

Status of submission and review of reports under the Kyoto Protocol

Note by the secretariat

1. This note provides information on the status of submission and review of sixth national communications (NC6) and of the annual greenhouse gas (GHG) inventories submitted in 2013 and 2014 under decision 15/CMP.1, from Parties included in Annex I.
2. Altogether, there are currently 42 Parties included in Annex I. Thirty-seven of these Parties have a quantified emission limitation or reduction commitment (QELRO) inscribed in Annex B to the Kyoto Protocol for the first commitment period, and five of them do not have such a QELRO:
 - (a) The QELRO of Belarus (92 per cent) was established through an amendment to Annex B (decision 10/CMP.2) that had not yet entered into force as at 15 August 2014;
 - (b) Cyprus, Malta and Turkey do not have a QELRO inscribed in Annex B;
 - (c) In accordance with the conclusion of the Conference of the Parties to the Convention (COP)¹ and following ratification of the Kyoto Protocol by Kazakhstan on 19 June 2009 and its entry into force for Kazakhstan on 17 September 2009, Kazakhstan is considered a Party included in Annex I for purposes of the Protocol but remains a non-Annex I Party for purposes of the Convention. Kazakhstan does not have a QELRO inscribed in Annex B.

Submissions of national communications

3. In accordance with decision 9/CP.16, Parties included in Annex I to the Convention (Annex I Parties) are to submit to the secretariat a sixth national communication (NC6) by 1 January 2014 following the requirements of Article 12, paragraphs 1 and 2, of the Convention. In accordance with decision 10/CMP.6, Annex I Parties that are also Parties to the Kyoto Protocol are to include in the NC6s the necessary supplementary information under the guidelines established under Article 7, paragraph 2, of the Kyoto Protocol.
4. Until 15 August 2014, the secretariat had received the NC6 from all 42 Parties included in Annex I (see table 1 below). All received NC6s are scheduled to be reviewed in in-country reviews or centralized reviews in the course of 2014, except for the NC6s of Belarus, Kazakhstan and Turkey. The reviews of NC6s are held in conjunction with the reviews of the first biennial reports (BR1s) under the Convention. The reviews of NC6s and BR1s of Belarus, Kazakhstan and Turkey are planned for early 2015 as these Parties are yet to submit their BR1s, or BR common tabular format tables, or intend to submit the revised relevant documents.
5. Until 15 August 2014, the secretariat coordinated reviews of 27 Parties following the Article 8 guidelines of the Kyoto Protocol. Seventeen of the individual reviews of these submissions were scheduled as in-country reviews from February to June 2014 in the capital cities of these countries and the other 10 were reviewed in centralized reviews from 5 to 10 May 2014 in Bonn, Germany. The dates of the 12 outstanding reviews are indicated in table 1 below. Once completed,

Greenhouse gas inventory submissions

6. Thirty-seven Parties included in Annex I submit supplementary information under Article 7, paragraph 1, of the Kyoto Protocol, in accordance with decision 15/CMP.1. The following five Parties included in Annex I – Belarus, Cyprus, Kazakhstan, Malta and Turkey – do not submit supplementary information under Article 7, paragraph 1, of the Kyoto Protocol in accordance with the requirements laid out in decision 15/CMP.1. As these five Parties do not have QELROs inscribed in Annex B to the Kyoto Protocol, for the purposes of the inventory review process, their submissions are treated as submissions under the Convention.

Greenhouse gas inventory submissions 2013

7. In 2013, the secretariat received 42 annual inventory submissions from Parties included in Annex I (see table 2) under the Kyoto Protocol. Thirty-seven of these submissions² contain supplementary information under Article 7, paragraph 1, of the Kyoto Protocol, provided in accordance with decision 15/CMP.1 for 2011, the fourth year of the first commitment period.

8. The secretariat coordinated reviews of the 42 submissions indicated in the paragraph above. Eleven of the reviews – those for Austria, the European Union, Ireland, Italy, Japan, Latvia, Liechtenstein, Monaco, Poland, Slovenia and Sweden – were conducted as in-country reviews, and Malta's annual submission was reviewed through a desk review. The remaining reviews were conducted as eight centralized reviews organised between 2 September and 28 September 2013 in Bonn, Germany.

9. As at 15 August 2014, 36 review reports (or 86 per cent of the total of 42 reports) had been published on the UNFCCC website.³ Twenty reports (or 48 per cent of the total of 42 reports) were published by 15 April 2014, i.e. within one year from the due date of submission. All reports, with the exception of those for Belarus, Cyprus, Kazakhstan, Malta and Turkey, are forwarded to the Compliance Committee.

² Excluding the submissions of Belarus, Cyprus, Kazakhstan, Malta and Turkey.

Greenhouse gas inventory submissions 2014

10. In 2014, the secretariat received 42 annual inventory submissions from Parties included in Annex I (see table 3) under the Kyoto Protocol; the status reports for all 42 submissions had been prepared and published on the UNFCCC website.⁴ Thirty-seven of these submissions⁵ contain supplementary information under Article 7, paragraph 1, of the Kyoto Protocol, provided in accordance with decision 15/CMP.1 for 2012, the fifth and last year of the first commitment period.

11. The secretariat is coordinating reviews of the 42 submissions indicated in the paragraph above. One review, for Turkey, will be conducted as an in-country review, and the remaining reviews are planned to be conducted as centralized reviews between 1 September and 4 October 2014 in Bonn, Germany. Following the recent guidance from the COP,⁶ the reviews of the submissions of Belarus, Cyprus, Kazakhstan and Malta will be limited to the conduct of the initial check of the submissions and the preparation of part 1 of the synthesis and assessment report; individual reviews of these submissions will not be conducted in 2014.

⁵ Excluding the submissions of Belarus, Cyprus, Kazakhstan, Malta and Turkey.
