an obligation to provide support or a guarantee that support will be provided.
 - Not a system for formally reporting on proposed actions or their results.
 - Those submitting information are responsible for accuracy.

The NAMA registry

- Is now online at www.unfccc.int as a prototype

The screenshot shows the NAMA registry website interface. At the top, there is a navigation bar with links for Home, CDM, JI, CC:iNet, and TT:Clear, along with a search bar containing "Your location: Home". The main content area is titled "MEETINGS" and features a large photograph of the Bonn Climate Change Conference venue, a modern building complex situated near a river. Below the photo, the text reads "Bonn Climate Change Conference - April 2013". To the left of the main content is a sidebar menu with several sections: "NEGOTIATIONS" (with sub-items: Meetings, Documents & Decisions, Bodies), "FOCUS" (with sub-items: Adaptation, Finance, Mitigation, Technology), and "PROCESS" (with sub-items: Essential Background, Kyoto Protocol, and Cooperation & Support). The "Cooperation & Support" item is circled in blue, and a large blue arrow points from it towards the main content area. At the bottom right, there are two columns of links: "Reports" and "Documents" on the left, and "Schedule of Meetings" and "Daily Programme" on the right.

The NAMA registry

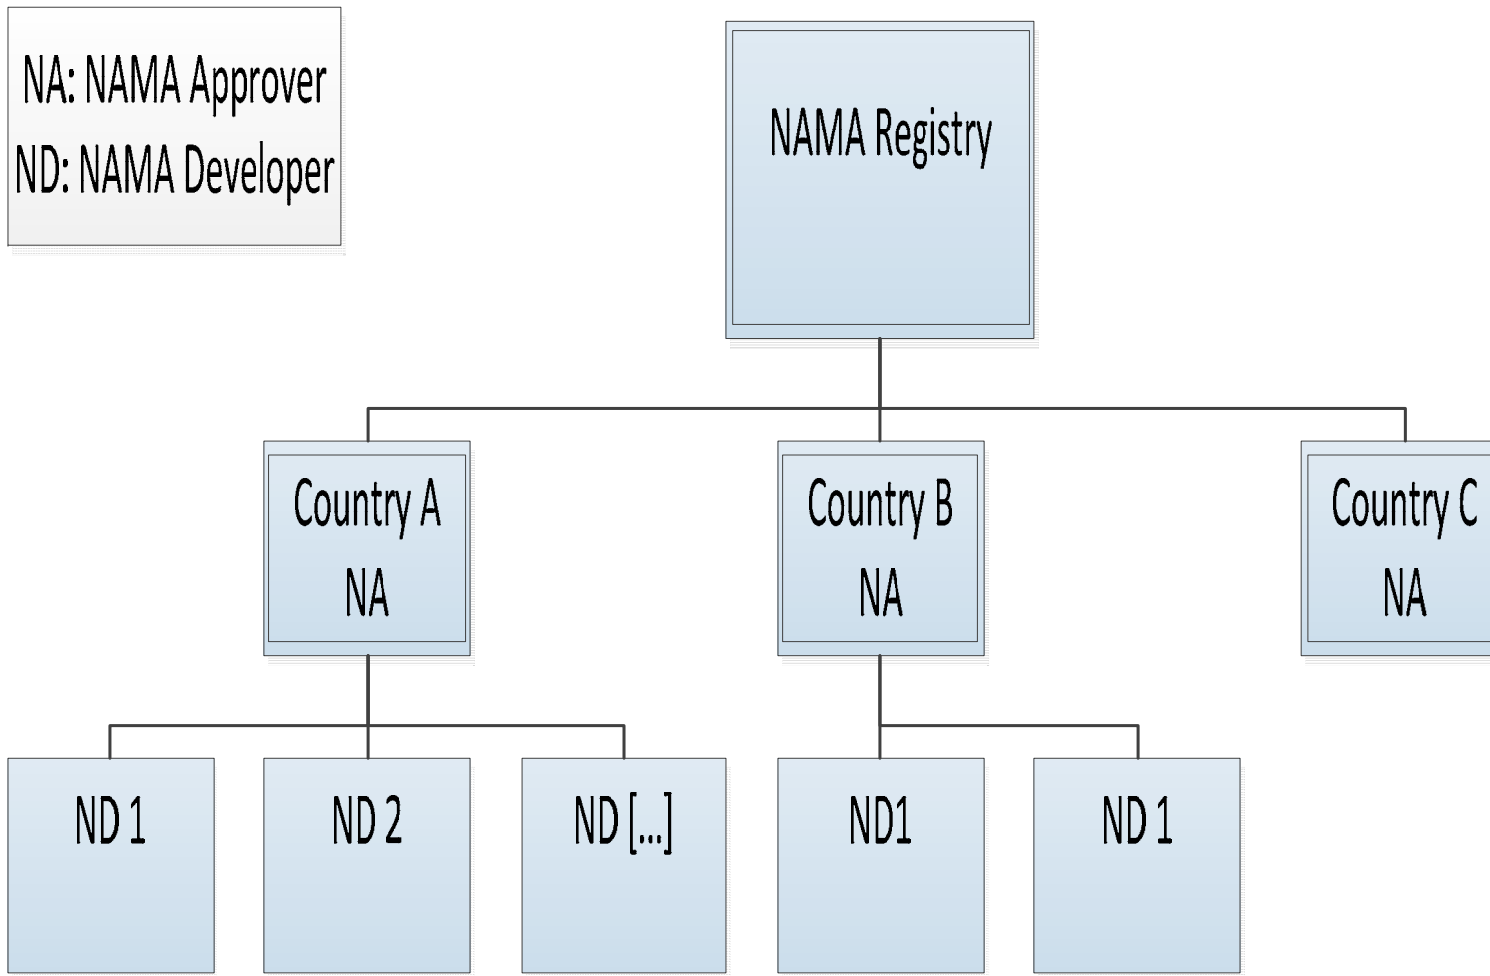

Registry roles

- NAMAs require central approval:
 - **NAMA approvers (NA)**: full access to country's NAMAs
 - 1 per country
 - **NAMA developers (ND)**: create NAMAs, edit/delete their NAMAs, search queries (e.g. project formulators)
 - Actors: To be decided by the Non-Annex I party
- Information on support available can be entered by “support editors”

Registry roles

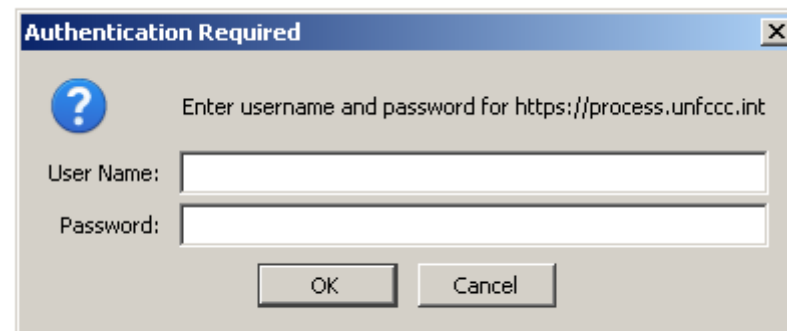

The role of the NAMA approver

- NAMA approvers:
 - Are critical to the registry because they will either create or approve all NAMA entries for their country
 - Responsible for ensuring the quality of the registry content for their country
 - They are a key gateway for enforcing any national level requirements for NAMAs

Tasks: Creating a NAMA

- Log in to the registry at:
<https://process.unfccc.int/Sites/NAMA>

Tasks: Creating a NAMA

- Select type of NAMA to create

The screenshot shows a navigation menu with four main sections: 'Create ...', 'Review ...', 'Browse ...', and 'Search ...'. The 'Create ...' section is highlighted with a blue box and contains three sub-options: 'NAMA Seeking Support for Preparation', 'NAMA Seeking Support for Implementation', and 'NAMA for Recognition'. A blue arrow points from the 'Review ...' section towards the 'Create ...' section. The 'Review ...' section contains 'Pending Submissions', 'My recorded NAMAs', and 'All recorded NAMAs for Chile'. The 'Browse ...' section contains 'Country pages', 'NAMAs seeking support for preparation', 'NAMAs seeking support for implementation', 'Other NAMAs, for recognition', and 'Information on support'. The 'Search ...' section contains a search bar and 'Advanced search'. At the top, there is a search bar with the text 'Search this site...' and a magnifying glass icon. The word 'Work' is partially visible on the left side of the top bar.

NAMA Seeking Support for Implementation

A screenshot of a web form titled "NAMA Seeking Support for Implementation". The form is divided into two main sections. The left section is a table with a blue header row "B National Implementing entity" and several rows of input fields. The right section contains a row of buttons: "Spell Check", "Cancel", "Save", and "Submit". A blue arrow points to the "Submit" button, which is also enclosed in a white box. The "Submit" button is highlighted with a white border and a blue arrow pointing to it from the bottom left. The "Save" button is also highlighted with a white border. The "Cancel" and "Spell Check" buttons are not highlighted. The "Submit" button is the largest and most prominent in the row.

Tasks: Approving NAMAs submitted by NAMA developers

Tasks: Approving NAMAs submitted by NAMA developers

- Review information and click on approve or send back with comments:

The screenshot displays a web interface for reviewing NAMAs. On the left, there is a vertical list of items, each with a downward-pointing arrow. A modal window is open in the center, containing the following elements:

- Buttons: "Spell Check", "Cancel", "Save", and "Submit".
- Text: "NAMA seeking support".
- Text: "Please write reason for rejection".
- A large text input area for providing reasons.
- Buttons: "Decline" and "Approve".

A blue arrow points from the left towards the "Decline" button, indicating the action to be taken.

NAMA approvers: Important choices and challenges

Institutional:

- Who should undertake the role of NAMA approver for a country?
 - Person, committee, organization?
 - What tools and skills will they require?
 - What decision making process to use?
- Should access rights be granted to NAMA developers or NAMA creation centralized with approvers?
- What national requirements/competencies should a potential NAMA developer be required to meet?

NAMA approvers: Important choices and challenges

National implementation and support:

- What criteria to use for the approval of NAMAs submitted by NAMA developers?
- How and when to communicate any national requirements to those submitting NAMAs?
- How to ensure that the NAMA approver is contactable by NAMA developers?

NAMA approvers: Important choices and challenges

Procedural/administrative:

- How to avoid any conflicts of interest in the NAMA approver function?
- How to minimize delays in the process of submitting NAMAs?
- How to maintain an up to date list of NAMA developers?
- How to ensure contact details of NAMA approvers held by UNFCCC are current?
