

# CONSTITUTED BODIES CURRENTLY SUPPORTED BY THE UNFCCC SECRETARIAT

These bodies provide advice, technical input and expertise to advance the implementation of the Convention, the Kyoto Protocol and the Paris Agreement

United Nations  
Framework Convention on  
Climate Change

 Convention body  
 Kyoto Protocol body

1999  
Consultative Group of Experts on  
National communications from  
Non-Annex I Parties (CGE)

1

3

2001\*

LDC Expert Group (LEG)

CDM Executive Board (CDM-EB)

2005

Joint Implementation Supervisory  
Committee (JISC)

Compliance Committee (CC)

5

8

2010

Standing Committee on Finance (SCF)

Technology Executive Committee (TEC)

Adaptation Committee (AC)

2013

Executive Committee of the Warsaw International  
Mechanism for Loss and Damage (WIM ExCom)

9

10

2015

Paris Committee on Capacity Building (PCCB)

\* Expert Group on Technology Transfer (EGTT)  
was established in 2001 and terminated in 2010

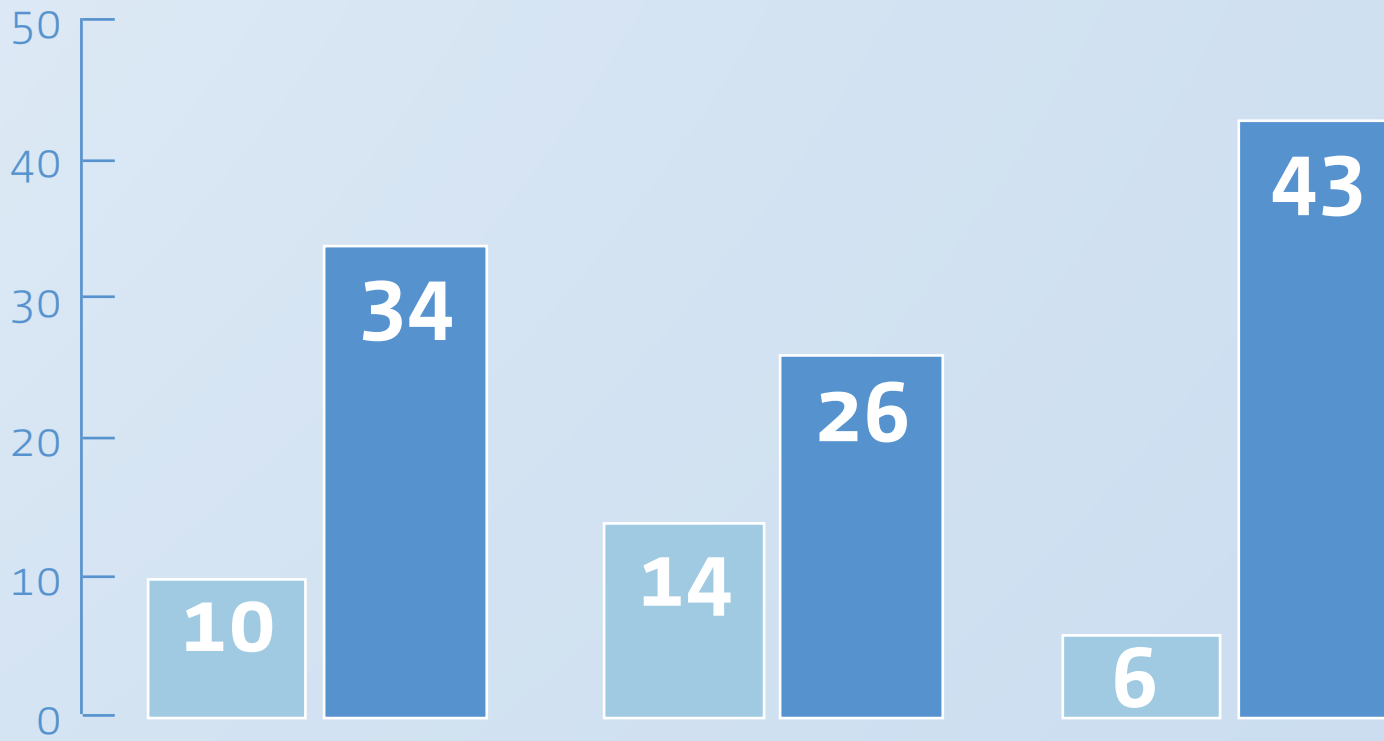

# CONSTITUTED BODIES - SUPPORT BY THE SECRETARIAT

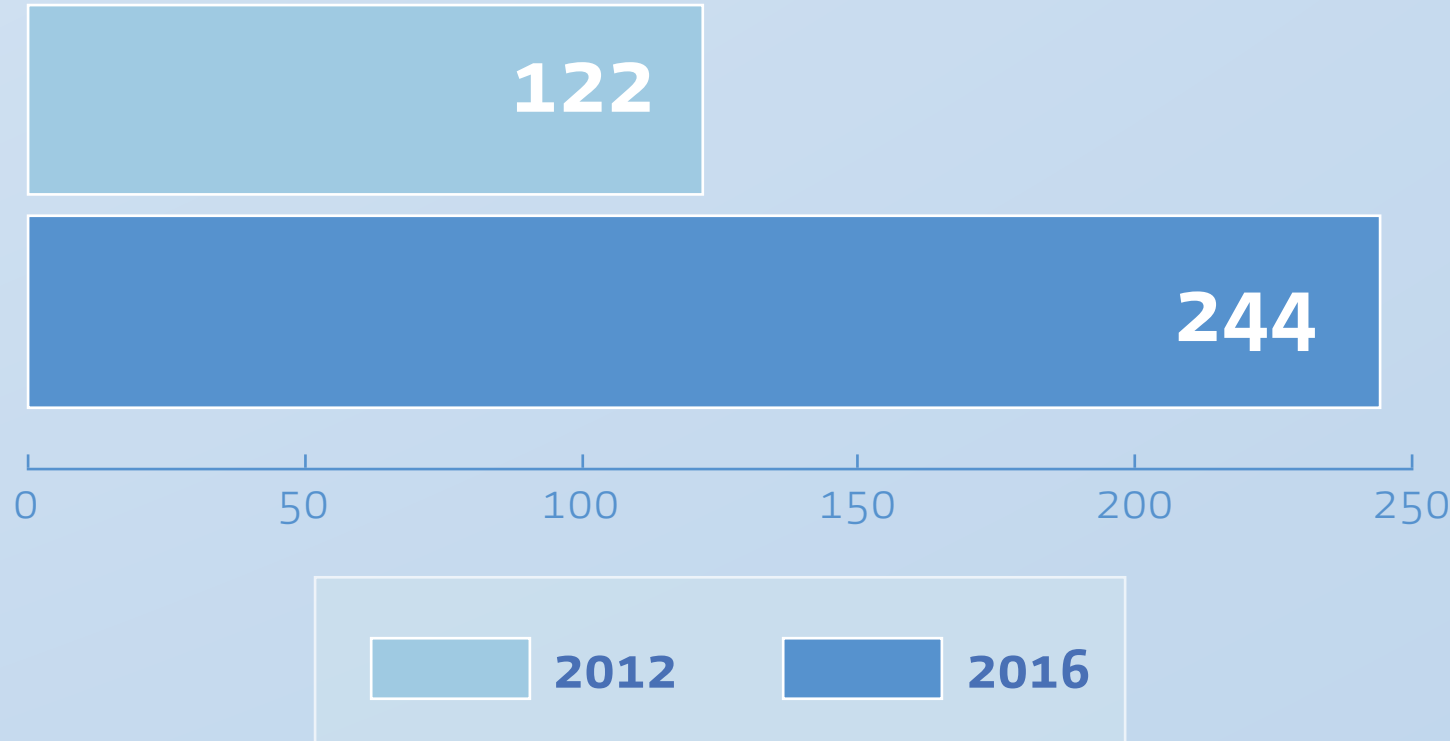

## Support and services provided by the secretariat

## Meeting, events, working groups of Convention bodies

## Documents produced to support work of the Convention bodies

# CONSTITUTED BODIES - SELECTED ACHIEVEMENTS

United Nations  
Framework Convention on  
Climate Change

## LEG - NAP TECHNICAL GUIDELINES

Developed by the LEG, the NAP Technical Guidelines provide robust guidance for the process to formulate and implement National Adaptation Plans (NAPs), offering “best practice” for adaptation planning and implementation.

More information: [unfccc.int/6110](https://unfccc.int/6110)

## SCF - BIENNIAL ASSESSMENT REPORT ON CLIMATE FINANCE

A landmark technical product delivered by the SCF, containing estimates of global total climate finance flows. The report has become authoritative references made in the COP decisions related to climate finance.

## AC - DOCUMENTARY „ADAPTING TO A CHANGING CLIMATE“

Produced by the AC, the video documentary entitled “Adapting to a Changing Climate” highlights the need for action to adapt to climate change around the world and introduces viewers to the topic of climate change adaptation by weaving substantive examples of adaptation action. Subtitled versions have been made available in many other languages. The video is available for streaming on YouTube and received a Deauville Green award in 2015.

## TEC - TEC BRIEFS

A signature product of the TEC, the policy briefs provides policy makers and other stakeholders with key findings on technology topics including on: Technology needs assessments, climate technology financing, Distributed Renewable Energy Generation, adaptation technologies in Agriculture and Water sectors, National systems of innovation, and Technology roadmap.

## WIM EXCOM – AWARENESS RAISING

The ExCom used interactive interviews, a photo-shooting of more than 65 individuals and groups telling their stories of ‘What does non-economic loss mean to me?’ to raise awareness of the issue, and the online tool slide to promote interaction during its side event.

## CGE - BUILDING CAPACITY OF COUNTRIES IN REPORTING

The CGE helps non-Annex I countries to meet their reporting commitments under the Convention through regional hands-on training workshops, development and dissemination of e-learning courses, and webinars.
