Annotations to the provisional agenda

1. Opening of the meeting

2. Adoption of the agenda

1. The branch may wish to review and consider the provisional agenda for adoption.

3. Provisions related to facilitation: Advice and facilitation

2. The branch may wish to continue its consideration on how to discharge its mandate in relation to section IV, paragraph 6 (a) of the “Procedures and mechanisms relating to compliance under the Kyoto Protocol”.¹ In this context, the branch, at its eighth meeting, undertook an initial exchange of views on the possible prioritization of the in-depth reviews of the fifth national communications from Parties included in Annex I. As agreed at that meeting, the branch may wish to continue its consideration of this issue.

3. At the same meeting, the branch also noted that the plenary of the Compliance Committee had sought guidance from the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) on action that the Committee could take in relation to delays in the submission by a Party included in Annex I of its national communication on two occasions and that the CMP had not yet addressed its request. In this context, and as agreed at its eighth meeting, the branch may wish to consider whether and how it should seek guidance from the CMP on action that the Committee could take in relation to delays in the submission by a Party included in Annex I of its national communication, and to include any decision on this question in its report to the plenary.

4. The branch further noted the need to take proactive action with respect to Parties that have not yet submitted their fifth national communications, which were due on 1 January 2010 in accordance with decision 10/CP.13, and to put this matter to the full membership of the branch. On the basis of this agreement, the chairperson proposed, and the branch decided by electronic means, to send a letter to Monaco (annex to document CC/FB/2010/2), with a request that a response be provided before the ninth meeting of the branch. The branch may wish to continue its consideration on this matter in light, *inter alia*, of any response received from Monaco.

5. In its consideration of provisions related to advice and facilitation, the branch may also wish to consider how any of the consequences listed in section XIV of the procedures and mechanisms could be applied.

¹ This and subsequent references to sections, as well as to the procedures and mechanisms, refer to the annex to decision 27/CMP.1.
