Solar taxi

Five months after a pioneering world tour from Switzerland to Bali a taxi, exclusively powered by solar energy, has arrived at the United Nations Climate Change Conference. The solar taxi is now offering participants in the conference a shuttle service from the Westin Resort within the Nusa Dua area. For a unique experience in a climate-friendly vehicle, contact Louis at <solartaxi@gmail.com>.

Shuttle service

A shuttle service between the Bali International Convention Centre (BICC) and the Grand Hyatt Hotel (GH) is available to participants. The schedule will vary during the conference. Participants are therefore requested to review this information each day.

To reach the shuttles, exit the BICC just before the connecting corridor on the ground floor to the Westin. The shuttle will traverse directly between the two points without stopping.

Today’s shuttle runs every 20–30 minutes, from 9.45 to 22.15 hours (except for a one-hour break from 11.00 to 12.00 hours).

Exhibitors

The sessions are attracting a large number of participants, who need space to move freely around the conference venue. Exhibitors are requested to ensure that they do not exceed their allotted space. If your back panel or counter is not needed, please let the Observer Liaison team know. You may contact Mr. Virgile Vasseur in the Observer Liaison office in the BICC.
