<sup>1</sup>The vehicle fleet for the years 1992–2011 was provided on the basis of the database of registered motor and trailer vehicles in the Republic of Slovenia collected by the Ministry of the Interior. No database exists on registered motor and trailer vehicles in the Republic of Slovenia for the years 1980–1991. Hence an estimate was made on the basis of the Statistical Yearbook. Since no national database on detailed COPERT 4 classification for heavy duty trucks and buses is available, we have used information and Worksheet (Matrix) for conversion COPERT III Heavy Duty Trucks and Buses classification into COPERT 4. That matrix was prepared and suggested by researches that developed COPERT methodology. It is published on COPERT web page <http://lat.eng.auth.gr/copert>.
