(Agenda item 2 (a))

3. For its consideration of this sub-item at its 1st meeting,³ on 7 December, the CMP had before it a note by the Executive Secretary containing the provisional agenda and annotations, as well as a supplementary provisional agenda (FCCC/KP/CMP/2009/1 and Add.1). The provisional agenda was prepared in agreement with the President of COP 14 and CMP 4, taking into account views expressed by Parties during the thirtieth session of the Subsidiary Body for Implementation (SBI) and by members of the Bureau of COP 14 and CMP 4. The supplementary provisional agenda was issued in response to a request by Kazakhstan to include an item entitled "Proposal from Kazakhstan to amend Annex B to the Kyoto Protocol" on the agenda for the session. This item, which was requested after the provisional agenda was issued, was included in accordance with rule 12 of the draft rules of procedure being applied after clearance by the President of COP 14 and CMP 4.
4. Following the proposal of the President of COP 15 and CMP 5, the CMP adopted the agenda as follows:

(Agenda item 2 (b))

5. At the 1st meeting, on 7 December, the President recalled that, under the Kyoto Protocol, any member of the Bureau representing a Party to the Convention but, at that time, not a Party to the

Kyoto Protocol, shall be replaced by an additional member to be elected by and from among the Parties to the Kyoto Protocol. The elections to the Bureau of COP 15 and CMP 5 had not yet been completed. Therefore this sub-item would be taken up at a later meeting.

6. At its 9th meeting, on 18–19 December, the COP elected the members of the Bureau. No replacement officers were necessary and the CMP did not take up this sub-item again. However, on 15 December, the Executive Secretary had received a letter from the President, announcing her resignation, which would take effect from the beginning of the first joint meeting of the COP and the CMP convened during the high-level segment on 16 December. In accordance with rule 25 of the draft rules of procedure being applied,⁴ the Government of Denmark appointed the Prime Minister of Denmark, Mr. Lars Løkke Rasmussen, to replace Ms. Hedegaard as the President of COP 15 and CMP 5. Subsequently, this information was conveyed to the Bureau and to Parties.⁵

C. Organization of work, including the sessions of the subsidiary bodies

(Agenda item 2 (c))

7. In introducing this sub-item at the 1st meeting, on 7 December, the President drew the attention of the CMP to the annotations to the supplementary provisional agenda contained in document FCCC/KP/CMP/2009/1/Add.1. She noted that the subsidiary bodies would be convened with the aim of developing, before their sessions ended on 12 December, draft decisions and conclusions for submission to the CMP.

8. On a proposal by the President, the CMP decided to refer items to the subsidiary bodies for consideration and the submission of appropriate draft decisions or conclusions, as follows:

10. The CMP agreed to proceed on the basis of the proposals made by the President.

⁴ Rule 25 of the draft rules of procedure being applied provides that “If an officer of the Bureau resigns... a representative of the same Party shall be named by the Party concerned to replace the said officer for the remainder of that officer’s mandate”.

⁵ Mr. Rasmussen formally resigned as President in a letter to the secretariat dated 1 February 2010, to take effect immediately. In accordance with rule 25 of the draft rules of procedure being applied, he was replaced by Ms. Lykke Friis, Minister for Climate and Energy of Denmark.

11. At the 5th meeting, on 12 December, the President invited the Chair of the AWG-KP to provide the CMP with an update on the work of the group. Statements were made by representatives of 33 Parties, including one speaking on behalf of the Group of 77 and China, one on behalf of AOSIS, one on behalf of the African Group and one on behalf of the European Union and its member States.

D. Approval of the report on credentials

(Agenda item 2 (d))

12. At the 12th meeting, on 18–19 December, the President recalled that the CMP, at its first session, had adopted decision 36/CMP.1, which states that credentials from Parties to the Kyoto Protocol would apply for participation of their representatives in sessions of the COP and of the CMP, and that a single report on credentials would be submitted for approval, following established procedures, by the Bureau to the COP and to the CMP.

13. The President drew attention to the report on credentials,⁶ which indicated that the Bureau, in accordance with rule 20 of the draft rules of procedure being applied, had examined and approved the credentials of the representatives of Parties.

14. At the same meeting, the CMP, based on the report of the Bureau, approved the credentials of Parties attending the session.

E. Attendance

15. The fifth session of the CMP and the concurrent sessions of the subsidiary bodies were attended by representatives of 190 Parties to the Kyoto Protocol, as well as observer States, representatives of United Nations bodies and programmes, convention secretariats, specialized agencies and institutions and related organizations of the United Nations system. the SBSTA elected to its Bureau Mr. Mihir Kanti Majumder (Bangladesh) as Vice-Chair and Mr. Purushottam Ghimire (Nepal) as Rapporteur.

The SBI, at its thirtieth and thirty-first sessions, had recommended five draft decisions for adoption by the CMP. At its thirty-first session, the SBI elected to its Bureau Mr. Samuel Ortiz Basualdo (Argentina) as Vice-Chair and Mr. Kadio Ahossane (Côte d'Ivoire) as Rapporteur.

23. At the same meeting, the CMP, on a proposal by the President, took note of these reports and expressed its appreciation to Ms. Bratasida for her hard work and guidance over the past year as SBI Chair.

IV. Report of the Ad Hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol

(Agenda item 4)

24. At the 6th meeting, on 16 December, the President invited the Chair of the AWG-KP, Mr. John Ashe, to present to the CMP a report on the results of the work of the AWG-KP.

25. The Chair of the AWG-KP noted that the AWG-KP was established in accordance with decision 1/CMP.1 to initiate a process to consider further commitments for Parties included in Annex I for the period beyond 2012 in accordance with Article 3, paragraph 9, of the Kyoto Protocol. The AWG-KP had since met 14 times over the last 4 years.

26. The Chair noted that the AWG-KP had advanced its work through its work programme adopted at its second session in Nairobi, Kenya, and that, pursuant to this, it has considered new commitments to be inscribed through an amendment to Annex B to the Kyoto Protocol as its main task. He also noted that the AWG-KP has also considered other issues including: land use, land-use change and forestry; emissions trading and the project-based mechanisms; methodological issues; and information on potential environmental, economic and social consequences, including spillover effects, of tools, policies, measures and methodologies available to Annex I Parties.

27. The Chair stated that significant progress had been made in some areas; however, other areas presented challenges and hence, the group had not been able to reach agreement on its work pursuant to decision 1/CMP.1. He presented to the CMP the report on the tenth session of the AWG-KP. In this report, the AWG-KP recommended to the CMP that consideration be given on how to proceed with the further consideration of the draft text contained in its annex.

⁹ FCCC/SBI/2009/8 and Add.1.

¹⁰ FCCC/SBI/2009/L.17.

28. The Chair of the AWG-KP expressed his thanks to the Vice-Chair, Mr. Harald Dovland, for his invaluable support, as well as to all the AWG-KP Chairs, Vice-Chairs and co-chairs who had supported the work of the group over the last four years.
29. Statements were made by representatives of 11 Parties, including one speaking on behalf of the Group of 77 and China, one on behalf of the African Group and one on behalf of the European Union and its member States.
30. At its resumed 6th meeting, on 17 December, on a proposal by the President, the CMP established a contact group chaired by the President's special representative, Ms. Connie Hedegaard. The contact group was mandated to complete work on the draft texts contained in the annex to the report on the tenth session of the AWG-KP. A statement was made by a representative of one Party speaking on behalf of the Group of 77 and China.
31. The contact group referred to in paragraph 30 above agreed to advance work on the draft texts through informal drafting groups. It did not conclude its work or report back to a plenary meeting of the CMP.
32. At its 12th meeting, on 18–19 December, the CMP, on a proposal by the President,¹¹ adopted decision 1/CMP.5 entitled “Outcome of the work of the Ad Hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol” (FCCC/KP/CMP/2009/21/Add.1). Statements were made by representatives of nine Parties, including one speaking on behalf of the European Union and its member States and one on behalf of the Group of 77 and China.
33. At the same meeting, the Executive Secretary informed the CMP that resource requirements needed to support the continuation of the AWG-KP had not been included in the approved budget and work programme for 2010. He stated that the secretariat would need to analyse in more detail the financial resources required as a result of this continuation of work and incorporate the additional requirements into the list of supplementary activities that the CMP had already taken note of. He also reiterated his confidence in the support and generosity of Parties in making voluntary contributions as soon as possible to ensure the timely continuation of this work.

V. Consideration of proposals by Parties for amendments to the Kyoto Protocol

(Agenda item 5)

34. At its 4th, 5th and 12th meetings, on 10, 12 and 18–19 December, respectively, the CMP had before it documents FCCC/KP/CMP/2009/2, FCCC/KP/CMP/2009/3, FCCC/KP/CMP/2009/4, FCCC/KP/CMP/2009/5, FCCC/KP/CMP/2009/6, FCCC/KP/CMP/2009/7, FCCC/KP/CMP/2009/8, FCCC/KP/CMP/2009/9, FCCC/KP/CMP/2009/10, FCCC/KP/CMP/2009/11, FCCC/KP/CMP/2009/12 and FCCC/KP/CMP/2009/13.
35. In introducing this item at the 4th meeting, the President noted that 12 proposals to amend the Kyoto Protocol had been made by Parties (as contained in the documents listed in para. 34 above) with a view to their adoption at CMP 5. In accordance with Articles 20 and 21 of the Kyoto Protocol, the secretariat communicated the text of each of the proposed amendments to Parties to the Kyoto Protocol and to Parties and signatories to the Convention through notes verbales sent to the national focal points for climate change and the Permanent Missions to the United Nations six months before the meeting at which it is proposed for adoption. The texts were also sent to the Depositary. The secretariat also notified Parties to the Kyoto Protocol and Parties and signatories to the Convention that several Parties

¹¹ Adopted as document FCCC/KP/CMP/2009/L.8 as amended.

had communicated their intention to co-sponsor the proposal contained in document FCCC/KP/CMP/2009/12.

36. Statements were made by representatives of 58 Parties, including one speaking on behalf of AOSIS, one on behalf of the European Union and its member States, and one on behalf of the least developed countries, as well as by one observer State. A statement was also made by a representative of environmental non-governmental organizations (NGOs).

37. At the 12th meeting, on 18–19 December, the President informed the CMP that Parties had not been able to reach consensus on how to proceed on this item. Consequently, in accordance with rule 16 of the draft rules of procedure being applied, this item will be included in the provisional agenda for the sixth session of the CMP.

VI. Issues relating to the clean development mechanism

(Agenda item 6)

38. At its 3rd meeting, on 9 December, the CMP had before it document FCCC/KP/CMP/2009/16 containing the annual report of the clean development mechanism (CDM) Executive Board to the CMP. The report covers activities in the period from 25 October 2008 to 16 October 2009.

39. Introducing this item, the President stated that the CDM is a unique mechanism that has played a crucial role in supporting the contribution of Parties included in Annex I to the Convention (Annex I Parties) that are also Parties to the Kyoto Protocol towards mitigation efforts and has also contributed to the sustainable development goals of developing countries that host CDM projects. The President noted that, at this session, Parties would consider the report of the CDM Executive Board and ways and means to enhance both the efficiency of the CDM and the regional distribution of CDM projects.

40. Upon the invitation of the President, the Chair of the Executive Board of the CDM, Mr. Lex de Jonge, provided an overview of the Board's annual report, which contains a number of recommendations for decisions to be adopted by the CMP at its fifth session. He stated that the CDM has been a great success in that the numbers of projects had far exceeded what was predicted for the mechanism. However, this has also resulted in serious challenges, especially in the area of timely delivery, which have been exacerbated by insufficient numbers of personnel serving the CDM market.

41. Following the report by the Chair of the Executive Board, representatives of 35 Parties made statements, including one speaking on behalf of AOSIS and one on behalf of the European Union and its member States. A statement was also made by a representative of business and industry NGOs.

42. The President stated that, in order to acknowledge the work of the Executive Board and to guide it further, the CMP would need to adopt a decision under this agenda item at its fifth session. On her proposal, the CMP decided to establish a contact group on this agenda item, co-chaired by Ms. Christiana Figueres (Costa Rica) and Mr. Kunihiro Shimada (Japan).

43. The President also reminded Parties that several members and alternate members of the CDM Executive Board needed to be elected by the CMP at the session. Mr. Eric Mugurusi (United Republic of Tanzania), Vice-President of the Bureau of COP 14 and CMP 4, would continue to undertake consultations on the matter. The President reminded Parties that nominations should be submitted in writing by those constituencies that had not already done so.

44. At the 12th meeting, on 18–19 December, the President reported that the contact group had produced a draft decision. At this meeting, the CMP, on a proposal by the President,¹² adopted

¹² FCCC/KP/CMP/2009/L.10.

decision 2/CMP.5 entitled “Further guidance relating to the clean development mechanism” (FCCC/KP/CMP/2009/21/Add.1).

45. At the same meeting, the President reported the results of the consultations undertaken by Mr. Mugurusi on the elections for the CDM Executive Board. On a proposal by the President, the CMP took note that groups and constituencies had nominated candidates for election to the CDM Executive Board and urged groups to come forward with pending nominations. On a proposal by the President, the CMP agreed that in accordance with established practice, once the names are received, the nominees would be deemed to have been elected at CMP 5. The CMP, acting upon a proposal by the President, elected the following members to the CDM Executive Board:¹³

Member	Alternate	
Ms. Diana Harutyunyan	Ms. Danijela Bozanic	Eastern Europe
Mr. Clifford Mahlung	Mr. Asterio Takesy	Small island developing States
Mr. Pedro Martins Barata	Mr. Lex de Jonge	Annex I Parties
Mr. Philip Gwage	Mr. Paulo Manso	Non-Annex I Parties
	Ms. June Hughes	Non-Annex I Parties

VII. Issues relating to joint implementation

(Agenda item 7)

46. At its 2nd meeting, on 9 December, the CMP had before it document FCCC/KP/CMP/2009/18 (Parts I and II and Part I/Corr.1) containing the fourth report of the Joint Implementation Supervisory Committee (JISC), which covers the activities of the JISC in the period from 13 September 2008 to 23 October 2009.

47. Introducing this item, the President recalled that joint implementation under Article 6 of the Kyoto Protocol provides an opportunity for Annex I Parties that are also Parties to the Kyoto Protocol with a commitment inscribed in its Annex B to transfer to, or acquire from, any other such Party emission reduction units resulting from projects aimed at reducing anthropogenic emissions by sources or enhancing anthropogenic removals by sinks of greenhouse gases in any sector of the economy. The JISC was established by decision 10/CMP.1.

48. Upon the invitation of the President, the Chair of the JISC, Mr. Derrick Oderson, provided an overview of the fourth report of the JISC to the CMP. He highlighted the tasks and achievements of the JISC during the past year and the challenges ahead, including the financial situation for the joint implementation mechanism and the JISC, and the need to operate without the full funding requested in the joint implementation management plan.

49. Following the report by the Chair of the JISC, representatives of seven Parties made statements, including one speaking on behalf of the European Union and its member States.

50. The President stated that, in order to acknowledge the work accomplished and to provide further guidance on joint implementation, the CMP would need to adopt a decision under this agenda item at its fifth session. On her proposal, the CMP decided to establish a contact group on this agenda item, co-chaired by Mr. David Lesolle (Botswana) and Mr. Pedro Martins Barata (Portugal).

¹³ The names of all elected members will be posted on the UNFCCC website.

51. The President also reminded Parties that several members and alternate members of the JISC needed to be elected by the CMP at the session. Mr. Mugurusi would continue to undertake consultations on the matter. The President reminded Parties that nominations should be submitted in writing by those constituencies that had not already done so.

52. At the 12th meeting, on 18–19 December, the President reported that the contact group had produced a draft decision. At the same meeting, the CMP, on a proposal by the President,¹⁴ adopted decision 3/CMP.5 entitled “Guidance on the implementation of Article 6 of the Kyoto Protocol” (FCCC/KP/CMP/2009/21/Add.1).

53. At the same meeting, the President reported the results of the consultations undertaken by Mr. Mugurusi on the elections for the JISC. Upon the invitation of the President, the Chair of the Adaptation Fund Board, Mr. Jan Cedergren, provided an overview of the Board's activities in its second year, which were focused primarily on the operationalization of the Adaptation Fund, including monetization of certified emission reductions; he also drew attention to the financial situation of the Fund. Mr. Cedergren informed the CMP that the Board's work in 2010 will be devoted to the accreditation of the first national and multilateral implementing entities and to the review and approval of the initial projects and programmes for funding, as well as the mobilization of Adaptation Fund resources to those approved projects and programmes. He noted that the report of the Adaptation Fund Board contains a draft decision prepared for approval by the CMP in accordance with decision 1/CMP.3, and information on decisions and actions taken by the Board to be noted by the CMP. The Chair also noted that the review of project and programme proposals should start early in 2010.

64. Following the report by the Chair of the Board, representatives of 11 Parties made statements, including one speaking on behalf of the European Union and its member States. Proceedings

87. At its 12th meeting, on 18–19 December, the CMP, on a proposal by the President, adopted the following conclusions.²⁸

Conclusions

88. The CMP took note of the proposal from Kazakhstan, communicated to the secretariat on 18 September 2009, to amend Annex B to the Kyoto Protocol to include the name of Kazakhstan, with a quantified greenhouse gas emission limitation or reduction commitment under Article 3 of the Kyoto Protocol of 100 per cent of the 1992 level in the commitment period 2008 to 2012 and a footnote indicating that the country is undergoing the process of transition to a market economy.

89. The CMP noted the request by Kazakhstan of the same date to communicate its proposal to Parties in accordance with Article 21, paragraph 3, of the Kyoto Protocol, with a view to the adoption of its proposed amendment by the CMP at its fifth session.

90. The CMP also noted the requirement set out in Article 21, paragraph 3, of the Kyoto Protocol, which stipulates that the text of any proposed annex or amendment to an annex shall be communicated to the Parties by the secretariat at least six months before the meeting at which it is proposed for adoption.

91. The CMP further noted that following the ratification of the Kyoto Protocol by Kazakhstan on 19 June 2009, and its entry into force for Kazakhstan on 17 September 2009, Kazakhstan became a Party included in Annex I to the Convention for the purposes of the Protocol, while remaining a Party not included in Annex I to the Convention for the purposes of the Convention.

92. The CMP further noted that if Kazakhstan is considered to be in compliance with the requirements set out in the “Guidelines for the implementation of Article 6 of the Kyoto Protocol”, as contained in the annex to decision 9/CMP.1, in particular paragraphs 20–24 of these guidelines, Kazakhstan would be considered to be eligible to participate in the joint implementation mechanism under Article 6 of the Protocol.

²⁸ FCCC/KP/CMP/2009/L.3.

The CMP also requested the secretariat to communicate the text of the proposed amendment to Annex B by Kazakhstan to Parties and signatories to the Convention, and, for information, to the Depositary, pursuant to Article 21, paragraph 3, of the Protocol, and to do so as soon as possible.

94. The CMP requested the SBI to consider the proposal referred to in paragraph 88 above at its thirty-second session and to report on the outcome to the CMP at its next session.
