

**Report of the individual review of the annual submission of Lithuania
submitted in 2011**

Corrigendum

Note by the secretariat

A corrigendum to the report of the individual review of the annual submission of Lithuania submitted in 2011 that was published on 13 April 2012 and forwarded to the Compliance Committee on the same date is attached to the annex to this note.

Report of the individual review of the annual submission of Lithuania submitted in 2011*

Corrigendum

1. Table 3, columns headed “Revised estimates” and “Final”

The entries for Total Annex A sources *should read* 20 418 334

2. Paragraph 175

For the existing text *substitute*

175. In response to the list of potential problems and further questions raised by the ERT during the review week, Lithuania has revised its commitment period reserve as 102,091,669 tonnes CO₂ eq based on its most recently reviewed inventory (20,418.33 Gg CO₂ eq). The ERT agrees with this figure.

* In the symbol for this document, 2011 refers to the year in which the inventory was submitted, and not to the year of publication.
