6pm to 7pm, Plenary Baobab
Tuesday 6 December

Thank you very much Madam President

The Subsidiary Body for Implementation, having considered all items referred to it by the Conference of the Parties, completed its work on Saturday 3 December.

Madam President, the SBI has recommended two items to be brought to the attention of the COP and CMP President:

SBI agenda item 7: National adaptation plans

And, jointly with the SBSTA:

- **SBI agenda item 10:** Forum on the impact of the implementation of response measures

The SBSTA Chair and myself are consulting bilaterally and holding informal consultations with interested Parties to further discussions on issues as much as possible.
