2. By its decision 1/CMP.3, the CMP requested the Adaptation Fund Board to report on its activities at each session of the CMP. It further invited the Global Environment Facility (GEF) to provide secretariat services to the Adaptation Fund Board, and the World Bank to serve as the trustee of the Adaptation Fund, both on an interim basis.

B. Scope of the note

3. This report provides information on progress made with respect to the Adaptation Fund, in particular on the implementation of the mandate from the CMP, and recommends actions to be taken by the CMP, as appropriate. The report covers the period from December 2008 to September 2009.

C. Recommendations for action by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol at its fifth session

4. The CMP may wish to take note of the information contained in this report and consider adopting a draft decision on the amendment to the rules of procedure of the Adaptation Fund Board, as contained in annex I. In accordance with decision 1/CMP.4, paragraph 2, the Adaptation Fund Board reviewed its rules of procedure and is submitting to the CMP for approval proposed amendments to the rules of procedure with regard to the definitions of “secretariat”, “implementing entities” and “executing entities” (paragraphs 5 (h), 5 (j) and 5 (k) of the rules of procedure).

5. The Adaptation Fund Board invites the CMP to take note of the following key actions and decisions, taken in accordance with decision 1/CMP.3, paragraph 5 (m), during the reporting period:

   (a) Adoption of the operational policies and guidelines for Parties to access resources from the Adaptation Fund, including those concerning the project cycle, the fiduciary standards that implementing entities shall meet in order to access resources and the accreditation process for these implementing entities (annex II);

   (b) Monetization of certified emission reductions. In accordance with decision 1/CMP.3, paragraph 5 (k), the Adaptation Fund Board monetization programme commenced in May 2009;

   (c) Approval by the GEF Council of the memorandum of understanding (MOU) between the CMP and the GEF Council regarding secretariat services to the Adaptation Fund Board;

   (d) Approval of the terms and conditions of service to be provided by the International Bank for Reconstruction and Development as trustee for the Adaptation Fund.

Workplan of the Adaptation Fund Board

12. The Board, at its sixth meeting, adopted the 2009 workplan for the Adaptation Fund Board.

Budget of the Adaptation Fund Board, secretariat and trustee

13. During the four meetings held during the reporting period, the Adaptation Fund Board considered and approved resources to support the work of the Adaptation Fund Board and its secretariat and trustee through 30 June 2010.

Provisional operational policies and guidelines for Parties to access resources from the Adaptation Fund

14. Decision 1/CMP.3, paragraph 29, provides that “eligible Parties shall be able to submit their project proposals directly to the Adaptation Fund Board and that implementing and executing entities chosen by governments that are able to implement the projects funded under the Adaptation Fund may also approach the Adaptation Fund Board directly.”

15. In line with the provision referred to in paragraph 14 above, the Board, at its seventh meeting, adopted the operational policies and guidelines for Parties to access resources from the Adaptation Fund, as contained in annex II. The operational policies and guidelines include the fiduciary standards that the national and multilateral implementing entities must meet in order to access resources from the Fund, in accordance with decision 1/CMP.3, paragraph 30.

Establishment of Adaptation Fund Board committees

16. In accordance with decision 1/CMP.3, paragraph 5 (g), the Adaptation Fund Board is responsible for establishing committees, panels and working groups, if required, to provide, inter alia, expert advice, to assist the Adaptation Fund Board in the performance of its functions.

17. In accordance with that mandate, the Board, at its fifth meeting, decided to establish an Ethics and Finance Committee and a Project and Programme Review Committee. At its sixth meeting, the Board adopted the terms of reference of both committees and the general guidelines for Board committees, as contained in annex III, and selected the committee members.

Establishment of the Adaptation Fund Board Accreditation Panel

18. In line with the provision referred to in paragraph 16 above, the Adaptation Fund Board, at its seventh meeting, adopted the terms of reference for the establishment of the Adaptation Fund Board Accreditation Panel, as contained in annex IV.

Legal arrangements for the Adaptation Fund Board secretariat

19. Following approval by the CMP at its fourth session of the MOU between the CMP and the GEF Council regarding secretariat services to the Adaptation Fund Board, the GEF Council at its 35th meeting, held in Washington, D.C., United States of America, on 22–24 June 2009, approved the MOU and authorized the GEF Secretariat to provide all secretariat services to the Adaptation Fund Board, as set out in the MOU and the following documents: “Rules of procedure of the Adaptation Fund Board, “Role and responsibilities of the Adaptation Fund Board secretariat”, and “Provisional operational policies and guidelines for Parties to access resources from the Adaptation Fund”.

Legal arrangements for the Adaptation Fund trustee

20. The Executive Directors of the World Bank approved the terms and conditions of services to be provided by the International Bank for Reconstruction and Development as trustee for the Adaptation Fund, effective 27 February 2009, following approval by the CMP of the terms and conditions at its fourth session.
Monetization of certified emission reductions

21. In accordance with decision 1/CMP.3, paragraph 5 (k), the Adaptation Fund Board is responsible for the monetization of certified emission reductions (CERs) issued by the Executive Board of the clean development mechanism and forwarded to the Adaptation Fund, and is required to report annually to the CMP on the monetization of CERs.

22. Through the CER Monetization Program, the World Bank as trustee converts the Adaptation Fund’s CERs into cash. According to decision 1/CMP.3, paragraph 28, the three objectives of the monetization of CERs are: to ensure predictable revenue flow for the Adaptation Fund; to optimize revenue for the Adaptation Fund while limiting financial risks; and to be transparent and monetize the share of proceeds in the most cost-effective manner, utilizing appropriate expertise.

23. In May 2009, the World Bank as trustee completed the first set of inaugural transactions to monetize CERs. It sold the first 600,000 CERs at an average price of EUR 12.17 per tonne. A second sale of CERs took place in June 2009, when 500,000 CERs were sold at an average price of EUR 11.46 per tonne. The buyers of the CERs were widely distributed across sectors and regions. The CER monetization guidelines, as approved by the Adaptation Fund Board, provide for the World Bank as trustee to conduct ongoing sales on carbon exchanges as well as over-the-counter sales of CERs. The Adaptation Fund Board agreed that the trustee should continue to monetize CERs at a modest pace until resources were required for project and programme funding.

24. As at 16 September 2009, the trustee had sold 1.13 million CERs, generating revenues of approximately USD 18.7 million for the Adaptation Fund.

Legal capacity of the Adaptation Fund Board

25. At its fourth session, the CMP decided “that the Adaptation Fund Board be conferred such legal capacity as necessary for the discharge of its functions with regard to direct access by eligible Parties and implementing and executing entities”.

26. Accordingly, the Board invited Parties to confer legal capacity to, and to host, the Adaptation Fund Board. Two Parties, Barbados and Germany, submitted offers to that effect. At its sixth and seventh meetings, the Adaptation Fund Board considered the two offers but was awaiting further information from both Parties before taking a final decision.

Establishment of the Adaptation Fund Trust Fund

27. The World Bank as trustee established a trust fund under its rules and procedures specifically to hold in cash the proceeds from the monetization of CERs and any other contributions, on behalf of the Adaptation Fund.

28. The legal arrangements between the CMP and the World Bank as trustee specify that disbursements by the trustee will be made only at, and in accordance with, the written direction of the Adaptation Fund Board. Under these arrangements, the trustee will have a limited and non-operational role. Once funds are transferred, the trustee will have no responsibility for the use of the Trust Fund and activities carried out therewith.

Reimbursements of funds to Parties for their contributions

29. The Adaptation Fund Board, at its sixth meeting, decided to repay the outstanding amounts representing a loan from the Least Developed Countries Fund (LDCF) and the reimbursable contributions from the Governments of Australia and the United Kingdom of Great Britain and Northern Ireland and

from the United Nations Environment Programme (UNEP). More information on those contributions is contained in annex V.

30. As at 30 July 2009 the debt corresponding to the loan from the LDCF had been reimbursed.

**Contest to select a logo for the Adaptation Fund**

31. At its fifth meeting, the Adaptation Fund Board decided to request the secretariat to hold a contest in order to encourage submissions of possible logos for the Adaptation Fund. At its sixth meeting, the Adaptation Fund Board selected one of the logos that had been submitted and adopted it as the logo of the Adaptation Fund. The Adaptation Fund Board also invited the winner of the contest to attend an award ceremony that took place during the seventh meeting of the Adaptation Fund Board.

**Interaction with the Pilot Programme on Climate Resilience**

32. During the reporting period, Ms. Merlyn Van Voore (South Africa, African Group) attended three meetings of the World Bank Pilot Program for Climate Resilience (PPCR) and presented two reports to the Board on the activities of the PPCR subcommittee.

*** III. Support for the Adaptation Fund Board and implementation of its mandate ***

33. The CMP, at its third session, requested the Adaptation Fund Board to develop mechanisms and proposals to enable the Adaptation Fund to become operational.\(^5\) The Board has completed those tasks as instructed by the CMP, and it is the view of the Board that it has established the necessary institutional and regulatory infrastructure for the operation of the Adaptation Fund, including the framework to assure direct access.

34. The Board acknowledged the financial support provided by the Governments of Denmark, Finland, France, Japan, Norway, Sweden and Switzerland, which enabled the meetings of the Board to take place until the inaugural monetization of CERs.

35. The Board also acknowledged the support provided in the form of reimbursable contributions by the Governments of Australia and the United Kingdom, and UNEP.

36. In addition, the Board recognized the support of the Adaptation Fund Board secretariat, the trustee and the UNFCCC secretariat.

37. The Adaptation Fund Board adopted its workplan for the period up to the end of 2009, approved budgets to support this workplan, initiated the monetization of CERs and established the operational framework for the Adaptation Fund, which includes:

\[\text{(a)}\] Operational policies and guidelines for Parties to access resources from the Adaptation Fund, including the project cycle, the fiduciary standards that implementing entities shall meet in order to access resources from the Fund, the accreditation process for implementing entities and the templates for project submission;

\[\text{(b)}\] Establishment of the Accreditation Panel.

38. The Board has put in place a system for the accreditation of implementing entities. It has also taken steps to set up the Accreditation Panel by appointing two of its members, Mr. William Kojo Agyemang-Bonsu (Ghana, non-Annex I Parties) and Mr. Jerzy Janota Bzowski (Poland, Eastern

European Group). The Board has also initiated the process to select independent experts as members of the Panel. Further, the Board approved a letter that was sent to eligible Parties to invite them to nominate national legal entities for accreditation as well as a letter inviting multilateral agencies to express their interest in serving as multilateral implementing entities.

39. The World Bank as trustee completed the legal and financial arrangements necessary to launch the inaugural sales of CERs on behalf of the Adaptation Fund Board, and has raised over USD 18.7 million for the Fund through the sale of 1.13 million CERs.

40. In accordance with decision 1/CMP.3, paragraph 18, the recruitment of the first dedicated official to serve the Adaptation Fund Board – the Manager of the Adaptation Fund Board secretariat – was completed in February 2009. The recruitment process of two additional dedicated officials has been initiated and is expected to be completed by the end of 2009.

41. The start of the project cycle and funding of project and programme proposals might require substantial resources in addition to those available in the Adaptation Fund. The net resources available in the Adaptation Fund Trust Fund for funding decisions amount to USD 8.99 million as at 31 August 2009. A rough estimate of funds available up to 2012 is USD 480 million.

IV. Calendar of meetings for 2010 and administrative budget for the 2010 fiscal year

42. Having established the operational framework in 2009, in 2010 the Board will approve funding proposals that meet the adaptation needs of developing countries.

(a) The proceedings of the meetings of the Board are being made available as webcasts on the Adaptation Fund website;

(b) Since the fifth meeting of the Board, a statement is released after each meeting to the press and posted on the Adaptation Fund website;

(c) Since the sixth meeting, observers may sit in the same room as the Board when it holds its sessions.

3. The following text should replace the text contained in paragraph 2 (k):

   “Executing entities” are organizations that execute adaptation projects and programmes supported by the Fund under the oversight of Implementing Entities;
Operational policies and guidelines for Parties to access resources from the Adaptation Fund

INTRODUCTION

1. Article 12, paragraph 8, of the Kyoto Protocol states that “The Conference of the Parties serving as the meeting of the Parties to this Protocol shall ensure that a share of the proceeds from certified project activities is used to cover administrative expenses as well as to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation.” This is the legal basis for the establishment of the Adaptation Fund.

2. At the seventh session of the Conference of the Parties, held in Marrakesh, Morocco, from 29 October to 10 November 2001, Parties agreed to the establishment of the Adaptation Fund (hereinafter referred to as the Fund).1

3. At its first and second sessions2,3 the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP), decided on specific approaches, principles and modalities to be applied for the operationalization of the Fund.

4. At its third session, the CMP decided that the operating entity of the Fund would be the Adaptation Fund Board (hereinafter referred to as the Board), serviced by a secretariat and a trustee.4 Parties invited the Global Environment Facility to provide secretariat services to the Adaptation Fund Board (hereinafter referred to as the secretariat), and the World Bank to serve as the trustee (hereinafter referred to as the trustee) of the Fund, both on an interim basis.

5. Decision 1/CMP.3, paragraph 5 (b), defines one of the functions of the Board as developing and deciding on specific operational policies and guidelines, including programming guidance and administrative and financial management guidelines, in accordance with decision 5/CMP.2, and to report to the CMP.

6. At its fourth session, the CMP, through its decision 1/CMP.4, adopted:

   (a) The rules of procedures of the Adaptation Fund Board;

   (b) The memorandum of understanding between the CMP and Council of the Global Environmental Facility regarding secretariat services to the Adaptation Fund Board, on an interim basis;

---

1 See decision 10/CP.7, “Funding under the Kyoto Protocol”.
2 See decision 28/CMP.1, “Initial guidance to an entity entrusted with the operation of the financial mechanism of the Convention, for the operation of the Adaptation Fund” in Annex I to this document.
3 See decision 5/CMP.2, “Adaptation Fund”, in Annex I to this document.
4 See decision 1/CMP.3, “Adaptation Fund”, in Annex I to this document.
(c) The terms and conditions of services to be provided by the International Bank for Reconstruction and Development (the World Bank) as trustee for the Adaptation Fund, on an interim basis;

(d) The strategic priorities, policies and guidelines of the Adaptation Fund (see annex I).

7. The CMP, by its decision 1/CMP.4, paragraph 11, decided that the Adaptation Fund Board be conferred such legal capacity as necessary for the discharge of its functions with regard to direct access by eligible Parties.

8. This document (hereafter referred to as the operational policies and guidelines), in response to the above CMP decisions, outlines operational policies and guidelines for eligible developing country Parties to access resources from the Fund. The operational policies and guidelines are expected to evolve further based on the experience acquired through the operationalization of the Fund, subsequent decisions of the Board and future guidance from the CMP.

DEFINITIONS OF ADAPTATION PROJECTS AND PROGRAMMES

9. The Adaptation Fund established under decision 10/CP.7 shall finance concrete adaptation projects and programmes.

10. A concrete adaptation project is defined as a set of activities aimed at addressing the adverse impacts of and risks posed by climate change. Adaptation projects can be implemented at the community, national, and transboundary level. Projects concern discrete activities with a collective objective(s) and concrete outcomes and outputs that are more narrowly defined in scope, space, and time.

11. An adaptation programme is a process, a plan, or an approach for addressing climate change impacts that is broader than the scope of an individual project.

OPERATIONAL AND FINANCING PRIORITIES

12. The overall goal of all adaptation projects and programmes financed under the Fund will be to support concrete adaptation activities that reduce the adverse effects of climate change facing communities, countries, and sectors.

13. Provision of funding under the Fund will be based on, and in accordance with, the Strategic Priorities, Policies and Guidelines of the Adaptation Fund adopted by the CMP, attached as Annex I.

14. Funding will be provided on full adaptation cost basis of projects and programmes to address the adverse effects of climate change. Full cost of adaptation means the costs associated with implementing concrete adaptation activities that address the adverse effects of climate change. The Fund will finance projects and programmes whose principal and explicit aim is to adapt and increase climate resilience. The project proponent is to provide justification of the extent to which the project contributes to adaptation and climate resilience. The Board may provide further

---

5 Decision 5/CMP.2, paragraph 1 (d).
guidance on financing priorities, including through the integration of information based on further research on the full costs of adaptation and on the lessons learned.

15. In developing projects and programmes to be funded under the Fund, eligible developing country Parties may wish to consider the guidance provided in Decision 5/CP.7. Parties may also consult information included in reports from the Intergovernmental Panel on Climate Change (IPCC) and information generated under the Nairobi Work Programme (NWP) on Impacts, Vulnerability and Adaptation to Climate Change.6

16. Decisions on the allocation of resources of the Fund shall take into account the criteria outlined in the Strategic Priorities, Policies and Guidelines of the Adaptation Fund, adopted by the CMP, specifically:

(a) Level of vulnerability;
(b) Level of urgency and risks arising from delay;
(c) Ensuring access to the fund in a balanced and equitable manner;
(d) Lessons learned in project and programme design and implementation to be captured;
(e) Securing regional co-benefits to the extent possible, where applicable;
(f) Maximizing multi-sectoral or cross-sectoral benefits;
(g) Adaptive capacity to the adverse effects of climate change.

17. Resource allocation decisions will be guided by paragraphs 9 and 10 of the Strategic Priorities, Policies and Guidelines of the Adaptation Fund.

18. The Board will review its procedures for allocating resources of the Fund among eligible Parties at least every three years, and/or as instructed by the CMP.

PROJECT/ PROGRAMME PROPOSAL REQUIREMENTS

19. To access Fund resources, a project/programme will have to be in compliance with the eligibility criteria contained in paragraph 15 of the Strategic Priorities, Policies and Guidelines of the Adaptation Fund and using the relevant templates.

COUNTRY ENDORSEMENT

20. Every proposal for funding must be endorsed by the requesting government.

21. Each Party shall designate and communicate to the Secretariat the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities.

---

FINANCING WINDOWS

22. Parties may undertake adaptation activities under the following categories:
   (a) Small-size projects and programmes (proposals requesting up to $1 million); and
   (b) Regular projects and programmes (proposals requesting over $1 million).

ELIGIBILITY CRITERIA

Country Eligibility

23. The Fund shall finance concrete adaptation projects and programmes in developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change.

24. Paragraph 10 of the Strategic Priorities, Policies and Guidelines of the Adaptation Fund\(^7\) provides the country eligibility criteria.

25. A cap in resource allocation per eligible host country, project and programme will be agreed by the Board based on a periodic assessment of the overall status of resources in the Adaptation Fund and with a view to ensuring equitable distribution.

Implementing and Executing Entities

26. Eligible Parties who seek financial resources from the Adaptation Fund shall submit proposals directly through their nominated National Implementing Entity (NIE).\(^8\) They may, if they so wish, use the services of Multilateral Implementing Entities (MIE). The implementing entities shall obtain an endorsement from the government.\(^9\) The modalities for accessing resources of the Adaptation Fund are outlined in Figure 1.

---

\(^8\) They may include inter alia, ministries, inter-ministerial commissions, government cooperation agencies.

\(^9\) As laid out in paragraph 21: “Each Party shall designate and communicate the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities.”
27. National Implementing Entities (NIE) are those national legal entities nominated by Parties that are recognized by the Board as meeting the fiduciary standards established by the Board. The NIEs will bear the full responsibility for the overall management of the projects and programmes financed by the Adaptation Fund, and will bear all financial, monitoring, and reporting responsibilities.

28. A group of Parties may also nominate regional and sub-regional entities as implementing entities, in which case provisions of paragraph 27 will apply.
29. Multilateral Implementing Entities (MIE) are those Multilateral Institutions and Regional Banks that meet the fiduciary standards provided by the Board. The MIEs, chosen by eligible Parties to submit proposals to the Board, will bear the full responsibility for the overall management of the projects and programmes financed by the Adaptation Fund, and will bear all financial, monitoring, and reporting responsibilities.

30. In the case of regional (i.e., multi-country) projects and programmes, the proposal submitted to the Board should be endorsed by the designated authority of each participating Party.

31. Executing Entities are organizations that execute adaptation projects and programmes supported by the Fund under the oversight of the Implementing Entities.

ACCREDITATION OF IMPLEMENTING ENTITIES

Fiduciary Standards

32. Among the principles established for the Adaptation Fund (Decision 5/CMP.2) is “sound financial management, including the use of international fiduciary standards.” At its 7th meeting the Board adopted fiduciary standards governing the use, disbursement and reporting on funds issued by the Adaptation Fund covering the following broad areas (refer to Annex 2 for details):

(a) **Financial Integrity and Management:**
   
   (i) Accurately and regularly record transactions and balances in a manner that adheres to broadly accepted good practices, and are audited periodically by an independent firm or organization;

   (ii) Managing and disbursing funds efficiently and with safeguards to recipients on a timely basis;

   (iii) Produce forward-looking financial plans and budgets;

   (iv) Legal status to contract with the Adaptation Fund and third parties

(b) **Institutional Capacity:**

   (i) Procurement procedures which provide for transparent practices, including in competition;

   (ii) Capacity to undertake monitoring and evaluation;

   (iii) Ability to identify, develop and appraise project;

   (iv) Competency to manage or oversee the execution of the project/programme including ability to manage sub-recipients and to support project /programme delivery and implementation.

(c) **Transparency and Self-investigative Powers:** Competence to deal with financial mismanagement and other forms of malpractice.

Accreditation Process
33. Accreditation for the implementing entities would follow a transparent and systematic process through an Adaptation Fund Accreditation Panel supported by the Secretariat. The Accreditation Panel will consist of two Board Members and three experts. The different steps for accreditation are as follows:

(a) The Board will invite each Party\textsuperscript{10} to nominate a national implementing entity; the Board will issue a call to potential multilateral implementing entities to express interest in serving as a MIE;

(b) Potential implementing entities will submit their accreditation applications to the Secretariat together with supporting documentation to verify how they meet the fiduciary standards;

(c) The Secretariat will review the documentation to ensure that all the necessary information is provided, and will follow-up with the potential implementing entities to ensure that the application package is complete. The Secretariat will forward the complete package to the Accreditation Panel within 15 (fifteen) working days following receipt of a candidate implementing entity’s submission;

(d) The Panel will undertake a desk-review of the application and forward its recommendation to the Board; should the Panel require additional information prior to making its recommendation, a mission and/or a teleconference may be undertaken with regard to the country concerned.\textsuperscript{11} The Board will provide further guidance on the required information in the future on the basis of lessons learned; and

(e) The Board will make a decision and in writing will notify the entity of the outcome, which could fall into one of the following categories:

(i) Applicant meets requirements and accreditation is recommended; or

(ii) Applicant needs to address certain requirements prior to full accreditation.

34. In case the nominated NIE does not meet the criteria, an eligible Party may resubmit its application after addressing the requirements of the Board. In the meantime, eligible Parties are encouraged to use the services of an MIE, if they so wish, to submit project proposals for funding by the Adaptation Fund.

35. Accreditation will be valid for a period of 5 years. The Board will develop guidelines for renewal of an implementing entity’s accreditation based on simplified procedures that will be established at a later date.

36. The Board reserves the right to evaluate the performance of implementing entities at any time during an implementing entity’s accreditation period. A minimum notification of 6 months will

be given to an implementing entity if they have been identified by the Board as being the object of such an evaluation.

37. The Board may also consider suspending or cancelling the accreditation of an implementing entity if the entity made false statements or provided intentionally incomplete information to the Board both at the time of accreditation to the Board or in submitting a project or programme proposal.

38. Before the Board makes its final decision on whether to suspend or cancel the accreditation of an implementing entity, the entity concerned will be given a fair chance to present its views to the Board.

PROJECT CYCLE

39. The project cycle of the Adaptation Fund for any project or programme size begins with a proposal submission to the Secretariat by the NIE/MIE chosen by the government of the recipient country/ies. The submission is followed by an initial screening, project review and approval.12

Review and Approval of Small-size Projects and Programmes

40. In order to expedite the process of approving projects and reduce unnecessary bureaucracy, it is proposed that small-size projects undergo a one-step approval process by the Board. The proposed project cycle steps are as follows:

(a) The project proponent submits a fully developed project document13 based on a template approved by the Board (Annex 3, Appendix A for the case of projects and Appendix B for the case of programmes14). Proposals can be submitted to the Board through the Secretariat three times per year or as may be decided at any time by the Board depending on the flow of requests and the available resources. The timetable for the submission and review of proposals will be synchronized with the meetings of the Board to the extent possible.

(b) The Secretariat will screen all proposals for consistency and provide a technical review. It will then forward the proposals with the technical reviews to the Projects and Programmes Review Committee for review, based on the criteria approved by the Board (Annex 3). Screening by the Secretariat will be conducted as soon as possible, and within fifteen (15) working days.

(c) The Secretariat will send all project proposals received with technical reviews to the Project and Programmes Review Committee four weeks prior to the Adaptation Fund Board meeting. The Project and Programmes Review Committee will review the proposals and give its recommendation to the Board for a decision at the Meeting. The Committee may use services of independent adaptation experts to provide input into the review process if needed. The Board can approve or reject a proposal with a clear

explanation to the implementing entities. Rejected proposals can be resubmitted after consideration of the reasons for rejection.

(d) The proposals approved by the Board will be posted on the Adaptation Fund website. The Secretariat in writing will notify the proponent of the decision of the Board.

Review and Approval of Regular Projects and Programmes

41. Regular adaptation projects are those that request funding exceeding $1 million. It is proposed that these proposals undergo either a one-step or a two-step\(^\text{15}\) approval process. To reduce the time needed to get a project funded, proponents are encouraged to submit a fully-developed project document\(^\text{16}\) for a one-step approval. The proposed project cycle steps for a one-step approval are as follows:

(a) The project proponent submits a fully-developed project document based on a template approved by the Board. Proposals can be submitted to the Board through the Secretariat three times per year or in any other schedule to be decided by the Board. The timetable for the submission and review of proposals will be synchronized with the meetings of the Board as much as possible.

(b) The Secretariat will screen all proposals for consistency and provide a technical review. It will forward the proposals and the technical reviews to the Projects and Programmes Review Committee for review based on the criteria approved by the Board (Annex 3). Screening by the Secretariat will be conducted as soon as possible, and within fifteen (15) working days.

(c) The Secretariat will send all project proposals with technical reviews to the Project and Programmes Review Committee four weeks before the Adaptation Fund Board meeting. The Project and Programme Review Committee will review the proposals and give its recommendation to the Board for a decision at the Meeting. The Committee may use services of independent adaptation experts to provide input into the review process if needed. The Board can approve or reject a proposal with a clear explanation to the implementing entities. Rejected proposals can be resubmitted after consideration of the reasons for rejection.

(d) All proposals approved by the Board will be posted on the Adaptation Fund website. The Secretariat in writing will notify the proponent of the decision of the Board.

\(^{15}\) A brief project concept is approved in the first step followed by the review and approval of a fully-developed project/document in the second-step. A two-step process, while time consuming minimizes the risk that a proponent does not invest time and energy in fully developing a project or program document that fails to meet the criteria of the Fund. Funding will only be reserved for a project after the approval of a fully-developed project document in the second step.

\(^{16}\) A fully developed project is one that has been appraised for technical and implementation feasibility and is ready for financial closure prior to implementation.
Disbursement

42. The Secretariat will draft contracts, memoranda of understanding and/or other necessary agreements with implementing entities and provide these agreements for signature by the Chair or any other Member designated to sign these documents. The Board may, at its discretion, review any of the proposed agreements. A template approved by the Board will be used to prepare such agreements.

43. The Trustee will disburse funds on the written instruction of the Board, signed by the Chair, or any other Board Member designated by the Chair, and report to the Board on the disbursement of funds.

44. The Board will ensure a separation of functions between the review and verification of disbursement requests, and the issuance of instructions to the Trustee to disburse.

45. The Board may instruct the Trustee to disburse funds for programmes in tranches based on time specific milestones, and may require a progress review from the Implementing Entity prior to each tranche disbursement.

Monitoring, Evaluation and Review

46. The Board is responsible for the strategic oversight of projects and programmes implemented with resources from the Fund. The Ethics and Finance Committee, with support of the Secretariat, will monitor the Adaptation Fund portfolio of projects and programmes.

47. The Adaptation Fund Board will develop a results framework to support the Strategic Priorities, Policies, and Guidelines of the Adaptation Fund. The framework will take into consideration existing good practices and lay out an approach that: (i) incorporates measuring results with widely recognized tools; (ii) assesses risk on an ongoing basis; and (iii) incorporates learning into strategies, projects, and programmes.

48. The Board will oversee results at the fund-level. Implementing entities shall ensure that capacity exists to measure and monitor results of the Executing Entities at the country-level. The Board requires that projects and programmes under implementation submit annual status reports to the Ethics and Finance Committee. The Committee, with the support of the Secretariat, shall provide an annual report to the Board on the overall status of the portfolio and progress towards results.

49. All regular projects and programmes that complete implementation will be subject to terminal evaluation by an independent evaluator selected by the Implementing Entity. The Board reserves the right to submit small projects and programmes to terminal evaluation when deemed appropriate. Terminal evaluation reports will be submitted to the Board within a reasonable time after project termination, as stipulated in the project agreement.

50. The Adaptation Fund Board will consider the process for developing a results framework to support projects and programmes and outline its main components with the aim of ensuring that the framework is in place before projects are approved.

51. The Adaptation Fund Board reserves the right to carry out independent reviews or evaluations of the projects and programmes as and when deemed necessary. The costs for such activities will be covered by the Adaptation Fund.
52. This project cycle will be kept under review by the Board.

**Procurement**

53. Procurements by the Implementing Entities or any of their attached organizations shall be performed in accordance with internationally accepted procurement principles, good procurement practices and the procurement regulations as applicable to a given Party. Implementing Entities shall observe the highest ethical standards during the procurement and execution of the concrete adaptation projects.

54. The project proposal submitted to the Board shall contain adequate and effective means to punish and prevent malpractices. The Implementing Entities should promptly inform the Board of any instances of such malpractices.

**Project Suspensions and Cancellations**

55. At any stage of the project cycle, either at its discretion or following an independent review-evaluation, the Ethics and Finance Committee may recommend to the Board to suspend or cancel a project for several reasons, notably:

   (a) financial irregularities in the implementation of the project; and/or

   (b) material breach and poor implementation performance leading to a conclusion that the project can no longer meet its objectives.

56. Before the Board makes its final decision whether to suspend or cancel a project or a programme, the concerned implementing entity will be given a fair chance to present its views to the Board.

57. In accordance with their respective obligations, Implementing Entities suspending or cancelling projects and programmes must notify and send detailed justification to the Board for information.

58. The Secretariat will report to the Board on an annual basis on all approved projects and programmes that were suspended or cancelled during the preceding year.

**Reservations**

59. The Board reserves the right to reclaim all or parts of the financial resources allocated for the implementation of a project or programme, or to cancel projects or programmes later found not to be satisfactorily accounted for. The implementing entity shall be given a fair chance to consult and present its point of view before the Board.

**Dispute Settlement**

60. In case of a dispute as to the interpretation, application, or implementation of the project/programme, the implementing entity shall first approach the Secretariat with a written request seeking clarification. In case the issue is not resolved to the satisfaction of the implementing entity, the case may be put before the Board at its next meeting, to which a representative of the implementing entity could also be invited.

61. Subject to development on the legal status of the Board, the Board will draw more comprehensive dispute settlement provisions.
Management Fees

62. Every project proposal submitted to the Board shall state the management fee requested by the Implementing Entity, if any. The reasonability of the fee will be reviewed on a case by case basis.

Where to send a Request for Funding

63. All requests shall be sent to:

The Adaptation Fund Board Secretariat
Tel: +1 202 473 0508
Fax: +1 202 522 3240/5
Email: secretariat@adaptation-fund.org

64. Acknowledgment of the receipt shall be sent to the proposing Implementing Entities within a week of the receipt of the request for support. All project proposals submitted will be posted on the website of the Adaptation Fund Board. The Secretariat will provide facilities that will enable interested stakeholders to publicly submit comments about proposals.

Review of the Operational Policies and Guidelines

65. The Board shall keep these operational policies and guidelines under review and will amend them as deemed necessary.
STRATEGIC PRIORITIES, POLICIES, AND GUIDELINES OF THE ADAPTATION FUND
ADOPTED BY THE CMP

I. Background

1. The Conference of the Parties decided by its decision 10/CP.7 to establish an adaptation fund (the Adaptation Fund) to finance concrete adaptation projects and programmes in developing country Parties that are Parties to the Kyoto Protocol, as well as activities identified in decision 5/CP.7, paragraph 8. The decision was further endorsed by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) through its decision 28/CMP.1.

2. In decision 5/CMP.2, Parties agreed on guiding principles and modalities. Parties further agreed in decision 1/CMP.3 that the Adaptation Fund Board shall be established as the operating entity of the Adaptation Fund.

3. This document sets out the strategic priorities, policies and guidelines for the Adaptation Fund, developed by the Adaptation Fund Board as requested by Parties in decision 1/CMP.3, paragraph 5 (a).

4. The strategic priorities, policies and guidelines set out in this document form the basis upon which the operational policies and guidelines shall be developed to enable eligible Parties to access resources from the Adaptation Fund.

II. Strategic priorities

5. In accordance with decision 1/CMP.3, paragraphs 1 and 2, the Adaptation Fund shall:

   (a) Assist developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change in meeting the costs of adaptation;

   (b) Finance concrete adaptation projects and programmes that are country driven and are based on the needs, views and priorities of eligible Parties.

6. In accordance with decision 5/CMP.2, paragraph 2 (e), projects and programmes funded under the Adaptation Fund should also take into account, inter alia, national sustainable development strategies, poverty reduction strategies, national communications and national adaptation programmes of action and other relevant instruments, where they exist.

7. In developing projects and programmes to be funded under the Adaptation Fund, eligible Parties should consider the guidance provided in decision 5/CP.7, paragraph 8, and, where necessary, further information included in reports from the Intergovernmental Panel on Climate Change and information generated under the Nairobi work programme on impacts, vulnerability and adaptation to climate change.

8. In developing projects and programmes, special attention shall be given by eligible Parties to the particular needs of the most vulnerable communities.
III. Strategic policies and guidelines

9. operational principles and modalities that shall guide the provision of assistance by the Adaptation Fund to eligible Parties shall be consistent with decision 5/CMP.2, paragraphs 1 and 2.

10. Eligible Parties to receive funding from the Adaptation Fund are understood as developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change including low-lying and other small island countries, countries with low-lying coastal, arid and semi-arid areas or areas liable to floods, drought and desertification, and developing countries with fragile mountainous ecosystems.

11. Eligible Parties can submit project proposals directly to the Adaptation Fund Board and implementing or executing entities chosen by governments that are able to implement the projects funded under the Adaptation Fund can approach the Adaptation Fund Board directly.

12. Funding for projects and programmes will be on a full adaptation cost basis to address the adverse effects of climate change.

13. Funding for projects and programmes will be available for projects and programmes at national, regional and community levels.

14. Short and efficient project development and approval cycles and expedited processing of eligible activities shall be developed.

15. In assessing project and programme proposals, the Adaptation Fund Board shall give particular attention to:

   (a) Consistency with national sustainable development strategies, including, where appropriate, national development plans, poverty reduction strategies, national communications and national adaptation programmes of action and other relevant instruments, where they exist;

   (b) Economic, social and environmental benefits from the projects;

   (c) Meeting national technical standards, where applicable;

   (d) Cost-effectiveness of projects and programmes;

   (e) Arrangements for management, including for financial and risk management;

   (f) Arrangements for monitoring and evaluation and impact assessment;

   (g) Avoiding duplication with other funding sources for adaptation for the same project activity;

   (h) Moving towards a programmatic approach, where appropriate.
16. The decision on the allocation of resources of the Adaptation Fund among eligible Parties shall take into account:

(a) Level of vulnerability;

(b) Level of urgency and risks arising from delay;

(c) Ensuring access to the fund in a balanced and equitable manner;

(d) Lessons learned in project and programme design and implementation to be captured;

(e) Securing regional co-benefits to the extent possible, where applicable;

(f) Maximizing multi-sectoral or cross-sectoral benefits;

(g) Adaptive capacity to the adverse effects of climate change.

17. The Adaptation Fund Board may wish to review elements of this strategic priority based on lessons learned.

ANNEX 1: TEMPLATES APPROVED BY THE ADAPTATION FUND BOARD
Approval and Operations Procedures

1. **Adaptation Fund Project Approval Process**: There are two approval processes under the Adaptation Fund project cycle: (i) a one-step approval process; and (ii) a two-step approval process. Eligible developing country Parties to the Kyoto Protocol may submit project proposals directly to the Adaptation Fund Board Secretariat (AFBS) via its National Implementing Entities (NIEs) or via Multilateral Implementing Entities (MIEs). NIEs/MIEs have to be accredited by the Adaptation Fund Board (AFB) to be eligible as an implementing entity for the purpose of submitting projects to the Adaptation Fund. They should also meet the fiduciary standards and other qualifications provided by the Board. All small-size projects will follow the one-step approval process, while regular projects may follow either the one-step approval or the two-step approval process, depending on the stage of project preparation, and at the discretion of the project proponent. The following section outlines the steps of the approval processes.

2. **Single Approval Process**: This process may be used for small-size projects or regular projects with proposals that are already fully-prepared. Approval process includes the following steps:

   (a) Eligible Parties submit a fully-prepared project document to the AFBS seven weeks before the next AFB meeting.

   (b) The AFBS will screen all proposals and prepare a Technical Review for each project/programme. The AFBS will submit a collection of proposals consisting of technical reviews of all projects to the Project and Program Review Committee (PPRC) four (4) weeks prior to the next AFB meeting.

   (c) The PPRC will review and prepare recommendations for the Board using a Recommendation Template. The PPRC will convene back-to-back to the Adaptation Fund Board (AFB) meeting to finalize its recommendation and submit its recommendation the next day to the AFB.

   (d) AFB approves/rejects the recommendations during the meeting.

   (e) All approved projects will be posted on the AF website following the conclusion of its meeting.

3. **Two-Step Approval Process**: The two-step approval process may be used for regular projects if it is so decided by the proponent Party: (i) project concept approval; and (ii) final project document approval. Each of these steps is subject to the same approval process as the single approval process, i.e., the project is subjected to the single approval process twice. The rationale for choosing such a process is for a country to receive feedback or guidance from the AFB upstream before a project has been fully prepared. The following two documentations are required to be submitted at each step following the same procedures as the single approval process:
4. **Documentation required in the submission:**

   (a) *Regular Project Concept*: used for the first step of the two-step approval process (only for regular projects that have not been fully developed);

   (b) *Small-sized Project Document Template*: for use when submitting small-sized projects;

   (c) *Regular Project Document Template*: for use when submitting regular projects (for regular projects that have been fully developed);

   (d) *Full Project Document* prepared by NIEs/MIEs for both small-sized and regular projects;

   (e) *Endorsement Template* endorsed by the country’s designated authority for the Adaptation Fund.\(^1\)

5. **Categories of projects under the Adaptation Fund:**

   (a) *Small-Sized projects (SPs)*: defined as project proposals requesting up to $1.0 million.

   (b) *Regular-Sized projects (RPs)*: project proposals requesting more than $1.0 million

   (c) *Programme*: a series of projects which could include small-size projects or regular projects aimed at achieving an outcome that is otherwise not achievable by a single project. Projects under a programme would have synergies in their objectives and implementations.

6. **Definitions of Terms:**

   (d) *Projects*: A concrete adaptation project is defined as a set of activities aimed at addressing the adverse impacts of and risks posed by climate change.

   (e) *Programme*: An adaptation program is a process, a plan or an approach for addressing climate change impacts which are broader than the scope of an individual project. The Board will provide further guidance on the adaptation programmes, its aims and objectives in the future on the basis of lessons learned.

7. **Financing and Disbursement:**

   (a) *Financing*: funding for projects and programs will be on a full adaptation cost basis to address the adverse effects of climate change.\(^2\)

---

\(^1\) The designated authority referred to in paragraph 21 of the operational guidelines.

\(^2\) Para. 14 of the “Provisional Operational Policies and Guidelines for Parties to Access Resources from the Adaptation Fund,” and para. 12 of the “Strategic Priorities, Policies, and Guidelines of the Adaptation Fund.”
(b) **Disbursement:** The Trustee will disburse funds on the written instruction of the Board, signed by the Chair and the Vice-Chair, or any other Board Member designated by the Chair and the Vice-Chair, and report to the Board on the disbursement of funds.

### Adaptation Fund Project Review Criteria

1. The following review criteria for Adaptation Fund projects are applicable to both the small-size projects and regular projects under the single-approval process. For regular projects using the two-step approval process, only the first four criteria will be applied when reviewing the 1st step for regular project concept. In addition, the information provided in the 1st step approval process with respect to the review criteria for the regular project concept could be less detailed than the information in the request for approval template submitted at the 2nd step approval process. Furthermore, a final project document is required for regular projects for the 2nd step approval, in addition to the approval template.

Annex IV

Terms of Reference for the Establishment of the Adaptation Fund Board Accreditation Panel

Background and Context

The Adaptation Fund has been established by the Parties to the Kyoto Protocol of the UN Framework Convention on Climate Change to finance concrete adaptation projects and programmes in developing countries that are Parties to the Kyoto Protocol.

The Adaptation Fund is considered an innovative mechanism for three particular reasons:

(a) It is funded by an international levy from the Clean Development Mechanism of the Kyoto Protocol.

(b) It is governed by a body—the Adaptation Fund Board (the Board)—which has majority representation from developing countries.

(c) It provides eligible developing countries an opportunity to directly access its funds.

In order to provide direct access to its funds, the Adaptation Fund requires national legal entities nominated by eligible countries to meet the fiduciary standards adopted by the Board and to be accredited as National Implementing Entities (NIE). Therefore, the Board has decided to establish an Accreditation Panel that will review applications for accreditation and make recommendations to the Board.

The Board is therefore seeking external experts to serve on its Accreditation Panel (the Panel).

Mandate of the Panel

In accordance with the Operational Policies and Guidelines for Parties to Access Resources from the Adaptation Fund (hereafter “the operational policies and guidelines”), the Panel shall make recommendations to the Board regarding:

(a) The accreditation of an implementing entity;

(b) The conditional accreditation of an implementing entity;

(c) The suspension of accreditation of an implementing entity;

(d) The cancellation of accreditation of an implementing entity; and

(e) The re-accreditation of an implementing entity.

The tasks identified in the paragraph above imply that, inter alia, the following activities are to be carried out by the Panel:

(a) Review and consideration of applications for accreditation of implementing entities, based on i.a. information provided in the Application Form.

In case an application is not immediately approved the following considerations may be taken:

(a) Determination of whether technical support needs to be provided to an applicant implementing entity to improve its capacities in order to attain accreditation, and the extent of the required support;
(b) Determination of the existence of exceptional circumstances that would justify the use of an external assessor to help resolve difficult/contentious issues;
(c) Determination of the need to require additional information or resubmission of an application from an applicant implementing entity;
(d) Determination of whether an on-site visit and/or observation of the designated implementing entity is required;
(e) Make recommendations to the Board on the issues above, as applicable.

Membership

The Panel shall be composed of five (5) members selected by the Board. The five Panel members will be comprised of two (2) Board members or alternates and (3) three external experts with demonstrated and recognized capacity in their field of work.

The two members of the Panel who are Board members will be designated by the Board as Chair and Vice-chair of the Panel.

The Secretariat shall invite and compile a list of experts for consideration by the Board. The Board shall select the expert members of the panel from this list, taking fully into account considerations of regional balance and competence/expertise. In addition, the Board may draw on the advice, as necessary, of experts identified by the International Accreditation Forum (IAF).

Panel members shall be designated to serve on the panel for two (2) calendar years.

Panel members who are also Board members shall be eligible to serve two consecutive terms. However, in order to ensure continuity in the work of the Panel after its inaugural period, only one of these two members shall be replaced after his or her first term.

Panel members who are external experts may be reelected for two consecutive terms, as the Board deems appropriate, taking into account the performance of the expert.

The Board shall oversee the performance of the panel and its members, as necessary.

Competence requirements

The panel members who are external experts shall have:

(a) Demonstrated relevant work experience in accounting, auditing, public finance or project management of at least 5 years in a national, regional or international capacity. Experience with any national or international accreditation body would be an advantage;
(b) An understanding of government and nongovernmental financial reporting systems. Knowledge of forensic accounting and internal control mechanisms would be desirable;
(c) Ability to communicate fluently, both in writing and orally, in English. Working knowledge of other UN languages would be desirable;
(d) Excellent drafting skills, strong operational and analytical skills, and an ability to work as a member of a team; and
(e) A university degree in economics, accounting, or any related discipline.
The Board shall require members of the Panel to commit in writing to comply with the rules defined by the Board, in particular with regard to confidentiality and to independence from commercial and other conflict of interests, including any existing or prior association with an implementing entity to be assessed.

Modalities of work

The Panel shall operate under the guidance and authority of the Board and shall be bound by these terms of reference, as well as by the operational policies and guidelines and the code of conduct, as adopted by the Board. The General Guidelines for Board Committees\(^1\) shall apply *mutatis mutandi* to the Panel.

The mandate of the Panel may be revised or terminated by the Board if necessary.

Panel meetings can be held with panel members being either physically or electronically present. The dates and modalities of panel meetings shall be determined by the Chair and Vice-chair of the Panel, bearing in mind resources available and the need for accreditation review.

Compensation

Travel costs and daily subsistence allowance shall be paid to those panel members who are Board members and attending a meeting of the panel or undertaking any official site visit as approved by the Board, in accordance with UN rules.

Members of the Panel who are external experts shall be paid fees for their services and travel expenses.

Revision of the TORs

The Board will revise these terms of reference as necessary.
