Developing countries working together to implement Paris Agreement: High-Level Forum on South-South Cooperation on Climate Change

**Monday, 14 November 9:00 – 17:40
China Pavilion, COP22**

WHAT: Developing countries are increasingly working together to address climate change and promote sustainable development. The High-Level Forum on South-South Cooperation on Climate Change at COP22 will highlight how enhanced South-South Cooperation can improve the capacity of developing countries to address climate change, implementation of the Paris Agreement on climate change and the achievement of the 2030 Agenda for Sustainable Development

The Forum aims to maintain momentum, promote new partnerships, and deepen collaboration among developing countries on climate-resilience and low-emission development.
