

RCC Kampala: An introduction

Regional workshop on Nationally Appropriate Mitigation Actions

1 - 3 October 2014

UNFCCC Regional Centre Kampala

Purpose of the RCC initiative and work areas

The RCCs aim to build capacity and reduce the risk in undertaking Mitigation actions.

- **RCC Lomé, Togo:** West African Development Bank (BOAD) Jan 2013;
- **RCC Kampala, Uganda:** East African Development Bank (EADB) May 2013;
- **RCC St. George's, Grenada:** Windward Islands Research and Education Foundation (WINDREF) July 2013
- **RCC Bogotá, Colombia:** Andean Development Corporation (CAF) August 2013
- **RCC Asia-Pacific region** – Q4 2014

Direct (& indirect) support to PAs, PoAs and SBs

Provide direct support to the identification of new project activities (PAs) or PoAs (including expansion of existing PoAs or addition of CPAs)

Provide direct support to projects requesting registration or issuance of CERs

Assist in the identification of opportunities for the development of standardized baselines (SBs) and preparation of relevant documentation

Access to Financing, Capacity Building , Out reach

Data gathering – Mitigation, climate finance etc

NAMA related Initiatives of the RCCs

Together with the Partner organizations RCCs are currently involved supporting development of capacity for NAMAs on the ground.

Specifically assisting countries in applying available CDM tools for NAMA development.

E.g. MRVs of CDM to access finance, Baselines fro NAMAs, Expansion of CDM PoAs to NAMAs,

Linking of iNDCs with NAMAs , Linking of TNAs with NAMAs
