### **4. Provisions related to facilitation: Advice and facilitation**

3. At its nineteenth meeting, the branch continued its considerations on how to provide advice and facilitation to Parties on implementing the Kyoto Protocol. In this regard, it considered questions in relation to how to provide timely facilitation to Parties and strengthen the non-confrontational part of the compliance regime, as well as how to make the facilitative role more visible and attractive to Parties. The branch had a productive discussion and began to identify possible ways to address these issues, such as through a toolbox of measures to assist Parties.<sup>1</sup>

4. The branch also noted that it has a rich experience to share in relation to the provision of advice and facilitation, and requested the secretariat to prepare, in consultation with the bureau of the facilitative branch and the members and alternate members of the branch, a document that captures the past experience of the facilitative branch in providing advice and facilitation to Parties in implementing the Kyoto Protocol.<sup>2</sup> This document is contained in CC/FB/20/2017/2.

5. The branch will be invited to continue its discussions on how to provide advice and facilitation to Parties on implementing the Kyoto Protocol, in accordance with its functions set out in section IV of the “Procedures and mechanisms relating to compliance under the Kyoto Protocol” contained in the annex to decision 27/CMP.1.
