## Special announcements

**Use of audio/video recording devices by participants at UNFCCC sessions** The making of audio and video recordings, including any external transmission, by Party or observer organization delegations during open and closed official meetings and in designated security zones is not permitted. The secretariat provides audio recordings of official meetings, as required by Parties. Webcasts are provided for open plenary meetings.

**Free shuttle buses for all participants** **Plaza Espanya to Fira Gran Via (green line UNFCCC bus)**  
Timetable: 07:30–21:30  
Frequency: continuous round trip

**Plaza Europa to Fira Gran Via (blue line UNFCCC bus)**  
Timetable: 07:30–21:30  
Frequency: continuous round trip

Participants are requested to show their conference badge when boarding the shuttle buses.

**Free public transportation in Barcelona** The welcome bag being distributed to participants includes a ticket for free transportation in the Barcelona area for the duration of the conference.

## Announcements

**Wireless access for laptops** Monitoring of wireless use on Monday indicated that there was exceptionally high demand in the Computer Centre and the immediately adjacent cafeteria area. This led to the saturation of the wireless access points in these areas. Work is under way to redistribute these access points and it is expected that connection problems will be reduced in the course of Tuesday, 3 November.

As all areas of the conference facility have wireless access, participants may also access wireless in other areas, such as the open space near the Tilo conference room. Alternatively, the computer cables provided in the PlugNPlay area may be used to connect.

**Webcast coverage** For the duration of the conference, all plenary meetings and press conferences will be available live and on demand, with English or floor audio streams. On-demand files will be available shortly after the close of each meeting.

A selection of side events will be available on demand in floor languages. Please check the UNFCCC website for the date and time of webcast sessions at <unfccc.int>.

- Information for participants** A booklet on the facilities available at the venue, entitled “Information for participants”, is available at the Information desk, Welcome Catalunya desk and also online at:  
<[http://unfccc.int/files/meetings/intersessional/bangkok\\_09/services\\_to\\_participants/application/pdf/infopart\\_barcelona\\_09.pdf](http://unfccc.int/files/meetings/intersessional/bangkok_09/services_to_participants/application/pdf/infopart_barcelona_09.pdf)>.
- Security** Participants should ensure that they wear their badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience, but it is expected that participants will understand the need for such arrangements.
- Lost and found items** Participants are reminded not to leave personal belongings in meeting rooms. The Security office, located adjacent to the main entrance, is responsible for lost and found items.
- Meditation room** A room for meditation and prayer is available to participants on the First Floor, in between the offices of the Group of 77 and China and the delegation of Spain.

<b>Events</b>			
For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure " <b>...inSide climate change</b> ", available from the Information desk and the Documents Distribution counter, or visit the UNFCCC <a href="#">website</a> . The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.

The pilot portals have been developed to provide information on financing that is being made available to support developing countries in addressing climate change.	Lentisco

<b>Side events</b>			
<b>RINGO science update series</b>			
<p>Climate science constantly evolves. At the last stop on the road to Copenhagen, the members of the RINGO constituency (the research and independent non-governmental organizations) have planned a series of side events intended to update delegates and observers on the most recent climate change research. The events will focus on findings that have become available since the IPCC's Fourth Assessment Report. These presentations will take place in Room Serbal at 13:00 every day (except Tuesday) on the following topics:</p>			
Monday, 2 November		Science and scenarios	
Wednesday, 4 November		Impacts and adaptation	
Thursday, 5 November		Mitigation technologies	
Friday, 6 November		Mitigation policy

## Additional activities

08:45–09:45

### **Barcelona forest and indigenous rights pledge**

Has your country pledged to protect forests and indigenous people's rights under REDD? Please come and join the Ecosystems Climate Alliance in calling for leadership from countries to ensure protection of both intact natural forests and indigenous people's custodial rights in forests in the REDD negotiations. We cannot have one without the other. Your country can add its voice to the 25 countries who have already signed the forest pledge. Location: Entrance hall, opposite Information desk. Organizer: The Wilderness Society

15:30–15:35

### **Yvo de Boer receives TckTckTck clock**

Executive Secretary Yvo de Boer will accept an alarm clock - symbolizing the fact that time is running out for world leaders to strike a fair, ambitious and binding deal - and photographs from more than 5,000 climate rallies in over 180 countries. Location: Foyer of Hall 8 near the exit. Organizer: Sustainable Markets Foundation - 350.Org on behalf of the TckTckTck campaign representing more than 200 civil society organizations.

### **TckTckTck**

A global coalition of more than 200 environment and development NGOs, trade unions, faith groups, etc. will feature an artistic display representing the urgency of the need to agree to a fair, ambitious binding climate treaty in Copenhagen. On 21 September and again on 24 October hundreds of thousands of people gave a powerful mandate for strong political action. The clocks are the reminder of that call. Location: Foyer of Hall 8 near the exit. Organizer: Avaaz Foundation on behalf of TckTckTck campaign

**Adopt-a-negotiator**

A collaborative blog project involving 13 young people from 13 of the big players in the negotiations. A young person from each country 'tracks' their lead negotiator and reports back through a range of social media to their home networks. Countries in focus are Japan, Sweden, India, China, Australia, Canada, Italy, USA, UK, Brazil, Germany, France and Spain. The 'trackers' also meet with their delegations throughout the negotiations with the aim of making the UNFCCC process two way. The tracker teams can be identified by their distinctive red T-shirts. **Photo display**

Highlights from the 24th October International Day of Action on Climate Change. The photographs on display represent a small fraction of all those sent in from around the world documenting this day, when over 5,200 demonstrations occurred in 181 countries in support of bringing emissions back to a safe level below 350 parts per million. Delegates and observers may see visually how strongly civil society is behind a treaty based on the latest science, and how much the political will to address that science grew on 24 October. Location: walls of Hall 8. Organizer: Sustainable Markets Foundation - 350.Org

**Greenpeace solar chill-out**

Enjoy your solar coffee break on a terrace where you can find an amazing climate. Listen to music as you charge the battery of your laptop or mobile with 100 per cent renewable energy or have a talk with your partners, enjoying a delicious solar chocolate. Have a good time in a "Green" place with out any GEI emissions. Location: patio area of Pavilion 8. Organizer: Greenpeace International

**Facing the future**
