

**Decision -/CP.10**

**Status of, and ways to enhance, implementation of the New Delhi work programme on Article 6 of the Convention**

*The Conference of the Parties,*

*Recalling* Article 6 of the Convention,

*Recalling also* its decision 11/CP.8,

*Noting* the report on progress achieved in implementing Article 6 of the Convention,<sup>1</sup>

*Reaffirming* that the level and nature of climate change outreach activities continue to be driven by national circumstances and capacities, and that many Parties not included in Annex I to the Convention still lack the institutional, financial and technical capacities to plan, coordinate and implement sustainable education, training and public awareness programmes,

*Reaffirming also* that regional, subregional and national workshops are valuable forums for sharing experiences and lessons learned,

*Recognizing* the need to enhance access to, and visibility of, opportunities provided by the Global Environment Facility for funding Article 6 activities,

*Having considered* the recommendations of the Subsidiary Body for Implementation at its twenty-first session,

1. *Recognizes* that:
  - (a) Some Parties have gained experience in planning and implementing Article 6 activities, assessing their specific needs and identifying major obstacles, and that many have already learned from their national experiences;
  - (b) In some developing country Parties, awareness by the public of climate change and its impacts is very low, and that much work needs to be done by Parties to overcome this situation;
  - (c) Some intergovernmental, non-governmental and community-based organizations, as well as the private and public sectors, are working actively to raise awareness about, and increase understanding of, the causes and impacts of climate change as well as on adaptation and mitigation actions;
  - (d) It is essential to share experiences and lessons learned, identify specific opportunities for international and regional cooperation, and build partnership with all sectors of the economy;
2. *Invites* Parties and international organizations in a position to do so to support regional, subregional and national workshops, and the development and implementation of the information network clearing house;
