

# A paradigm of Zero Carbon Community Actions for all governments

(For developed, developing and under developed nations)  
A great Help for reaching easily Kyoto Protocol's target !!!

1. 70-100% Energy Cost Reduction (Self made wind Turbine & Solar Energy)
2. 95% Garbage Reduction (Recycle application)
3. Green Roofing (Organic food & self made dry compost)
4. Vegan Diet Programs

## 1. 70-100% Energy Cost Reduction (Self made wind & solar Energy)

## 2. 95% Garbage Reduction (Recycle application)

## 3. Green Roofing (20<sup>th</sup> fl)? (Organic food & self made dry Compost)

## 4. Vegan Diet Education Programs
