

Development of a Work Program on Article 6 of the
UNFCCC: Education, Training and Public Awareness
Bonn, 2-3 June 2002

**Institutional Framework for Public
Participation and Awareness Raising in
Climate Change Process**

Dr Youba SOKONA

ENDA-TM

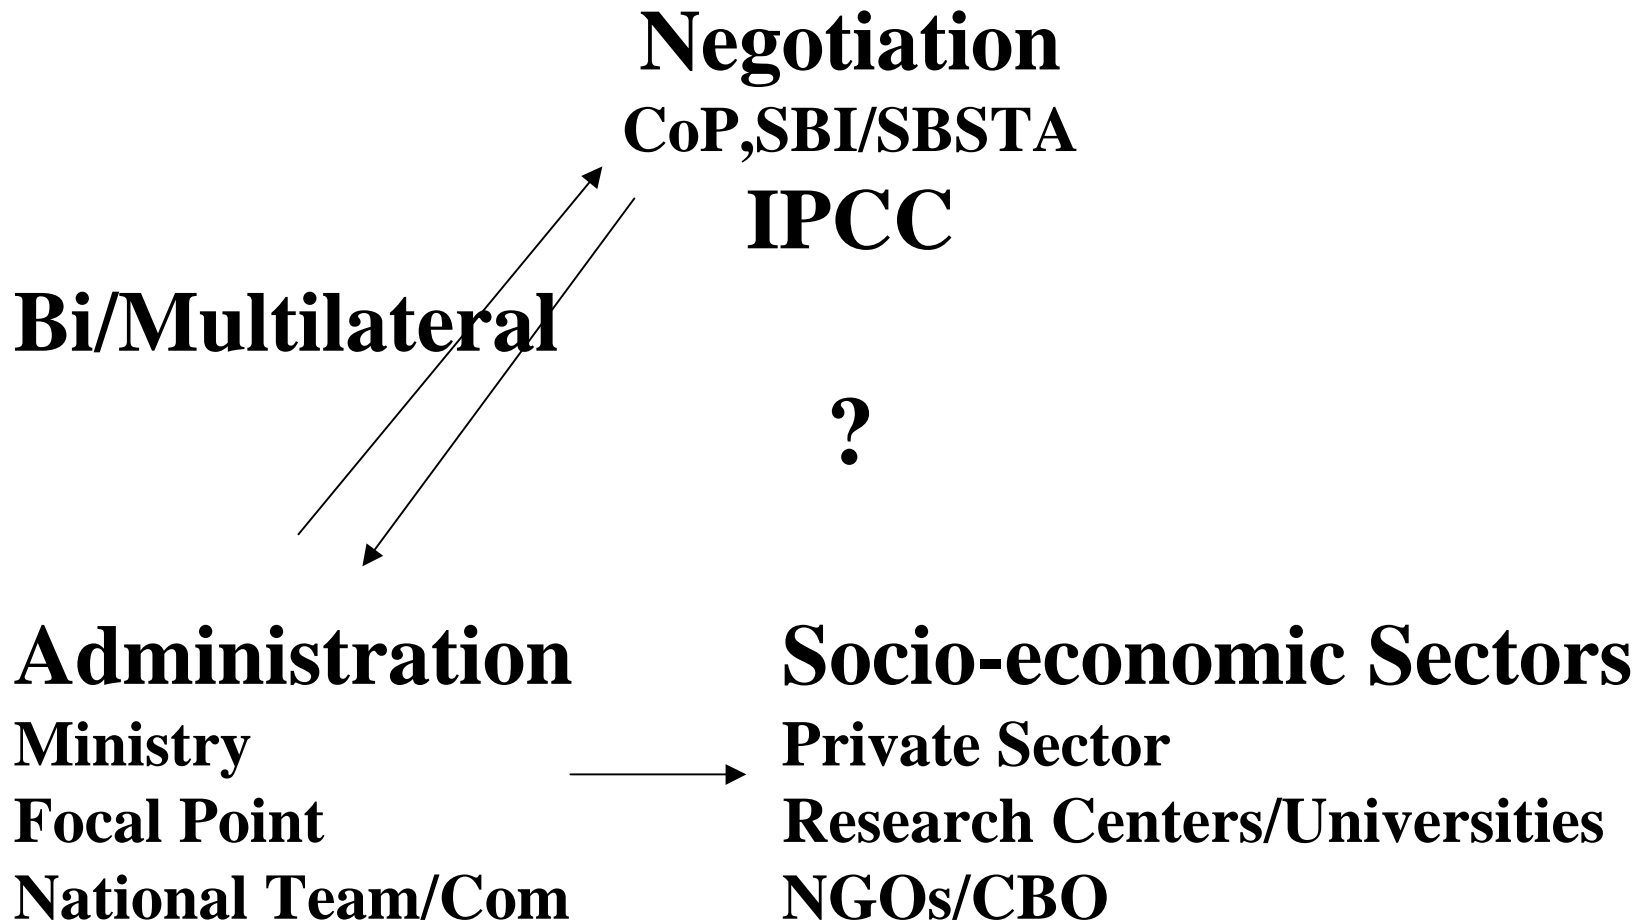

Climate Change

- **Is a Global Problem and Global Concern**
- **Requires a Global Response Involving Various Stakeholders**
- **Requires Long Term and Enduring Actions at Local, National, Regional and Global Levels**
- **Requires Specific Education, Training and Public Awareness**

Education, Training and Public Awareness

- **Scientific and Technical Dimensions**
- **Policy Dimensions**
- **Projects Dimensions**
- **Long Term and Adequate Resource**

CC Process Architecture

IMPLEMENTATION OF UNFCCC

- **Institutional (Prerogative of Department of Environment)**
- **Restricted to Had-hoc Approach Focusing on National Communication and hypothetic Projects Implementation**
- **National Approach with Limited Inter-linkages with Development Priorities**
- **Absence of Analytical and/or Prospective Works**
- **Absence of Real Informed Policy Debates**
- **Response to External Set Agenda**

IPCC Process

- **Working Groups**
- **Technical Papers**
- **Assessment Reports**
- **Summaries for Policy Makers**

Limits/Lessons

- **Implementation too Autonomous**
- **Limited Operational Links with Development Process/Priorities**
- **Implementation Depends on Donors**
- **Limited Bottom-up Process**
- **Limited Use of IPCC Reports/Papers**

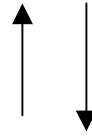

PERCEPTION OF CC ISSUES

- **Not Considered as a Key Priority**
- **Limited Awareness Among Key Stakeholders and Key Policy Makers**
- **Relatively Alien Concept in Comparison to Social, Economic and Political Matters**
- **Lack of Policy Dialogue on Climate Change Issues at National and Regional Levels**
- **Reactive Approaches**
- **Misunderstanding of CC Issues and Relation to Sustainable Development**

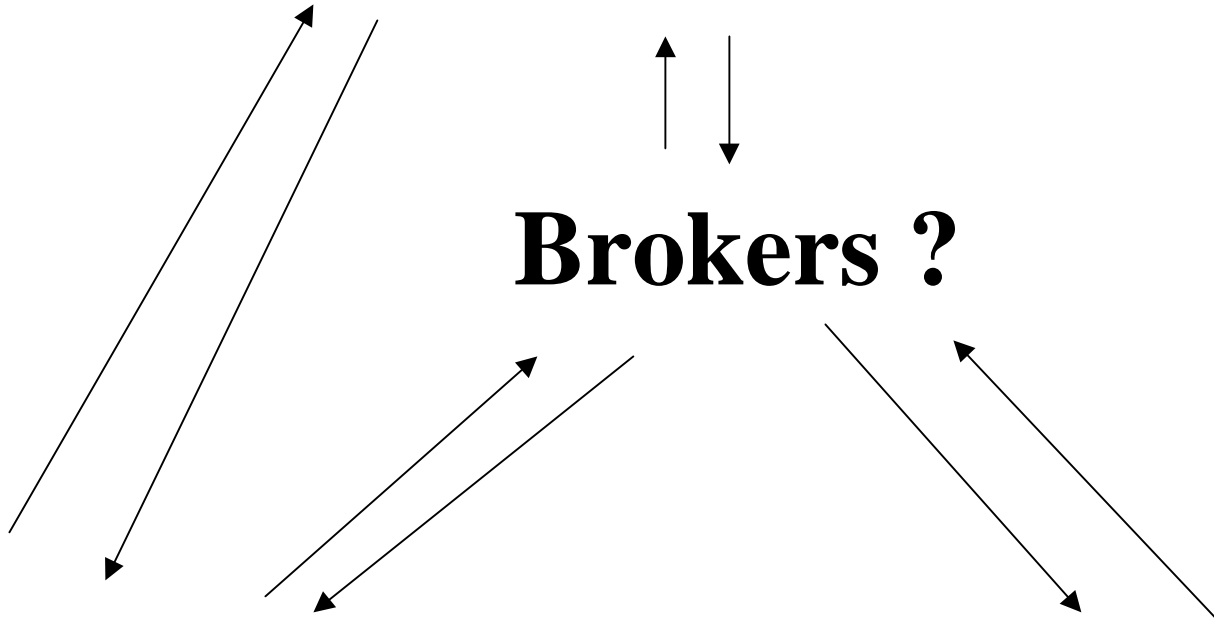

The Way Forward

- **Learn From Experience: ENERGY**
- **Institutional Arrangements and Role of Various Institutions (National & International)**
- **Build on Existing Institutional Infrastructure**
- **Decision Making Process/Actors**
- **Delinking Negotiation and Implementation**
