

Energy efficiency (EE) in urban environments

18:30 – 20:00 on Friday 20 May 2016

Version of 19 May 2016

Provisional programme

TEM follow up Facilitator – Mr. John M. Christensen, United Nations Environment Programme (UNEP/SE4ALL)

18:30 – 20:00

The objectives of the TEM follow up dialogues are to:

- *Provide a platform for relevant organizations/initiatives to: show how they have assisted Parties in implementing identified policy options and/or supported relevant partnerships and initiatives; and share their views on what have changed after the Paris agreement;*
- *Provide a space for Parties to discuss how they envision the continued engagement of these organizations in the TEP process, with a view to maximize the added value of their ongoing efforts.*

5 min	Opening by the facilitator
30 min	Brief presentations from the discussants: <ul style="list-style-type: none">- Climate Technology Centre and Network;- International Energy Agency;- Green Climate Fund;- Transformative Actions Programme by ICLEI Local Governments for Sustainability;- Global EE Accelerator Platform (SE4ALL);- United for Efficiency (UNEP).
