**SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE**  
**Twenty-second session**  
**Bonn, 19–27 May 2005**

**Agenda item 5 (b)**

**Methodological issues**

**Implications of the implementation of project activities under the clean development mechanism, referred to in decision 12/CP.10, for the achievement of objectives of other environmental conventions and protocols**

## **Implications of the implementation of project activities under the clean development mechanism referred to in decision 12/CP.10**

### **Draft conclusions proposed by the Chair**

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) took note of the information contained in the technical paper prepared by the secretariat on “Issues arising from the implementation of potential project activities under the clean development mechanism: the case of incineration of HFC-23 waste streams from HCFC-22 production” (FCCC/TP/2005/1).
2. The SBSTA invited Parties and admitted observers and relevant intergovernmental organizations to submit to the secretariat, by 5 August 2005, their inputs on:
  - (a) Implications of the establishment, under the clean development mechanism, of new hydrochlorofluorocarbon-22 (HCFC-22) facilities seeking to obtain certified emissions reductions for the destruction of hydrofluorocarbon-23 (HFC-23) for the achievement of the objective of the Montreal Protocol on Substances that Deplete the Ozone Layer, taking into account the principles established in Article 3, paragraph 1, and the definitions in Article 1, paragraph 5, of the Convention
  - (b) Means to address such implications.
3. The SBSTA requested the secretariat:
  - (a) To compile submissions from Parties into a miscellaneous document for consideration by the SBSTA at its twenty-third session (December 2005);
  - (b) To prepare an information document, based on submissions by Parties and inputs by the Executive Board of the clean development mechanism, laying out options relating to paragraph 2 above as identified in these submissions and inputs, for consideration by the SBSTA at its twenty-third session.

4. The SBSTA agreed to consider at its twenty-third session the submissions by Parties and the information document to be prepared by the secretariat with a view to preparing a draft decision on this matter for adoption by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol at its first session.
