

## **COMPLIANCE COMMITTEE**

CC/ERT/ASR/2008/24 23 June 2008

# Annual status report of the greenhouse gas inventory of Germany

Note by the secretariat

The annual status report of the greenhouse gas inventory of Germany was published on 23 June 2008. For purposes of rule 10, paragraph 2, of the Rules of procedure of the Compliance Committee (annex to decision 4/CMP.2), the report is considered received by the secretariat on the same date. This report, FCCC/ASR/2008/DEU, contained in the annex to this note, is being forwarded to the Compliance Committee in accordance with section VI, paragraph 3, of the annex to decision 27/CMP.1 and paragraph 49 of the annex to decision 22/CMP.1.

# Annual status report of the greenhouse gas inventory of Germany

1. This status report was prepared by the expert review team in accordance with decision 22/CMP.1 as part of the initial check of the greenhouse gas inventory submitted. It reflects the content of the inventory of 2008 as submitted by the Party.

2. In this report, the following abbreviations are used:

CRF: common reporting formatLULUCF: land use, land-use change and forestryKP-LULUCF CRF: tables for reporting activities under Article 3, paragraphs 3 and 4, of the Kyoto ProtocolNIR: national inventory reportSBDT: sectoral background data tables

Notation keys C: confidential IE: included elsewhere NA: not applicable NE: not estimated NO: not occurring Greenhouse gases CO<sub>2</sub>: carbon dioxide CH<sub>4</sub>: methane N<sub>2</sub>O: nitrous oxide HFCs: hydrofluorocarbons PFCs: perfluorocarbons SF<sub>6</sub>: sulphur hexafluoride NOx: nitrogen oxides CO: carbon monoxide NMVOCs: non-methane volatile organic compounds SO<sub>2</sub>: sulphur dioxide

Common	reporting format	Missing source category larger than 7 per cent for Annex A sources	No missii	ng source o	category la	urger	than	7 per cent	has been	identified.			

<sup>a</sup> CRF refers to the common reporting format tables included in document FCCC/SBSTA/2006/9.

<sup>b</sup> Additional information can be any information submitted by a Party in conjunction with the national inventory report (NIR) or CRF tables.

<sup>e</sup> Parties to the Kyoto Protocol are required to report anthropogenic greenhouse gas emissions by sources and removals by sinks from land use, land-use change and forestry activities under Article 3, paragraph 3, and, if any, elected activities under Article 3, paragraph 4, using the agreed common reporting format tables (decision 6/CMP.3). The reporting of KP-LULUCF CRF tables is voluntary until the 2010 submission.

<sup>d</sup> Parties to the Kyoto Protocol are required to include in their annual greenhouse gas inventories information on anthropogenic greenhouse gas emissions by sources and removals by sinks from land use, land-use change and forestry activities under Article 3, paragraph 3, and, if any, elected activities under Article 3, paragraph 4, in accordance with paragraphs 5–9 in the annex to decision 15/CMP.1. The reporting of this information is voluntary until the 2010 submission.

<sup>e</sup> A Party can choose 1990 or 1995 as its base year for the fluorinated gases in accordance with Article 3, paragraph 8, of the Kyoto Protocol.

<sup>a</sup> This column indicates that the Party uses a base year other than 1990 in accordance with decisions 9/CP.2 and 11/CP.4, and does not reflect the choice of a base year for the fluorinated gases.

<sup>b</sup> This column indicates that reporting gaps (blank cells) have been identified in a given table of the CRF, owing to limited use, or lack of, notation keys (NO, NE, NA, IE, C).

<sup>c</sup> Parties to the Kyoto Protocol are required to report anthropogenic greenhouse gas emissions by sources and removals by sinks from land use, land-use change and forestry activities under Article 3, paragraph 3, and, if any, elected activities under Article 3, paragraph 4, using the agreed common reporting format tables (decision 6/CMP.3). The reporting of KP-LULUCF CRF tables is voluntary until the 2010 submission.
