

Support for the Electro-Mobility Declaration and Call to Action
December 2015

Industry Pledge COP21 to Achieve Electro-mobility Goals

Geographical coverage: Global

Summary: As industry leaders, we pledge to match political commitments made, at Paris COP21 or other occasions, for ambitious growth in electro-mobility and the further roll out of electric vehicles. Building on the substantial resources we have already committed towards R&D, manufacturing and the deployment of such technologies, we will continue to support efforts towards mitigating climate change.

Time-frame: Start COP21; No known end date.

Reporting: TBD; aiming for inclusion in an existing platform

Lead or sponsoring Entity(s): AVERE

Partners: Bosch, BYD, ChargePoint, Goupil, Mahindra REVA, Proterra, Renault-Nissan Alliance, Tesla, UQM, Zotye Auto (As of 29 November 2015)

Contact: Bert Witkamp, Secretary General AVERE; bert.witkamp@avere.org
