NAMAs for recognition

<u>Country</u>	<u>Title</u>	<u>Date Created</u>
Uruguay	LNG Terminal with regasification capacity of 10.000.000m3/d of natural gas with possible expansion to 15.000.000m3/d	10/14/2013
Uruguay	Promotion of renewable energy participation in the Uruguayan primary energy mix	10/14/2013
Chile	Clean Production Agreements in Chile	10/14/2013
Serbia	Construction of New Energy Efficient Buildings Based on Energy Efficiency Regulation in Serbia	10/14/2013

Support provided/received

<u>From</u>	<u>Title</u>	<u>To</u>	<u>Date Recorded</u>
Austria	Support for Activities related to sustainable Management of Forests	Adaptive Sustainable Forest Management in Borjomi-Bakuriani Forest District	05/21/2014

The screenshot shows the NAMA Registry website interface. At the top, there is a blue header with the UNFCCC logo and the text 'NAMA Registry'. Below the header is a navigation bar with 'UNFCCC', 'My Focus', a search bar containing 'Search this site...', and a user profile 'Claudio Forn...'. The main content area features a section titled 'NAMA Seeking Support for Implementation' with a dropdown menu. The menu items are: A Overview, B National Implementing entity, C Expected timeframe for the preparation of the mitigation action, D Currency, E Cost, F Support required for the implementation the mitigation action (highlighted), G Estimated emission reductions, H Other indicators, I Other relevant information, J Relevant National Policies strategies, plans and programmes and/or other mitigation action, and K Attachments. At the bottom right of the menu are 'Cancel' and 'Submit' buttons.

Screen shot

The screenshot shows the NAMA Registry website. At the top, there is a blue header with the UNFCCC logo and the text "NAMA Registry". Below the header is a black navigation bar containing "UNFCCC", "My Focus", a search bar with the placeholder "Search this site...", and the name "Claudio Fo". The main content area is titled "Information on Support Available" and contains a list of eight categories, each with a dropdown arrow: "A Source of Support", "B Organization channelling the resources", "C Currency", "D Support available", "E Types of action that may be supported", "F Process for the provision of support", "G Information on support", and "H Attachments". At the bottom right of this list are "Cancel" and "Submit" buttons.

Supported NAMAs

<u>From</u>	<u>Title</u>	<u>To</u>	<u>Date Recorded</u>
	Global Environment Facility (GEF) Trust Fund	Nationally Appropriate Mitigation Actions for low-carbon end-use sectors in Azerbaijan	06/04/2014
Austria	Support for Activities related to sustainable Management of Forests	Adaptive Sustainable Forest Management in Borjomi-Bakuriani Forest District	05/21/2014

- **Most of these statistics are as at 14 August 2014**
- **Further analysis is available in the annual report of the registry**

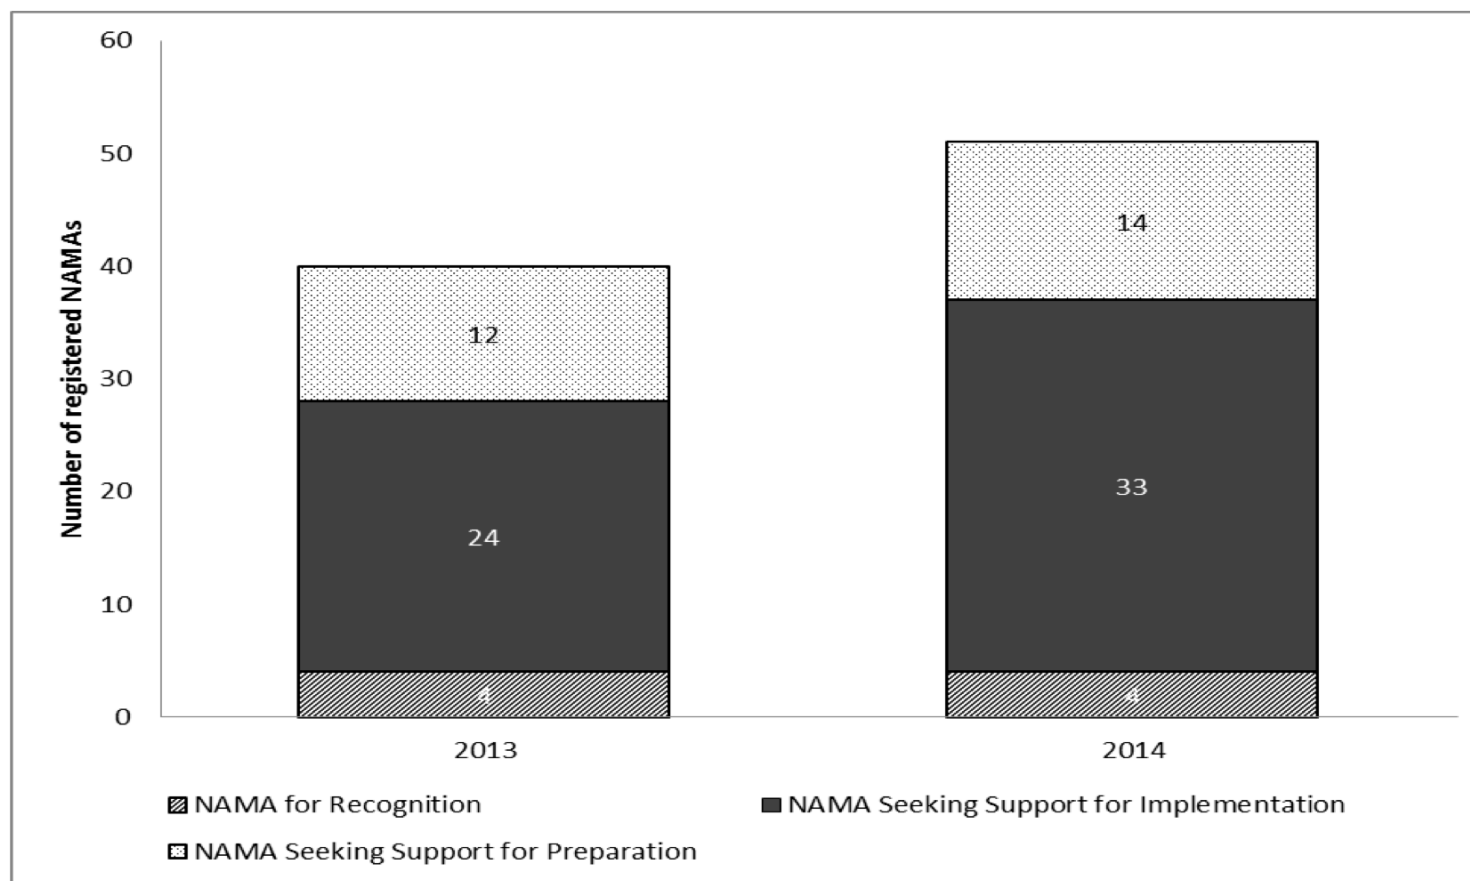

Overview of registry content in 2014: Summary of registry participation

Number of NAMA entries	71
Number of support entries	14
Matches	8

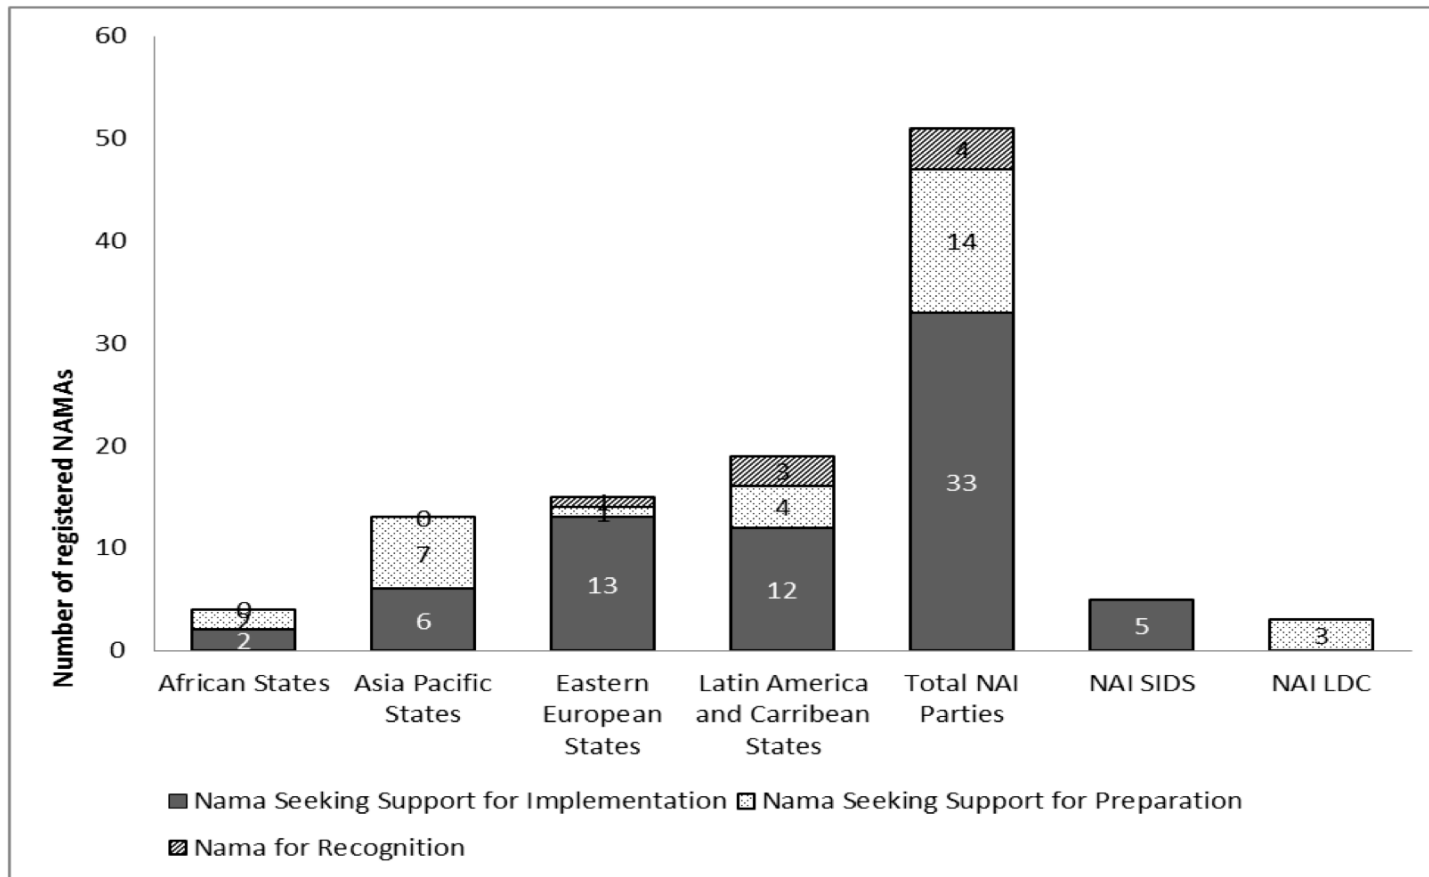

Overview of registry content in 2014: Characterization of NAMA entries by type

- The majority of NAMA entries are seeking support and the majority of these are seeking support for implementation

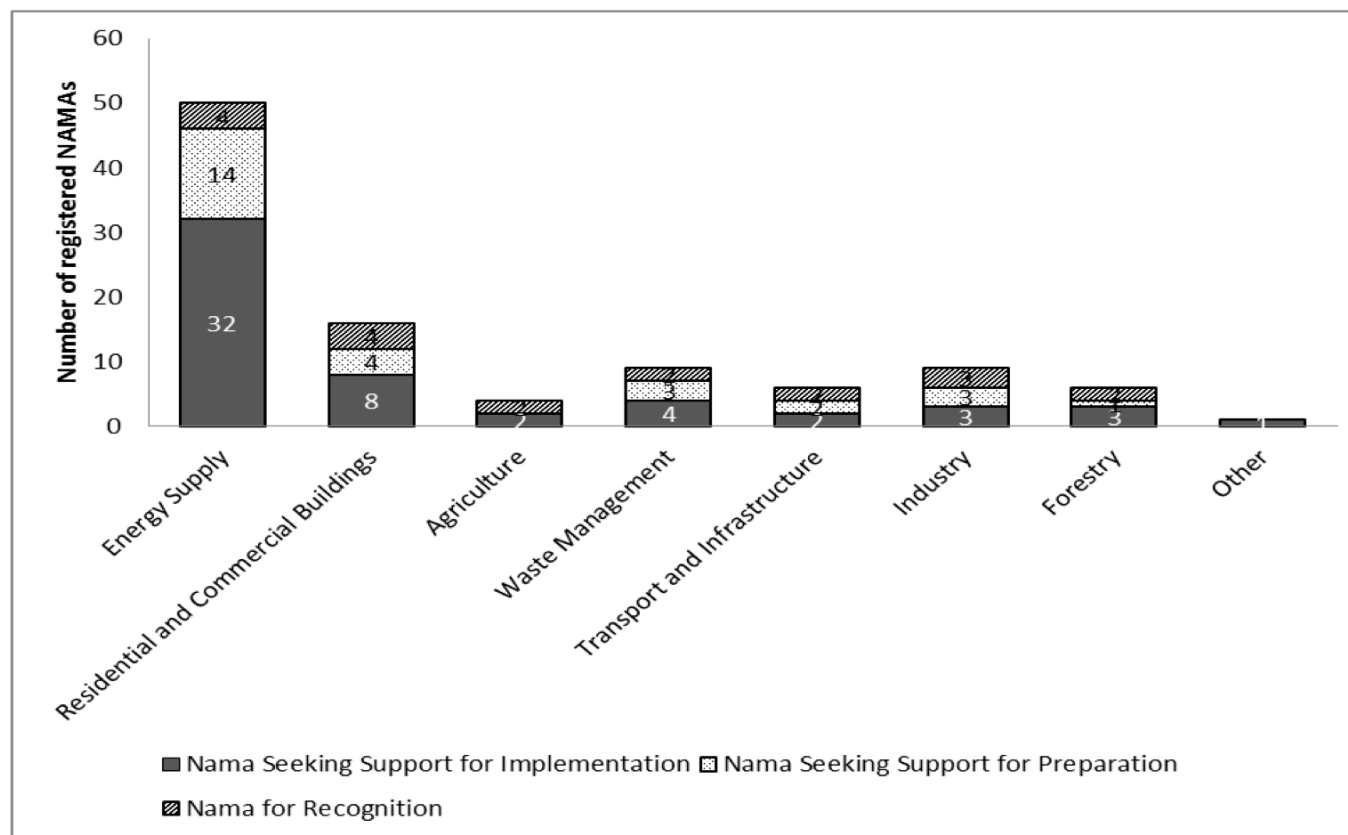

Regional distribution

- Most NAMAs come from Latin America and the Caribbean

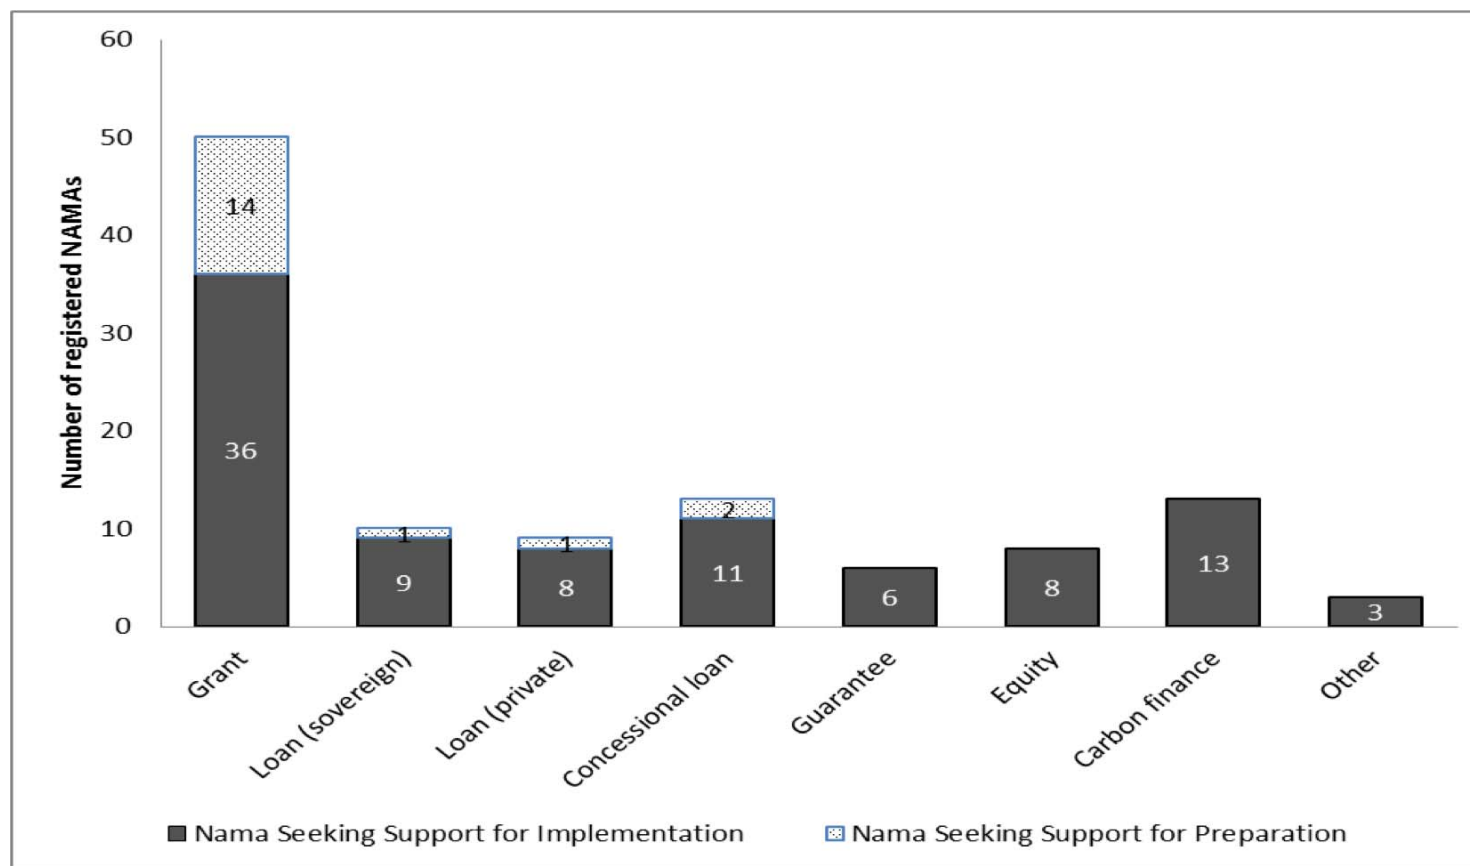

- The energy supply sector is the sector relevant to most NAMA entries

Overview of registry content in 2014: Type of financial support sought

- Grant funding is the type of financial support most commonly sought by NAMAs

Second annual report on registry operation:
