

CONSTITUTED BODIES CURRENTLY SUPPORTED BY THE UNFCCC SECRETARIAT

These bodies provide advice, technical input and expertise to advance the implementation of the Convention, the Kyoto Protocol and the Paris Agreement

United Nations
Framework Convention on
Climate Change

* Expert Group on Technology Transfer (EGTT) was established in 2001 and terminated in 2010

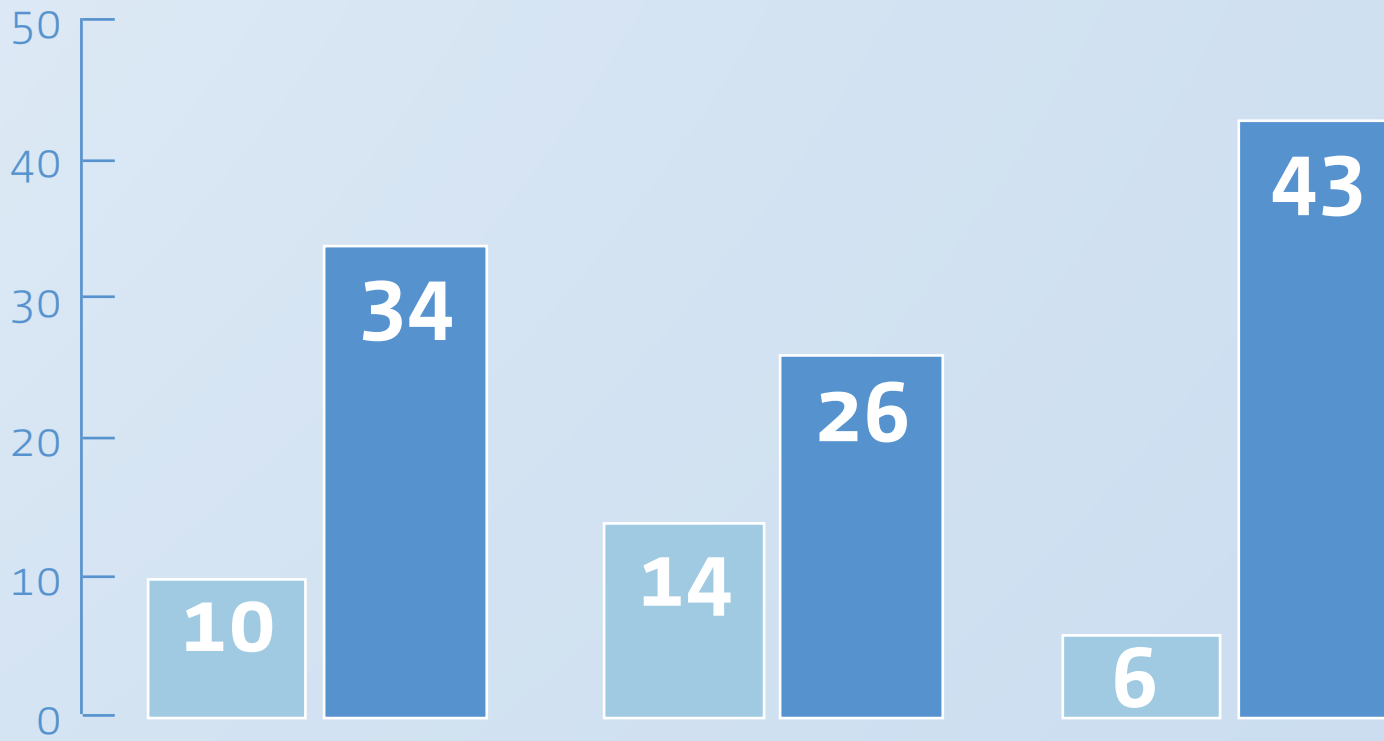

CONSTITUTED BODIES - SUPPORT BY THE SECRETARIAT

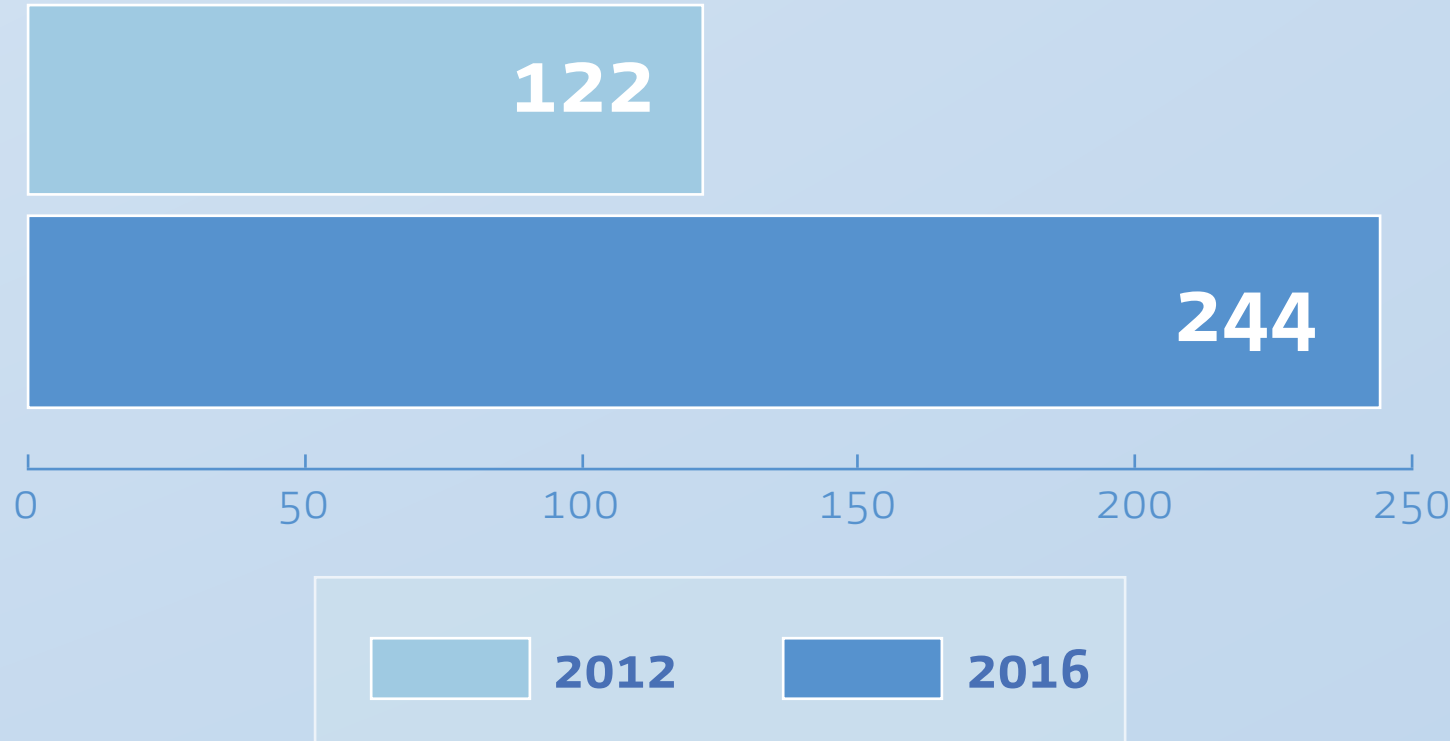

Support and services provided by the secretariat

Meeting, events, working groups of Convention bodies

Documents produced to support work of the Convention bodies

CONSTITUTED BODIES - SELECTED ACHIEVEMENTS

United Nations
Framework Convention on
Climate Change

LEG - NAP TECHNICAL GUIDELINES

Developed by the LEG, the NAP Technical Guidelines provide robust guidance for the process to formulate and implement National Adaptation Plans (NAPs), offering “best practice” for adaptation planning and implementation.

AC - DOCUMENTARY „ADAPTING TO A CHANGING CLIMATE“

Produced by the AC, the video documentary entitled “Adapting to a Changing Climate” highlights the need for action to adapt to climate change around the world and introduces viewers to the topic of climate change adaptation by weaving substantive examples of adaptation action. Subtitled versions have been made available in many other languages. The video is available for streaming on YouTube and received a Deauville Green award in 2015.
