

The background is a vibrant green with a pattern of stylized leaves and circular bokeh effects. The leaves are in various shades of green, some darker and some lighter, creating a sense of depth. The bokeh consists of soft, out-of-focus circles in shades of green and yellow, scattered across the background. The overall effect is fresh and natural.

**Green List of official side events  
and exhibits**

at UNFCCC SB 44

May 2016 Bonn, Germany

With a view to reinforcing the greening of the UNFCCC SB 44 in Bonn, the organizers of all official side events and exhibits were strongly encouraged by the UNFCCC secretariat to disseminate their materials through electronic means only.

In order to track the sustainability level of each side event and exhibit, a 3-level rating was introduced:

- ❖ **green** electronic dissemination of materials only
- ❖ **orange** limited number of printed materials combined with electronic dissemination
- ❖ **red** a lot of leftover printed materials

Thanks to the exemplary commitment and cooperation of many side event organizers and exhibitors, **39 side events** (44 % of the total of 88) and **12 exhibits** (43 % of the total of 28) were rated **green\***. Only those side events and exhibits have been included in this list. In addition, those **green** side events and exhibits for which electronic materials have been also disseminated through the UNFCCC website are highlighted with additional special ‘badges’ (see the legend below):

-  100% electronic dissemination of materials
-  Uploading of side event materials on [the UNFCCC website](#)

The **green** side events and exhibits are listed in alphabetical order according to the name of the lead organizer (in bold), which is followed by the co-organizer(s) name(s). The **green** side events organized by UN and related organizations, including UNFCCC, are listed on a separate page at the end of the side events list.

\* The evaluation of the sustainability level of each side event was implemented by side events liaison staff onsite. If you have any question or remark about the rating, please contact [see@unfccc.int](mailto:see@unfccc.int).

## Organizers

**Association Actions Vitales Pour Le Developpement Durable (AVD)**

**Center for Climate and Energy Solutions (C2ES)**

**Climate Action Network Canada (CAN-Rac)**

Christian Aid (CA)

Earth Island Institute, Inc. (EII)

**Climate Action Network International (CAN International)**

Climate Justice Program (ACJP)

**Climate Alliance (Klima-Bündnis)**

Climate Alliance Austria (CAA)

**COBASE, Cooperativa Tecnico Scientifica di Base (ECOSOC)**

Gherush92 Committee for Human Rights (Gherush92)

**Coordinating Body of Indigenous Organizations of the Amazon Basin (COICA)**

**Deutsche Gesellschaft fuer Internationale Zusammenarbeit (GIZ)**

## Side event title

*After Paris: strengthening the role of young people in implementing the INDCs at national level*

*Learning from UNFCCC Transparency Experience: Perspectives of Parties and Expert Reviewers*

*Unfinished Work: The Post-Paris work program on Equity, Differentiation & 2018 Facilitative Dialogue*

*Addressing Loss and Damage post Paris world*

*From pledges to action – Different levels of governments working together*

*Discussion Electrical Urban Areas. Principles, guidelines, indicator to combat CC. Project elements*

*Dialogue between states and indigenous people from the Amazon on mitigation and adaptation*

*Mobilizing Investments for NDC Implementation – the Role of Technical Assistance*

**Environmental Defense Fund (EDF)**
