1.2. Summary of findings

Ref Nr	Summary of findings
P2.2.1	<p>1. The information on Kyoto Protocol units has been reported in accordance with section I.E of the annex to decision 15/CMP.1 and is accurate. The national registry continues to fulfil all requirements related to its reporting and accounting of information on Kyoto Protocol units, transaction procedures, conformance to the technical standards, public availability of information, security, data integrity, and recovery measures.</p> <p>2. Party has reported information on its accounting of Kyoto Protocol units in the required SEF tables, as required by decisions 15/CMP.1 and 14/CMP.1. The SIAR assessor reviewed the findings and recommendations included in the SIAR on the SEF and the SEF comparison report. The SIAR was forwarded to the ERT prior to the review, pursuant to decision 16/CP.10.</p> <p>3. Information on the accounting of Kyoto units has been prepared and reported in accordance with section I E of the annex to decision 15/CMP.1, and reported in accordance with decision 14/CMP.1 using the SEF tables.</p> <p>4. Party reported change in its national registry compared with the previous annual submission. The SIAR assessor concluded that the Party's national registry continues to perform the functions set out in the annex to decision 13/CMP.1 and the annex to decision 5/CMP.1, and continues to adhere to the technical standards for data exchange between registry systems in accordance with relevant CMP decisions.</p> <p>5. Checks with the SEF submitted in 2016 for 2105 showed that the data for 2012 is correct. As the CP1 SEF could not huave been prepared by data from the Union Registry, but had be prepared manually it can be justified that there is no problem with the registry of the Party.</p> <p>Nevertheless, it is recommended that the Party resubmits the SEF for CP1 units with corrected figures in Table 5c for year 2012.</p>
