Announcements

Information from the Convention on Biological Diversity (CBD) to the UNFCCC Delegates may wish to note that copies of the draft findings of CBD's first meeting of the Ad Hoc Technical Expert Group on Biodiversity and Climate Change will be made available by the secretariat via the pigeonholes of delegations.

Credentials "Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs." Delegations are kindly requested to present the corresponding letters of credentials to the External Relations team in the Conference Affairs office, located in Hall 15B.

Delegation nameplates Delegates are kindly requested not to remove country nameplates from the meeting rooms. The secretariat is unable to replace these at short notice and this can lead to serious disruptions at meetings.

Pigeonholes for delegates Pigeonholes for the distribution of official documents and messages, which delegates are kindly requested to check at regular intervals, are located in Hall 15B. Participants are requested to refrain from distributing non-official material via the pigeonholes.

Video conference facilities available in the COP 14 venue A video conference service will be in operation throughout the conference, on a commercial basis. The service may be used by all participants to conduct video conferences with others anywhere in the world. The video conference service uses standard ISDN or Internet IP connections and will connect to similar equipment. Technical information and booking forms are available from the UNFCCC COP 14 website, under "[Services to participants](#)".

Please contact Ms. Monika Stepien at +48 61 869 28 91 or by e-mail at: <cop14@mtp.pl>.

Paint for the Planet exhibit "Paint for the Planet" is a UNEP exhibit of children's art that launched the United Nations campaign "UNite to Combat Climate Change" in New York in October 2008. The paintings are drawn from the UNEP International Children's Painting Competition and showcase children's fears and hopes for the planet. The paintings are on show in the central corridor between Hall 15 and Halls 7/8. The exhibit's theme is also captured in the "UNite to Combat Climate Change" banner hanging above the Climate Change Kiosk.

Webcasts of the sessions	<p>For the duration of the conference, all official meetings and press conferences will be available live and on demand, with English or floor audio streams. On-demand files will be available shortly after the close of each meeting.</p> <p>A selection of side-events will be available on demand in floor languages. Please check the UNFCCC website for the date and time of webcast sessions at <unfccc.int>.</p>
Internet services for participants	<p>Free Internet access in the PlugNplay zone All participants are invited to take advantage of the free Internet (PlugNplay) service throughout the Conference facility. These services are available in two categories as described below; in either case you do not have to make any changes to settings.</p> <p>Open network (RJ45) sockets available on the tables located in the Media and Computer Centres Simply plug the cable into the network port on your laptop. If you need a cable, please request one from the computer support staff located in the respective support areas. Look out for staff wearing blue T-shirts with the COP 14 logo.</p> <p>WiFi (Wireless) network services available throughout the Conference facility. The Wireless network is identified by the service: PlugNplay and PlugNplayVPN (for those needing VPN services).</p> <p><u>Note of caution:</u> The PlugNplay network is open, with no security protection or restrictions. To remain safe, all participants are advised to use appropriate ANTIVIRUS and PERSONAL FIREWALL software and to follow IT security best practice.</p>
Security	<p>Participants should ensure that they wear their conference badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience at times, but it is expected that participants will understand the need for such arrangements.</p>
Lost and found items	<p>Participants are reminded not to leave personal belongings in meeting rooms. Documents left in meeting rooms and on unattended desks will be removed. The Security office, located in Hall 15A, is responsible for lost and found items.</p>
Information for participants	<p>A booklet on the facilities available at the conference venue, entitled “Information for participants” is available from the Information desk in Hall 15B and also on the COP 14 website.</p>
...inSide climate change publications counter	<p>Participants wishing to distribute documents should contact staff of the Observer Organizations Liaison team on the third floor of Hall 14B. The ...inSide climate change publications counter is located in Hall 15B. Posters and flyers relating to side events may be affixed to the Poster boards available at prominent locations around the conference venue.</p>
Meditation room	<p>A room for meditation and prayer is available to participants on demand. Please contact staff at the Information desk in Hall 15B.</p>
Facilities for non-governmental organizations	<p>Offices for the business and industry organizations (BINGOs), environmental groups (ENGOS), indigenous peoples organizations (IPOS), local government and municipal authorities (LGMAs), research and independent NGOs (RINGOs), and the trade union NGOs (TUNGOs) are located in Hall 14B on the first floor.</p>

Events

For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure "**...inSide climate change**", available from the Information desk and the Documents distribution counter, or visit the UNFCCC [website](#). The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.

UNFCCC and related events

13.00– 15.00	<p>UNFCCC event on the LEG/NAPA</p> <p>This event will provide an update on the work of the Least Developed Countries Expert Group (LEG) and the status of implementation of national adaptation programmes of action (NAPAs) and will highlight results of collaborating institutions.</p>	<p>UNFCCC Ms. Marie-Therese Diouf mdiouf-sperling@unfccc.int +49 228 815 1128</p>	Wild Boar
13.00– 15.00	<p>Joint Implementation – question and answer session and experience and challenges ahead</p> <p>The Joint Implementation Supervisory Committee (JISC) will explain its work programme and the progress made, and answer questions from the audience. The JISC and the UNFCCC secretariat will describe the experience with joint implementation so far and highlight the challenges ahead.</p>	<p>UNFCCC Ms. Michaela Koch mkoch@unfccc.int +49 228 815 1696</p>	Kite

Note: The question and answer session of the Adaptation Fund Board, scheduled in the "...inSide climate change" brochure for 2 December, has been postponed to 6 December at 13.00 in Swan.

Side events

13.00– 15.00	<p>The IPCC scientific perspective: policies, instruments and co-operative arrangements for mitigation</p> <p>IPCC experts will provide information on mitigation options with an emphasis on technologies, transport, buildings and renewable energy (including biofuel). They will present policies and measures that are available.</p>	<p>WMO/UNEP Intergovernmental Panel on Climate Change (IPCC) Ms. Carola Traverso Saibante csaibante@wmo.int +41 2 2730 8066</p>	Aesculapian Snake
13.00– 15.00	<p>Short-lived Arctic climate forcers: avoiding Arctic tipping points</p> <p>The Arctic has reached a critical juncture due to unprecedented warming, with record summer sea ice loss. The Arctic Council has begun to consider means to mitigate future tipping points aimed at the short-lived forcers black carbon, ozone and methane. Experts discuss science and possible actions.</p>	<p>Climate Policy Center (CPC) Ms. Pam Pearson pampearson44@yahoo.com +46 70 575 2257</p>	Fox
13.00– 15.00	<p>How REDD policy options interact with forest measuring and monitoring</p> <p>What is the interaction between REDD policy choices such as mechanism design, inclusion of degradation, maintenance or growth in carbon stocks, and requirements for forest monitoring? WHRC and SPVS experts discuss the implications of policy choices on monitoring capabilities, cost and trade-offs.</p>	<p>The Woods Hole Research Center (WHRC) Ms. Tracy Johns tjohns@whrc.org +1 508 540 9900</p>	White Tailed Eagle

13.00– 15.00	<p>Critical analysis of REDD: international finance, human rights and false promises of carbon markets</p> <p>The continuation of destructive logging and neglect of customary rights demands a critical analysis of the impact of proposed REDD policies and trading mechanisms, contemporary experiences of 'forest conservation' and World Bank-influenced REDD-iness funds on indigenous rights and forest protection.</p>	<p>Friends of the Earth (FOEI) Ms. Stephanie Long stephanie.long@foe.org.au +61 4 1413 6461</p>	Swan
18.00– 19.30	<p>From vulnerability to resilience: the integration of DRR and CC adaptation</p> <p>Practical Action and Tearfund share disaster risk reduction approaches to increasing resilience among poor communities. Sustainable natural resource management and strengthened diversified livelihoods reduce vulnerability and poverty while increasing adaptability.</p>	<p>Practical Action Ms. Rachel Berger rachel.berger@practicalaction.org.uk +44 192 663 4400</p>	Grouse (ENGO)
18.00– 19.30	<p>Earth observation from space for global climate change</p> <p>The importance of Earth observing satellites for determining the rate of climate change, and for understanding, prediction and attribution of causes of climate change through cooperation of CEOS members, as a response to the GCOS implementation plan.</p>	<p>Thailand jaidee@gistda.or.th +66 2 940 5498</p>	Aesculapian Snake
18.00– 19.30	<p>Comparability of mitigation efforts in Annex 1 countries</p> <p>IIASA presents a methodology for comparing mitigation potentials and costs in Annex I countries in 2020. An interactive mitigation efforts calculator will be introduced and initial results will be discussed with a panel of key negotiators.</p>	<p>International Institute for Applied Systems Analysis (IIASA) Ms. Susan Riley riley@iiasa.ac.at +43 223 680 7536</p>	Swan
18.00– 19.30	<p>Adaptation aux changements climatiques: initiatives regionales</p> <p>Presentation de l'Initiative RISACC (Renforcement institutionnel à la scenarisation et en adaptation aux changements climatiques).</p>	<p>Organisation internationale de la Francophonie (OIF) Ms. Faouzia Abdoulhalik f.abdoulhalik@iepf.org +1 418 692 5727 ext. 238</p>	Grebe
18.00– 19.30	<p>Promoting the involvement of the business community in addressing climate change</p> <p>Panel on the economic opportunity of climate change for the business community and the Green Cross International Solar Fund initiative to make solar power viable and affordable. Global Green USA will also present a country score in terms of solar energy & GC Australia will present the impact of climate change on migration.</p>	<p>Green Cross International (GCI) Mr. Adam Koniuszewski adam.koniuszewski@gci.ch +41 22 789 1662</p>	Fox
18.00– 19.30	<p>Principles and procedures for technology transfer mechanisms under the UNFCCC</p> <p>CIEL's panel, drawn from both civil society and industry, will explore the national and multilateral elements necessary to enhance technology transfer, i.e. 1) identify relevant technologies and 2) create clear links to needs assessments, effective modes of transfer and financing.</p>	<p>Center for International Environmental Law (CIEL) Mr. Stephen Porter sporter@ciel.org +1 202 742 5845</p>	White Tailed Eagle

19.30– 21.00	<p>Separate streams? Adapting water resource management to climate change</p> <p>Using examples from West Africa and Latin America, Tearfund and others explore how developing country governments can manage water resources in the light of climate change, ways in which poor communities can help develop long-term solutions and means to maximize the impact of adaptation funding.</p>	<p>TEARFUND Ms. Laura Hughes laura.hughes@tearfund.org +44 20 8943 7956</p>	Grebe
19.30– 21.00	<p>A greater risk of sea level rise? New insights since IPCC 2007</p> <p>The projection of 59 cm for global sea level rise (SLR) according to the IPCC's AR4 until 2100 was moderate. The subsequent Synthesis Report of the IPCC adjusted this figure upwards. New scientific results offer even higher values. This side event brings the newest scientific intelligence on SLR to the UNFCCC community.</p>	<p>GERMANWATCH Mr. Manfred Treber treber@germanwatch.org +49 228 604 9214</p>	Swan
19.30– 21.00	<p>The future of climate forestation projects: new standards and labels</p> <p>After a comparison of current forestry carbon standards, the Green Initiative will discuss maximizing socio-economic and ecological co-benefits of forest projects. An innovative CO₂-code will be presented, which enables any CO₂-balanced product to be traced to its origin of carbon neutralization.</p>	<p>CarbonFix e.V. Mr. Moriz Vohrer k.shippam@carbonfix.info +49 711 4903 9902</p>	White Tailed Eagle
19.30– 21.00	<p>Key issues for Poznan</p> <p>Discussion on some of the critical issues that will be discussed at the Poznan meeting – these include finance, technology, shared vision and development concerns of NGOs from developing countries.</p>	<p>Third World Network (TWN) Ms. Lim Li Lin twngeneva@bluewin.ch +41 22 908 3550</p>	Fox
19.30– 21.00	<p>Debating nuclear and climate change</p> <p>ENS aims to demonstrate stereotypical points of view of nuclear energy in the context of the climate change debate. It will go through climate- and energy-related challenges and will interact with the audience; pro and cons characters will intervene during the speech to present their vision.</p>	<p>European Nuclear Society (ENS) Mr. Edouard Hourcade edouard.hourcade@cea.fr +33 686 95 6907</p>	Wild Sheep (BINGO)

European Union Pavilion

The EU Pavilion is located in Hall 9.

10.30–12.30	<p>Climate technology, innovation and global regulatory frameworks</p> <p>This event will present ongoing research on the transfer of climate-related technologies, introduce the outcomes of an initiative focusing on the relevance of intellectual property, and provide an overview of trade-related issues relevant to technology access. It will also present the outcomes of a trade analysis exercise conducted for key climate-friendly technologies and goods in the energy supply and residential and commercial buildings sectors.</p>	International Centre for Trade and Sustainable Development (ICTSD), Switzerland	Chopin
10.30–12.30	<p>Global greenhouse gases and air pollutants: country trends 1970–2005</p> <p>This event will discuss emissions of greenhouse gases in non-Annex I countries in the period 1970–2005 (results from EDGARv4), the linkage between global emissions of air pollutants and greenhouse gases, and the effect of using IPCC AR4 global warming potentials on 1970–2005 greenhouse gas trends. The session will include a demonstration of the online EDGAR application for calculating national emission inventories.</p>	European Commission, Joint Research Centre and Netherlands Environmental Assessment Agency	Rubinstein
13.00–15.00	<p>Carbon capture and geological storage (CCS): on the way to full-scale demonstration in Europe</p> <p>With its integrated energy and climate change policy, the European Union has set itself on the path towards full-scale demonstration of CCS. This event will provide the latest information on the regulatory framework for CCS and the proposed network of demonstration plants in the EU.</p>	European Commission, DG Environment	Chopin
13.00–15.00	<p>European assessment of impacts from transport on climate change and ozone depletion</p> <p>The results of new research into the impact of shipping, aviation and road traffic on climate and ozone layer depletion will be the focus of this event. The QUANTIFY and ATTICA research projects, which quantify and compare these transport emissions in an objective and consistent way, will be presented. Scientists from Germany and the United Kingdom will participate.</p>	European Commission, DG Research	Rubinstein
15.30–17.30	<p>Biodiversity and climate change</p> <p>Healthy ecosystems are essential for climate change mitigation and adaptation. The link between biodiversity and climate allows win-win strategies. This event will showcase relevant results of research projects funded by the European Union's framework programme on research as well as recent policy developments.</p>	European Commission, DGs Environment and Research	Chopin

15.30–17.30	<p>Climate change and steel This event will highlight the Polish steel industry's response to future consumer challenges and the world steel industry's commitment to address climate change <i>Steel– Innovative Solutions for Energy and Resource Challenges</i>. ArcelorMittal will present its environmental investments.</p>	Polish Steel Association (HIPH)	Rubinstein
18.00–20.00	<p>Transitioning to low carbon development pathways – the role of technology and national development policy The UK Department for International Development (DFID) and Department for Environment, Food and Rural Affairs (DEFRA) have a number of projects looking at the role of national and international technology policy and how it can stimulate low-carbon development in middle- and low-income countries. This event, bringing together a range of speakers and experience, will present the results of various pieces of work commissioned in this area.</p>	Department for Environment, Food and Rural Affairs (DEFRA), UK	Chopin
19.00	<p>Opening of the EU Pavilion The opening of the pavilion will be followed by a cocktail reception, hosted by the French European Presidency.</p>		EU Pavilion
