Statements under COP agenda item 9 and COP/MOP agenda item 15

The list below is the revised list of speakers who wish to deliver a policy statement under COP agenda item 9 and COP/MOP agenda item 15.

All speakers are reminded to be present in the plenary at least ten minutes (or two speakers) prior to their presentation. They will be escorted by an usher during the presentation of the previous speaker from the seat of their delegation to a reserved chair close to the podium. Should a speaker not be present at his/her delegation's seat at the appropriate time, a slot may be assigned at the end of the day's proceedings (upon request of the delegation).

Delegates are reminded that statements during the high-level segment should not exceed three minutes. **Allocated time in the list below is indicative only and may be subject to variation if statements exceed the time limit.** Parties are encouraged to consider consolidating individual statements into one statement made on behalf of a group of Parties, in which case a time limit of five minutes will apply. Given the large number of statements, we kindly suggest that statements be as brief and concise as possible, with full texts available for distribution (see below for the quantities required). If Parties do not wish to speak but would prefer only to have their statements circulated, the secretariat will make arrangements to distribute the copies and enter the statement in the records of the Conference.

During the high-level segment, any last-minute changes in the name and rank of the speaker previously communicated to the secretariat should be provided to Ms. Dianiah Trought-Dederich directly in Plenary 1, 517 C, so that the speaker's list can be corrected accordingly.

Parties are kindly requested to note that the secretariat is not in a position to accommodate individual requests for changes in a Party's speaking slot. Parties wishing to make a change should arrange to exchange slots with another Party, and jointly notify the secretariat of the agreement that has been reached.

All Parties are kindly requested to provide the Conference Officer with 20 copies of their statements in advance to meet the needs of the interpreters and the Conference records. Parties wishing to have their statements distributed during the plenary meeting are requested to provide 300 copies. These copies may be delivered to the Conference Officer's table.

Special announcements

Welcome coffee for Ministers and heads of delegation

The President of COP 11, His Excellency Mr. Stéphane Dion, is hosting a welcome coffee (by invitation only) in Room 710 D on Level 7 at the Palais des congrès from 9 a.m. to 9.45 a.m. Invitations have been distributed.

Dinner reception for Ministers and heads of delegation

The Prime Minister of Canada, the Right Honourable Mr. Paul Martin and Mrs. Sheila Martin, are hosting a dinner reception in the Grand Hall at Gare Windsor (by invitation only) at 6.30 p.m. for 7.30 p.m. Invitations have been distributed.

Climate Change Kiosk

Located in the exhibit area on Level 2, the Climate Change Kiosk (CCKIOSK) is staffed daily between 9 a.m. and 7 p.m. The Climate Change Kiosk's primary goal is to provide information about the climate change process and the secretariat.

Michael Martin@ the Kiosk. Today at 6.15 p.m.

Through the prism of words and photographs, participants can take a round-the-world tour to better understand the people and ecosystems that are threatened by climate change, desertification and loss of biodiversity.

Welcome by Ms. Sharon Taylor, UNFCCC and Mr. James Ramsey, the project's sponsor Responding to Climate Change, and Mr. Georges Handerson, Ministre du développement durable, Polynésie française and Mr. Salvador Milà, Minister of the Environment and Housing, Catalonia.

Special statement by Mr. Arba Diallo, Executive Secretary, United Nations Convention to Combat Desertification on behalf of the "Rio Conventions" followed by an "illuminated" talk on The Deserts of the World by the well-known German photographer Mr. Michael Martin.

Refreshments will be served.

Rio conventions at the Kiosk

A special feature at this conference is the three "pillars of action" displaying publications from the other Rio conventions, the Convention on Biological Diversity (CBD) and the United Nations Convention to Combat Desertification (UNCCD).

Rio conventions calendar

Participants are invited to pick up their copy of the 2006 CBD/UNCCD/UNFCCC calendar. This year's joint calendar takes into account the 2006 International Year of Deserts and Desertification (IYDD) of UNCCD and attempts to show some of the vulnerability of people and ecosystems in arid and semi-arid areas as well as elsewhere in North America, Latin America, Asia, Africa and Australia.

- Key GHG data** “Key GHG Data” is the first UNFCCC publication to cover all greenhouse gas data officially submitted by developed and developing Parties under the UNFCCC. This new publication includes greenhouse gas data from 40 developed countries and 121 developing countries, presented in a reader-friendly format.
- Climate Talk Series** The Climate Talk Series at the Kiosk is a theme-based series of 15-minute presentations by intergovernmental organizations, NGOs, business, industry and Governments. The theme at this conference is “Time for action”. Invited speakers share examples of climate action at the individual, organizational, local, municipal and other levels. A full list is available from the Kiosk or via the [online schedule](#).
- New CD-ROMs** The CD-ROMs on "Materials for the hands-on training workshops of the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention" are now available at the Kiosk.

Announcements

- Entrances to the Palais des congrès** Please note that the conference centre is accessible via two entrances: one from the Atrium on the Ground Floor and the other from Hall Viger on Level 2 (facing the Complexe Guy-Favreau). Participants are encouraged to use both entrances in order to gain rapid access to the facilities.
- Access to computer facilities for participants** With the number of participants reaching record levels, our computer centre resources are now stretched to maximum. Participants using **PCs** are asked to limit their use of this equipment to 30 minutes during peak hours in order to allow others to have access.
- Laptop users needing RJ45 network connections** should also bear in mind the suggested 30 minute limit. **Laptop users having wireless access** should note that most public areas in the Palais des Congrès have WiFi access and power connections. Should the laptop area of the computer centre be full, seating areas on levels 2 and 5 may also be used to connect to the Internet.
- Credentials** Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs. Delegations are kindly requested to forward the corresponding letter of credentials to the secretariat in the Conference Affairs office in room 445 on Level 4 (Ms. Dianiah Trought-Dederich).

Take it Back booth	A Take-it-Back booth has been organized by Environment Canada to reduce the amount of waste produced during the sessions. Any documentation that visitors pick up during an event, which is no longer needed, may be returned to the Take-it-Back booth on Level 2, near the Document Distribution counter. The documents will either be returned to the booths they originated from or recycled. The staff of the booth will also be collecting ID tags and name holders for recycling/re-use. Canada demonstrates that environmental conservation and protection measures are included in its hosting of domestic and international meetings.
...inSide climate change publications counter	Participants wishing to distribute documents should contact staff at the ...inSide climate change publications counter on Level 2 or the NGO liaison offices on Level 4..
Information for participants	<p>A booklet on the facilities available at the conference venue, entitled “Information for participants” is available from the Information desk in Hall Viger on Level 2 and also on the UNFCCC COP 11 web site.</p> <p>A “Handbook for delegates” , which also includes information on Canada, Montreal, hotels, and rental of office space and equipment, is likewise available from Hall Viger.</p>
Security	Participants should ensure that they wear their conference badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience at times, but it is expected that participants will understand the need for such arrangements.
Lost and found items	Participants are reminded not to leave personal belongings in meeting rooms. The Security office, located in the Atrium, adjacent to the Accreditation area and the escalator to the upper floors, is responsible for lost and found items.
Meditation room	A room for meditation and prayer is available to participants on Level 5, between Plenary II and the meeting rooms. The key to this room is available from the Information desk on Level 2.
Pigeonholes for delegates	Pigeonholes for the distribution of official documents and messages, which delegates are kindly requested to check at regular intervals, are located next to the Documents counter on Level 2. Participants are requested to refrain from distributing non-official material via the pigeonholes.

Facilities for non-governmental organizations

Offices for the business and industry organizations (BINGOs), environmental groups (ENGOS), the local NGO (Équiterre) and the Indigenous Peoples Organizations (IPOs) are located on Level 2. Contact information is provided below:

Carbon neutral conference strategy and offset of computer -generated emissions

The United Nations Conference on Climate Change is a carbon neutral event. As part of the carbon neutral strategy for the event, more than 2,300 media and delegates at the conference are receiving enough wind power to offset the greenhouse gas emissions from the energy used by their laptop computers for one full year. To pick up your wind energy sticker certificate, please visit the Take Back Booth located on the second floor.

“Kyoto-Meter”

WWF invites ministers on 7 and 8 December to try the “Kyoto-Meter”. This is similar to a fairground strength-o-meter, where participants use a hammer to send the jack higher to ring the bell. In WWF's "Kyoto-Meter" any type of hit will result in a conservation win. The meter will show participants saving fish, glaciers and polar bears from the harmful effects of climate change.

Ice sculptures, featuring an Inuit warrior and a seal, can be viewed outside Hall Viger.

Organized by Inuit Tapiriit Kanatami and the Inuit Circumpolar Conference.

Outside exhibits

A series of exhibits by environmental NGOs may be viewed in front of the Palais des congrès on Place Riopelle. These include artistic displays relating to climate change from organizations such as Greenpeace, Équiterre and Friends of the Earth.

Climate mosaic

Friends of the Earth International will display a 50-metre long multi-coloured climate mosaic with messages from around the world. The mosaic is on display in Square Riopelle, Rue St. Pierre. It includes a daily changing message to negotiators.
