UNITED NATIONS FRAMEWORK CONVENTION ON CLIMATE CHANGE

Dialogue on long-term cooperative action to address climate change by enhancing implementation of the Convention

Fourth workshop

Vienna, 27–31 August 2007

Dialogue working paper 7 (2007)

Schedule

Overarching and cross-cutting issues, including financing, and proposals for further actions, activities and approaches

Note by the secretariat

I. Introduction

1. This note contains the schedule for the fourth workshop under the dialogue on long-term cooperative action to address climate change by enhancing implementation of the Convention (the Dialogue). It should be read in conjunction with the scenario note by the Dialogue co-facilitators that is contained in Dialogue working paper 6 (2007).
2. The co-facilitators have identified the following key questions for the fourth workshop:
 - What are the required building blocks for long-term cooperative action to address climate change taking into account sustainable development goals and the ultimate objective of the Convention?
 - How can these building blocks be coherently integrated into an appropriate and effective international response to climate change? What steps need to be taken to achieve this?
 - How could the Conference of the Parties build on the progress made in the Dialogue and continue to develop an effective and appropriate international response to climate change?

Monday 27 August, 15.00–18.00

Building blocks for long-term cooperative action and their coherent integration into an appropriate and effective international response to climate change

- Opening
- Organizational matters
- Working papers submitted by Parties
- Questions and answers
- Views from other Parties and observers
- Questions and answers
- Discussion on the building blocks for long-term cooperative action and how they could be coherently integrated into an appropriate and effective international response to climate change

Tuesday 28 August, 10.00–13.00 and 15.00–18.00

Finance issues and their relation to the development of an appropriate and effective international response to climate change

- Introduction by the co-facilitators
- Presentation on key findings on investment and financial flows relevant to the development of an appropriate and effective international response to climate change¹
(*Mr. Yvo de Boer, UNFCCC Executive Secretary*)
- Questions and answers
- Presentations on investment and financial flows needed for mitigation and adaptation in 2030
(*Mr. Erik Haites and Mr. Joel Smith, Consultants*)
- Questions and answers

¹ See Dialogue working paper 8 (2007).

- Panel discussion focusing on what the findings imply for the development of an appropriate international response to address climate change

Panel members *(listed in alphabetical order)*:

Mr. Ian Burton (Independent Expert)

Mr. James Cameron (Climate Change Capital)

Mr. Ian Noble (World Bank)

Mr. Ernst Rauch (Munich Re)

Mr. Richard Samans (World Economic Forum)

Mr. Khalid Sheik (ABN AMRO)

- Interventions from Parties and discussion on how investment and finance could be addressed in the development of an appropriate and effective international response to address climate change

Wednesday 29 August, 10.00–13.00

- Introduction by the co-facilitators
- Exchange of views on next steps in the development of an effective and appropriate international response to climate change
- Any other business
- Closing
