13. Durante las cuatro reuniones celebradas en el período que se examina, la Junta del Fondo de Adaptación estudió y aprobó los recursos necesarios para sostener la labor de la Junta, la secretaría y el administrador fiduciario hasta el 30 de junio de 2010.

Políticas y directrices operacionales provisionales para el acceso de las Partes a los recursos del Fondo de Adaptación

14. En el párrafo 29 de la decisión 1/CMP.3 se dispone que "las Partes que reúnan los requisitos necesarios podrán presentar sus propuestas de proyectos directamente a la Junta del Fondo de Adaptación y que las entidades de realización o ejecución escogidas por los gobiernos que estén en condiciones de ejecutar los proyectos financiados por el Fondo de Adaptación podrán también acceder directamente a la Junta del Fondo de Adaptación".

15. En consonancia con la disposición mencionada en el párrafo 14 *supra*, la Junta, en su séptima reunión, aprobó las políticas y directrices operacionales para el acceso de las Partes a los recursos del Fondo de Adaptación, que figuran en el anexo II. Las políticas y directrices operacionales incluyen las normas fiduciarias que las entidades de realización

nacionales y multilaterales deben cumplir para acceder a los recursos del Fondo, de conformidad con el párrafo 30 de la decisión 1/CMP.3.

Creación de comités de la Junta del Fondo de Adaptación

16. De conformidad con el párrafo 5 g) de la decisión 1/CMP.3, entre las funciones de la Junta del Fondo de Adaptación figura la de crear, en función de las necesidades, comités, grupos especiales y grupos de trabajo que, entre otras cosas, le presten asesoramiento especializado para ayudarle a desempeñar sus funciones.

17. De acuerdo con ese mandato, la Junta, en su quinta reunión, decidió crear un Comité de Ética y Finanzas y un Comité de Examen de Proyectos y Programas. En su sexta reunión la Junta aprobó los mandatos de ambos comités y las directrices generales para los comités de la Junta, que figuran en el anexo III, y eligió a los miembros de los comités.

Creación del Grupo de Acreditación de la Junta del Fondo de Adaptación

18. De conformidad con la disposición mencionada en el párrafo 16 *supra*, la Junta del Fondo de Adaptación, en su séptima reunión, aprobó el mandato para la creación del Grupo de Acreditación de la Junta del Fondo de Adaptación, que figura en el anexo IV.

Disposiciones jurídicas para la secretaría de la Junta del Fondo de Adaptación

19. Tras la aprobación por la CP/RP en su cuarto período de sesiones del memorando de entendimiento entre la CP/RP y el Consejo del FMAM en relación con la prestación de servicios de secretaría a la Junta del Fondo de Adaptación, el Consejo del FMAM, en su 35ª reunión, celebrada en Washington D.C. (Estados Unidos de América) del 22 al 24 junio de 2009, aprobó el memorando de entendimiento y autorizó a la secretaría del FMAM a prestar a la Junta del Fondo de Adaptación todos los servicios de secretaría, atendiendo a lo establecido en el memorando de entendimiento y en los siguientes documentos: Reglamento de la Junta del Fondo de Adaptación, papel y responsabilidades de la secretaría de la Junta del Fondo de Adaptación, y políticas y directrices operacionales provisionales para el acceso de las Partes a los recursos del Fondo de Adaptación.

Disposiciones jurídicas para el administrador fiduciario de la Junta del Fondo de Adaptación

20. Los directores ejecutivos del Banco Mundial aprobaron las condiciones para la prestación de servicios por el Banco Internacional de Reconstrucción y Fomento como administrador fiduciario del Fondo de Adaptación, a partir del 27 febrero de 2009, después de que la CP/RP las aprobara en su cuarto período de sesiones.

Monetización de las reducciones certificadas de las emisiones

21. De conformidad con el párrafo 5 k) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación se encarga de la monetización de las reducciones certificadas de las emisiones (RCE) que expida la Junta Ejecutiva del mecanismo para un desarrollo limpio y que se

remitan al Fondo de Adaptación, y debe informar anualmente a la CP/RP sobre la monetización de las reducciones certificadas de las emisiones.

22. Mediante el Programa de monetización de las RCE, el Banco Mundial como administrador fiduciario convierte en efectivo las RCE del Fondo de Adaptación. De conformidad con el párrafo 28 de la decisión 1/CMP.3, los tres objetivos de la monetización de las RCE son: garantizar un flujo de ingresos previsible para el Fondo de Adaptación; optimizar los ingresos para el Fondo de Adaptación y, a la vez, limitar los riesgos financieros; y ser transparente y monetizar la parte de los fondos devengados de la manera más eficaz posible en relación con los costos, utilizando los conocimientos especializados apropiados.

23. En mayo de 2009, el Banco Mundial, como administrador fiduciario, completó la serie inicial de transacciones para monetizar RCE. Vendió las primeras 600.000 RCE a un precio medio de 12,17 euros por tonelada. Una segunda venta de RCE tuvo lugar en junio de 2009, cuando se vendieron 500.000 RCE a un precio medio de 11,46 euros por tonelada. Los compradores de las RCE estaban ampliamente distribuidos en todos los sectores y regiones. Las directrices de monetización de las RCE, aprobadas por la Junta del Fondo de Adaptación, autorizan al Banco Mundial como administrador fiduciario a efectuar regularmente ventas de RCE en el mercado bursátil del carbono así como en el mercado extrabursátil. La Junta del Fondo de Adaptación convino en que el administrador fiduciario siguiera monetizando RCE a un ritmo moderado hasta que se necesitaran recursos para financiar proyectos y programas.

24. Al 16 de septiembre de 2009, el administrador fiduciario había vendido 1,13 millones de RCE que generaron unos ingresos para el Fondo de Adaptación de aproximadamente 18,7 millones de dólares de los EE.UU.

Capacidad jurídica de la Junta del Fondo de Adaptación

25. En su cuarto período de sesiones, la CP/RP decidió "que se confiera a la Junta del Fondo de Adaptación la capacidad jurídica que necesite para el desempeño de sus funciones en lo que respecta al acceso directo por las Partes calificadas y por las entidades de realización y ejecución"⁴.

26. En consecuencia, la Junta del Fondo de Adaptación invitó a las Partes a conferirle capacidad jurídica y a ofrecerle una sede. Dos Partes, Barbados y Alemania, presentaron ofertas a tal efecto. En sus reuniones sexta y séptima la Junta del Fondo de Adaptación consideró las dos ofertas, pero quedó a la espera de recibir información adicional de ambas Partes antes de tomar una decisión definitiva.

Creación del Fondo Fiduciario del Fondo de Adaptación

27. El Banco Mundial como administrador fiduciario estableció un fondo fiduciario con arreglo a sus normas y procedimientos con la función específica de conservar en efectivo la recaudación de la monetización de las RCE, así como cualquier otra contribución, en nombre del Fondo de Adaptación.

28. El acuerdo jurídico entre la CP/RP y el Banco Mundial como administrador fiduciario especifica que el administrador únicamente efectuará los desembolsos de conformidad con las instrucciones que le imparta por escrito la Junta del Fondo de Adaptación. Según ese acuerdo, el administrador tendrá una función limitada y no

⁴ Decisión 1/CMP.4, párr. 11.

operacional. Una vez transferidos los recursos, el administrador fiduciario no tendrá responsabilidad alguna por la utilización de los recursos del Fondo Fiduciario transferidos o por las actividades que se realicen con dichos recursos.

Reembolsos de fondos a las Partes por sus contribuciones

29. La Junta del Fondo de Adaptación, en su sexta reunión, decidió devolver las cantidades pendientes correspondientes a un préstamo del Fondo para los Países Menos Adelantados (Fondo PMA) y las contribuciones reembolsables de los Gobiernos de Australia y del Reino Unido de Gran Bretaña e Irlanda del Norte y del Programa de las Naciones Unidas para el Medio Ambiente (PNUMA). En el anexo V figura más información sobre esas contribuciones.

30. Al 30 de julio de 2009 se había reembolsado la deuda correspondiente al préstamo del Fondo PMA.

Concurso para elegir un logotipo para el Fondo de Adaptación

31. En su quinta reunión, la Junta del Fondo de Adaptación decidió pedir a la secretaría que convocara un concurso de logotipos para el Fondo de Adaptación. En su sexta reunión la Junta del Fondo de Adaptación eligió uno de los logotipos presentados y lo adoptó como logotipo del Fondo de Adaptación. La Junta también invitó al ganador del concurso a asistir a la ceremonia de entrega de premios que tuvo lugar durante la séptima reunión de la Junta del Fondo de Adaptación.

Interacción con el Programa Experimental sobre la Resiliencia al Cambio Climático

32. Durante el período que se examina, la Sra. Merlyn Van Voore (Sudáfrica, Grupo Africano) asistió a tres reuniones del Programa Experimental del Banco Mundial sobre la Resiliencia al Cambio Climático y presentó a la Junta dos informes sobre las actividades del subcomité de ese programa.

III. Apoyo a la Junta del Fondo de Adaptación y aplicación de su mandato

33. La CP/RP, en su tercer período de sesiones, pidió a la Junta del Fondo de Adaptación que elaborase mecanismos y propuestas para la puesta en marcha del Fondo de Adaptación⁵. La Junta ha completado las tareas encomendadas por la CP/RP y considera que se ha establecido la infraestructura institucional y normativa necesaria para poner en marcha el Fondo de Adaptación, incluido el marco para garantizar el acceso directo.

34. La Junta agradeció el apoyo financiero prestado por los Gobiernos de Dinamarca, Finlandia, Francia, Japón, Noruega, Suecia y Suiza, que permitió que se celebraran las reuniones de la Junta hasta el inicio de la monetización de las RCE.

35. La Junta también agradeció el apoyo prestado mediante contribuciones reembolsables por los Gobiernos de Australia y del Reino Unido, así como por el PNUMA.

⁵ Decisión 1/CMP.3, párr. 5 b).

36. Además, la Junta del Fondo de Adaptación agradeció el apoyo de su secretaría y su administrador fiduciario, así como el de la secretaría de la Convención Marco.

37. La Junta del Fondo de Adaptación aprobó su plan de trabajo hasta finales de 2009 y los presupuestos para apoyar ese plan de trabajo, inició la monetización de las RCE y estableció el marco operacional del Fondo de Adaptación, que incluye:

a) Políticas y directrices operacionales para el acceso de las Partes a los recursos del Fondo de Adaptación, incluidos el ciclo de los proyectos, las normas fiduciarias que las entidades de realización deberán cumplir para acceder a los recursos del Fondo, el proceso de acreditación de las entidades de realización y las plantillas para la presentación de proyectos;

b) El establecimiento del Grupo de Acreditación.

38. La Junta ha puesto en práctica un sistema para la acreditación de las entidades de realización. También ha adoptado medidas para establecer el Grupo de acreditación y ha nombrado a dos de sus miembros, el Sr. William Kojo Agyemang-Bonsu (Ghana, Partes no incluidas en el anexo I) y el Sr. Jerzy Janota Bzowski (Polonia, Grupo de los Estados de Europa Oriental). La Junta también ha iniciado el proceso de selección de expertos independientes como miembros del Grupo. Además, aprobó una carta que envió a las Partes calificadas para invitarlas a designar a entidades jurídicas nacionales de acreditación, así como una carta en la que preguntaba a los organismos multilaterales si estaban interesados en actuar como entidades multilaterales de realización.

39. El Banco Mundial como administrador fiduciario concluyó los acuerdos jurídicos y financieros necesarios para iniciar las primeras ventas de RCE en nombre de la Junta del Fondo de Adaptación, y ha recaudado más de 18,7 millones de dólares para el Fondo mediante la venta de 1,13 millones de RCE.

40. De conformidad con el párrafo 18 de la decisión 1/CMP.3, la contratación del primer funcionario de la Junta del Fondo de Adaptación – el Director de la secretaría de la Junta del Fondo de Adaptación —se completó en febrero de 2009. Se ha iniciado el proceso de contratación de otros dos funcionarios, que se espera que esté terminado a finales de 2009.

41. El inicio del ciclo de proyectos y la financiación de las propuestas de proyectos y programas podrían requerir importantes recursos, además de los disponibles en el Fondo de Adaptación. Los recursos netos disponibles en el Fondo Fiduciario del Fondo de Adaptación para asignar financiación ascendían al 31 de agosto de 2009 a 8,99 millones de dólares. Una estimación aproximada indica que los fondos disponibles hasta el año 2012 ascienden a 480 millones de dólares.

IV. Calendario de reuniones para 2010 y presupuesto administrativo para el ejercicio económico correspondiente a 2010

42. Una vez establecido el marco operacional en 2009, la Junta aprobará en 2010 las propuestas de financiación que respondan a las necesidades de adaptación de los países en desarrollo.

Calendario de reuniones de la Junta del Fondo de Adaptación

43. El calendario de reuniones de la Junta del Fondo de Adaptación para el año 2010 figura en el cuadro 2⁶.

Annex II

Operational policies and guidelines for Parties to access resources from the Adaptation Fund**INTRODUCTION**

1. Article 12, paragraph 8, of the Kyoto Protocol states that “The Conference of the Parties serving as the meeting of the Parties to this Protocol shall ensure that a share of the proceeds from certified project activities is used to cover administrative expenses as well as to assist developing country Parties that are particularly vulnerable to the adverse effects of climate change to meet the costs of adaptation.” This is the legal basis for the establishment of the Adaptation Fund.
2. At the seventh session of the Conference of the Parties, held in Marrakesh, Morocco, from 29 October to 10 November 2001, Parties agreed to the establishment of the Adaptation Fund (hereinafter referred to as the Fund).¹
3. At its first and second sessions^{2, 3}, the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP), decided on specific approaches, principles and modalities to be applied for the operationalization of the Fund.
4. At its third session, the CMP decided that the operating entity of the Fund would be the Adaptation Fund Board (hereinafter referred to as the Board), serviced by a secretariat and a trustee.⁴ Parties invited the Global Environment Facility to provide secretariat services to the Adaptation Fund Board (hereinafter referred to as the secretariat), and the World Bank to serve as the trustee (hereinafter referred to as the trustee) of the Fund, both on an interim basis.
5. Decision 1/CMP.3, paragraph 5 (b), defines one of the functions of the Board as developing and deciding on specific operational policies and guidelines, including programming guidance and administrative and financial management guidelines, in accordance with decision 5/CMP.2, and to report to the CMP.
6. At its fourth session, the CMP, through its decision 1/CMP.4, adopted:
 - (a) The rules of procedures of the Adaptation Fund Board;
 - (b) The memorandum of understanding between the CMP and Council of the Global Environmental Facility regarding secretariat services to the Adaptation Fund Board, on an interim basis;

¹ See decision 10/CP.7, “Funding under the Kyoto Protocol”.

² See decision 28/CMP.1, “Initial guidance to an entity entrusted with the operation of the financial mechanism of the Convention, for the operation of the Adaptation Fund” in Annex I to this document.

³ See decision 5/CMP.2, “Adaptation Fund”, in Annex I to this document.

⁴ See decision 1/CMP.3, “Adaptation Fund”, in Annex I to this document.

- (c) The terms and conditions of services to be provided by the International Bank for Reconstruction and Development (the World Bank) as trustee for the Adaptation Fund, on an interim basis;
 - (d) The strategic priorities, policies and guidelines of the Adaptation Fund (see annex I).
7. The CMP, by its decision 1/CMP.4, paragraph 11, decided that the Adaptation Fund Board be conferred such legal capacity as necessary for the discharge of its functions with regard to direct access by eligible Parties.
 8. This document (hereafter referred to as the operational policies and guidelines), in response to the above CMP decisions, outlines operational policies and guidelines for eligible developing country Parties to access resources from the Fund. The operational policies and guidelines are expected to evolve further based on the experience acquired through the operationalization of the Fund, subsequent decisions of the Board and future guidance from the CMP.

DEFINITIONS OF ADAPTATION PROJECTS AND PROGRAMMES

9. The Adaptation Fund established under decision 10/CP.7 shall finance concrete adaptation projects and programmes.
10. A concrete adaptation project is defined as a set of activities aimed at addressing the adverse impacts of and risks posed by climate change. Adaptation projects can be implemented at the community, national, and transboundary level. Projects concern discrete activities with a collective objective(s) and concrete outcomes and outputs that are more narrowly defined in scope, space, and time.
11. An adaptation programme is a process, a plan, or an approach for addressing climate change impacts that is broader than the scope of an individual project.

OPERATIONAL AND FINANCING PRIORITIES

12. The overall goal of all adaptation projects and programmes financed under the Fund will be to support concrete adaptation activities that reduce the adverse effects of climate change facing communities, countries, and sectors.
13. Provision of funding under the Fund will be based on, and in accordance with, the *Strategic Priorities, Policies and Guidelines of the Adaptation Fund* adopted by the CMP, attached as Annex I.
14. Funding will be provided on full adaptation cost basis of projects and programmes to address the adverse effects of climate change.⁵ Full cost of adaptation means the costs associated with implementing concrete adaptation activities that address the adverse effects of climate change. The Fund will finance projects and programmes whose principal and explicit aim is to adapt and increase climate resilience. The project proponent is to provide justification of the extent to which the project contributes to adaptation and climate resilience. The Board may provide further guidance on financing priorities, including through the integration of information based on further research on the full costs of adaptation and on the lessons learned.

⁵ Decision 5/CMP.2, paragraph 1 (d).

15. In developing projects and programmes to be funded under the Fund, eligible developing country Parties may wish to consider the guidance provided in Decision 5/CP.7. Parties may also consult information included in reports from the Intergovernmental Panel on Climate Change (IPCC) and information generated under the Nairobi Work Programme (NWP) on Impacts, Vulnerability and Adaptation to Climate Change.⁶
16. Decisions on the allocation of resources of the Fund shall take into account the criteria outlined in the *Strategic Priorities, Policies and Guidelines of the Adaptation Fund*, adopted by the CMP, specifically:
 - (a) Level of vulnerability;
 - (b) Level of urgency and risks arising from delay;
 - (c) Ensuring access to the fund in a balanced and equitable manner;
 - (d) Lessons learned in project and programme design and implementation to be captured;
 - (e) Securing regional co-benefits to the extent possible, where applicable;
 - (f) Maximizing multi-sectoral or cross-sectoral benefits;
 - (g) Adaptive capacity to the adverse effects of climate change.
17. Resource allocation decisions will be guided by paragraphs 9 and 10 of the *Strategic Priorities, Policies and Guidelines of the Adaptation Fund*.
18. The Board will review its procedures for allocating resources of the Fund among eligible Parties at least every three years, and/or as instructed by the CMP.

PROJECT/ PROGRAMME PROPOSAL REQUIREMENTS

19. To access Fund resources, a project/programme will have to be in compliance with the eligibility criteria contained in paragraph 15 of the *Strategic Priorities, Policies and Guidelines of the Adaptation Fund* and using the relevant templates.

COUNTRY ENDORSEMENT

20. Every proposal for funding must be endorsed by the requesting government.
21. Each Party shall designate and communicate to the Secretariat the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities.

⁶ IPCC Assessment Report 4, see <http://www.ipcc.ch/ipccreports/assessments-reports.htm> and NWP see http://unfccc.int/adaptation/sbsta_agenda_item_adaptation/items/3633.php.

FINANCING WINDOWS

22. Parties may undertake adaptation activities under the following categories:
- (a) Small-size projects and programmes (proposals requesting up to \$1 million); and
 - (b) Regular projects and programmes (proposals requesting over \$1 million).

ELIGIBILITY CRITERIA**Country Eligibility**

23. The Fund shall finance concrete adaptation projects and programmes in developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change.
24. Paragraph 10 of the *Strategic Priorities, Policies and Guidelines of the Adaptation Fund*⁷ provides the country eligibility criteria.
25. A cap in resource allocation per eligible host country, project and programme will be agreed by the Board based on a periodic assessment of the overall status of resources in the Adaptation Fund and with a view to ensuring equitable distribution.

Implementing and Executing Entities

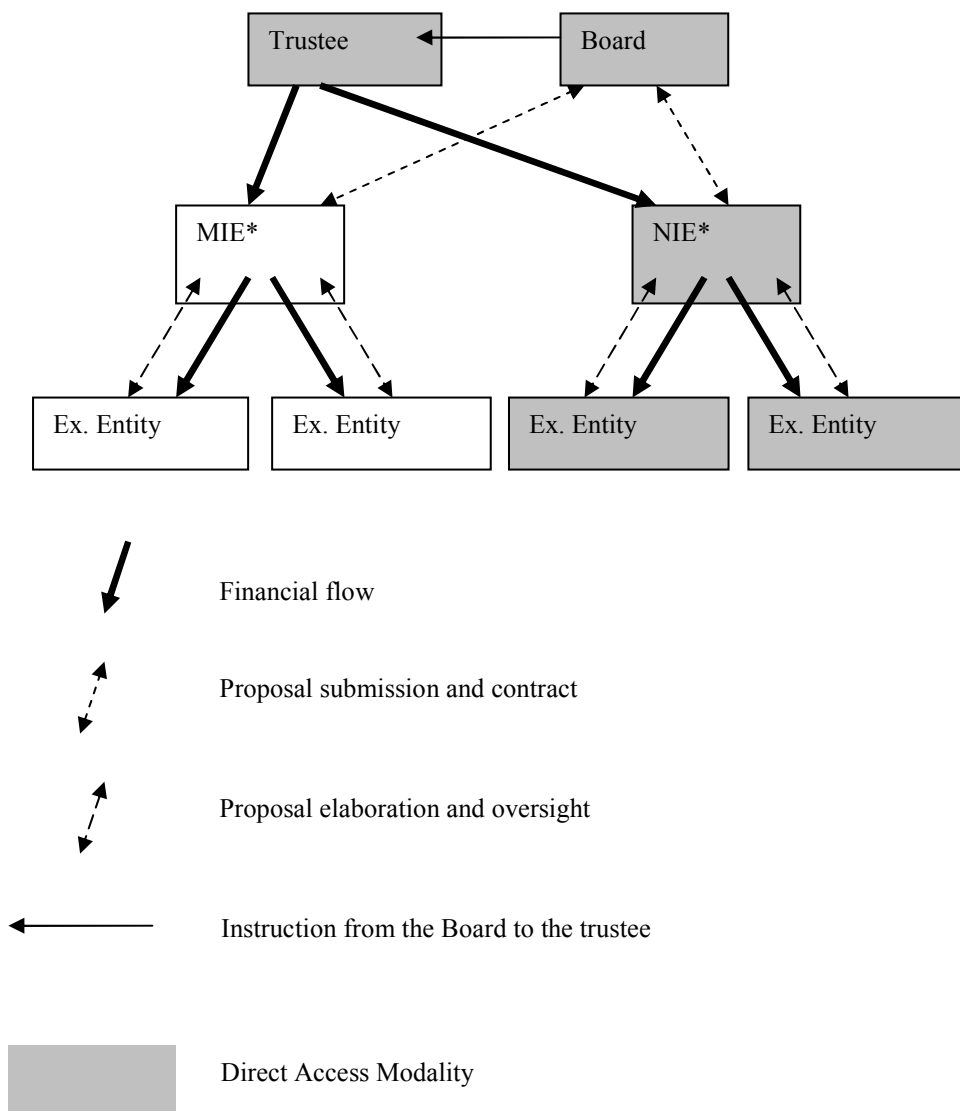

26. Eligible Parties who seek financial resources from the Adaptation Fund shall submit proposals directly through their nominated National Implementing Entity (NIE).⁸ They may, if they so wish, use the services of Multilateral Implementing Entities (MIE). The implementing entities shall obtain an endorsement from the government.⁹ The modalities for accessing resources of the Adaptation Fund are outlined in Figure 1.

⁷ Document FCCC/KP/CMP/2008/11/Add.2: <<http://unfccc.int/resource/docs/2008/cmp4/eng/11a02.pdf#page=1>>.

⁸ They may include inter alia, ministries, inter-ministerial commissions, government cooperation agencies.

⁹ As laid out in paragraph 21: "Each Party shall designate and communicate the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities."

Figure 1: Modalities for Accessing Resources of the Adaptation Fund

* A Party nominates a National Implementing Entity or it may also nominate a Multilateral entity.

27. National Implementing Entities (NIE) are those national legal entities nominated by Parties that are recognized by the Board as meeting the fiduciary standards established by the Board. The NIEs will bear the full responsibility for the overall management of the projects and programmes financed by the Adaptation Fund, and will bear all financial, monitoring, and reporting responsibilities.
28. A group of Parties may also nominate regional and sub-regional entities as implementing entities, in which case provisions of paragraph 27 will apply.

29. Multilateral Implementing Entities (MIE) are those Multilateral Institutions and Regional Banks that meet the fiduciary standards provided by the Board. The MIEs, chosen by eligible Parties to submit proposals to the Board, will bear the full responsibility for the overall management of the projects and programmes financed by the Adaptation Fund, and will bear all financial, monitoring, and reporting responsibilities.
30. In the case of regional (i.e., multi-country) projects and programmes, the proposal submitted to the Board should be endorsed by the designated authority of each participating Party.
31. Executing Entities are organizations that execute adaptation projects and programmes supported by the Fund under the oversight of the Implementing Entities.

ACCREDITATION OF IMPLEMENTING ENTITIES

Fiduciary Standards

32. Among the principles established for the Adaptation Fund (Decision 5/CMP.2) is “sound financial management, including the use of international fiduciary standards.” At its 7th meeting the Board adopted fiduciary standards governing the use, disbursement and reporting on funds issued by the Adaptation Fund covering the following broad areas (refer to Annex 2 for details):
- (a) Financial Integrity and Management:
- (i) Accurately and regularly record transactions and balances in a manner that adheres to broadly accepted good practices, and are audited periodically by an independent firm or organization;
 - (ii) Managing and disbursing funds efficiently and with safeguards to recipients on a timely basis;
 - (iii) Produce forward-looking financial plans and budgets;
 - (iv) Legal status to contract with the Adaptation Fund and third parties
- (b) Institutional Capacity:
- (i) Procurement procedures which provide for transparent practices, including in competition;
 - (ii) Capacity to undertake monitoring and evaluation;
 - (iii) Ability to identify, develop and appraise project;
 - (iv) Competency to manage or oversee the execution of the project/programme including ability to manage sub-recipients and to support project /programme delivery and implementation.
- (c) Transparency and Self-investigative Powers: Competence to deal with financial mismanagement and other forms of malpractice.

Accreditation Process

33. Accreditation for the implementing entities would follow a transparent and systematic process through an Adaptation Fund Accreditation Panel supported by the Secretariat. The Accreditation Panel will consist of two Board Members and three experts. The different steps for accreditation are as follows:
- (a) The Board will invite each Party¹⁰ to nominate a national implementing entity; the Board will issue a call to potential multilateral implementing entities to express interest in serving as a MIE;
 - (b) Potential implementing entities will submit their accreditation applications to the Secretariat together with supporting documentation to verify how they meet the fiduciary standards;
 - (c) The Secretariat will review the documentation to ensure that all the necessary information is provided, and will follow-up with the potential implementing entities to ensure that the application package is complete. The Secretariat will forward the complete package to the Accreditation Panel within 15 (fifteen) working days following receipt of a candidate implementing entity's submission;
 - (d) The Panel will undertake a desk-review of the application and forward its recommendation to the Board; should the Panel require additional information prior to making its recommendation, a mission and/or a teleconference may be undertaken with regard to the country concerned.¹¹The Board will provide further guidance on the required information in the future on the basis of lessons learned; and
 - (e) The Board will make a decision and in writing will notify the entity of the outcome, which could fall into one of the following categories:
 - (i) Applicant meets requirements and accreditation is recommended; or
 - (ii) Applicant needs to address certain requirements prior to full accreditation.
34. In case the nominated NIE does not meet the criteria, an eligible Party may resubmit its application after addressing the requirements of the Board. In the meantime, eligible Parties are encouraged to use the services of an MIE, if they so wish, to submit project proposals for funding by the Adaptation Fund.
35. Accreditation will be valid for a period of 5 years. The Board will develop guidelines for renewal of an implementing entity's accreditation based on simplified procedures that will be established at a later date.
36. The Board reserves the right to evaluate the performance of implementing entities at any time during an implementing entity's accreditation period. A minimum notification of 6 months will be given to an implementing entity if they have been identified by the Board as being the object of such an evaluation.

¹⁰ The designated authority referred to in paragraph 21 above shall endorse the application for accreditation on behalf of the Party.

¹¹ The Panel will specify areas requiring further work to meet the requirements and may provide technical advice to address such areas. In exceptional circumstances, an external assessor may be used to help resolve especially difficult/contentious issues.

37. The Board may also consider suspending or cancelling the accreditation of an implementing entity if the entity made false statements or provided intentionally incomplete information to the Board both at the time of accreditation to the Board or in submitting a project or programme proposal.
38. Before the Board makes its final decision on whether to suspend or cancel the accreditation of an implementing entity, the entity concerned will be given a fair chance to present its views to the Board.

PROJECT CYCLE

39. The project cycle of the Adaptation Fund for any project or programme size begins with a proposal submission to the Secretariat by the NIE/MIE chosen by the government of the recipient country/ies. The submission is followed by an initial screening, project review and approval.¹²

Review and Approval of Small-size Projects and Programmes

40. In order to expedite the process of approving projects and reduce unnecessary bureaucracy, it is proposed that small-size projects undergo a one-step approval process by the Board. The proposed project cycle steps are as follows:
- (a) The project proponent submits a fully developed project document¹³ based on a template approved by the Board (Annex 3, Appendix A for the case of projects and Appendix B for the case of programmes¹⁴). Proposals can be submitted to the Board through the Secretariat three times per year or as may be decided at any time by the Board depending on the flow of requests and the available resources. The timetable for the submission and review of proposals will be synchronized with the meetings of the Board to the extent possible.
 - (b) The Secretariat will screen all proposals for consistency and provide a technical review. It will then forward the proposals with the technical reviews to the Projects and Programmes Review Committee for review, based on the criteria approved by the Board (Annex 3). Screening by the Secretariat will be conducted as soon as possible, and within fifteen (15) working days.
 - (c) The Secretariat will send all project proposals received with technical reviews to the Project and Programmes Review Committee four weeks prior to the Adaptation Fund Board meeting. The Project and Programmes Review Committee will review the proposals and give its recommendation to the Board for a decision at the Meeting. The Committee may use services of independent adaptation experts to provide input into the review process if needed. The Board can approve or reject a proposal with a clear explanation to the implementing entities. Rejected proposals can be resubmitted after consideration of the reasons for rejection.

¹² The designated authority referred to in paragraph 21 above shall endorse the proposal submission.

¹³ A fully developed project is one that has been appraised for technical and implementation feasibility and is ready for financial closure prior to implementation.

¹⁴ Appendix B, a template for programmes to be completed at a future date

- (d) The proposals approved by the Board will be posted on the Adaptation Fund website. The Secretariat in writing will notify the proponent of the decision of the Board.

Review and Approval of Regular Projects and Programmes

41. Regular adaptation projects are those that request funding exceeding \$1 million. It is proposed that these proposals undergo either a one-step or a two-step¹⁵ approval process. To reduce the time needed to get a project funded, proponents are encouraged to submit a fully-developed project document¹⁶ for a one-step approval. The proposed project cycle steps for a one-step approval are as follows:
- (a) The project proponent submits a fully-developed project document based on a template approved by the Board. Proposals can be submitted to the Board through the Secretariat three times per year or in any other schedule to be decided by the Board. The timetable for the submission and review of proposals will be synchronized with the meetings of the Board as much as possible.
 - (b) The Secretariat will screen all proposals for consistency and provide a technical review. It will forward the proposals and the technical reviews to the Projects and Programmes Review Committee for review based on the criteria approved by the Board (Annex 3). Screening by the Secretariat will be conducted as soon as possible, and within fifteen (15) working days.
 - (c) The Secretariat will send all project proposals with technical reviews to the Project and Programmes Review Committee four weeks before the Adaptation Fund Board meeting. The Project and Programme Review Committee will review the proposals and give its recommendation to the Board for a decision at the Meeting. The Committee may use services of independent adaptation experts to provide input into the review process if needed. The Board can approve or reject a proposal with a clear explanation to the implementing entities. Rejected proposals can be resubmitted after consideration of the reasons for rejection.
 - (d) All proposals approved by the Board will be posted on the Adaptation Fund website. The Secretariat in writing will notify the proponent of the decision of the Board.

¹⁵ A brief project concept is approved in the first step followed by the review and approval of a fully-developed project/document in the second-step. A two-step process, while time consuming minimizes the risk that a proponent does not invest time and energy in fully developing a project or program document that fails to meet the criteria of the Fund. Funding will only be reserved for a project after the approval of a fully-developed project document in the second step.

¹⁶ A fully developed project is one that has been appraised for technical and implementation feasibility and is ready for financial closure prior to implementation.

Disbursement

42. The Secretariat will draft contracts, memoranda of understanding and/or other necessary agreements with implementing entities and provide these agreements for signature by the Chair or any other Member designated to sign these documents. The Board may, at its discretion, review any of the proposed agreements. A template approved by the Board will be used to prepare such agreements.
43. The Trustee will disburse funds on the written instruction of the Board, signed by the Chair, or any other Board Member designated by the Chair, and report to the Board on the disbursement of funds.
44. The Board will ensure a separation of functions between the review and verification of disbursement requests, and the issuance of instructions to the Trustee to disburse.
45. The Board may instruct the Trustee to disburse funds for programmes in tranches based on time specific milestones, and may require a progress review from the Implementing Entity prior to each tranche disbursement.

Monitoring, Evaluation and Review

46. The Board is responsible for the strategic oversight of projects and programmes implemented with resources from the Fund. The Ethics and Finance Committee, with support of the Secretariat, will monitor the Adaptation Fund portfolio of projects and programmes.
47. The Adaptation Fund Board will develop a results framework to support the *Strategic Priorities, Policies, and Guidelines of the Adaptation Fund*. The framework will take into consideration existing good practices and lay out an approach that: (i) incorporates measuring results with widely recognized tools; (ii) assesses risk on an ongoing basis; and (iii) incorporates learning into strategies, projects, and programmes.
48. The Board will oversee results at the fund-level. Implementing entities shall ensure that capacity exists to measure and monitor results of the Executing Entities at the country-level. The Board requires that projects and programmes under implementation submit annual status reports to the Ethics and Finance Committee. The Committee, with the support of the Secretariat, shall provide an annual report to the Board on the overall status of the portfolio and progress towards results.
49. All regular projects and programmes that complete implementation will be subject to terminal evaluation by an independent evaluator selected by the Implementing Entity. The Board reserves the right to submit small projects and programmes to terminal evaluation when deemed appropriate. Terminal evaluation reports will be submitted to the Board within a reasonable time after project termination, as stipulated in the project agreement. .
50. The Adaptation Fund Board will consider the process for developing a results framework to support projects and programmes and outline its main components with the aim of ensuring that the framework is in place before projects are approved.

51. The Adaptation Fund Board reserves the right to carry out independent reviews or evaluations of the projects and programmes as and when deemed necessary. The costs for such activities will be covered by the Adaptation Fund.
52. This project cycle will be kept under review by the Board.

Procurement

53. Procurements by the Implementing Entities or any of their attached organizations shall be performed in accordance with internationally accepted procurement principles, good procurement practices and the procurement regulations as applicable to a given Party. Implementing Entities shall observe the highest ethical standards during the procurement and execution of the concrete adaptation projects.
54. The project proposal submitted to the Board shall contain adequate and effective means to punish and prevent malpractices. The Implementing Entities should promptly inform the Board of any instances of such malpractices.

Project Suspensions and Cancellations

55. At any stage of the project cycle, either at its discretion or following an independent review-evaluation, the Ethics and Finance Committee may recommend to the Board to suspend or cancel a project for several reasons, notably:
 - (a) financial irregularities in the implementation of the project; and/or
 - (b) material breach and poor implementation performance leading to a conclusion that the project can no longer meet its objectives.
56. Before the Board makes its final decision whether to suspend or cancel a project or a programme, the concerned implementing entity will be given a fair chance to present its views to the Board.
57. In accordance with their respective obligations, Implementing Entities suspending or cancelling projects and programmes must notify and send detailed justification to the Board for information.
58. The Secretariat will report to the Board on an annual basis on all approved projects and programmes that were suspended or cancelled during the preceding year.

Reservations

59. The Board reserves the right to reclaim all or parts of the financial resources allocated for the implementation of a project or programme, or to cancel projects or programmes later found not to be satisfactorily accounted for. The implementing entity shall be given a fair chance to consult and present its point of view before the Board.

Dispute Settlement

60. In case of a dispute as to the interpretation, application, or implementation of the project/programme, the implementing entity shall first approach the Secretariat with a written request seeking clarification. In case the issue is not resolved to the satisfaction of the implementing entity, the case may be put before the Board at its next meeting, to which a representative of the implementing entity could also be invited.

61. Subject to development on the legal status of the Board, the Board will draw more comprehensive dispute settlement provisions.

Management Fees

62. Every project proposal submitted to the Board shall state the management fee requested by the Implementing Entity, if any. The reasonability of the fee will be reviewed on a case by case basis.

Where to send a Request for Funding

63. All requests shall be sent to:

The Adaptation Fund Board Secretariat
Tel: +1 202 473 0508
Fax: +1 202 522 3240/5
Email: secretariat@adaptation-fund.org

64. Acknowledgment of the receipt shall be sent to the proposing Implementing Entities within a week of the receipt of the request for support. All project proposals submitted will be posted on the website of the Adaptation Fund Board. The Secretariat will provide facilities that will enable interested stakeholders to publicly submit comments about proposals.

Review of the Operational Policies and Guidelines

65. The Board shall keep these operational policies and guidelines under review and will amend them as deemed necessary.

ANNEX 1: TEMPLATES APPROVED BY THE ADAPTATION FUND BOARD

Approval and Operations Procedures

1. **Adaptation Fund Project Approval Process:** There are two approval processes under the Adaptation Fund project cycle: (i) a one-step approval process; and (ii) a two-step approval process. Eligible developing country Parties to the Kyoto Protocol may submit project proposals directly to the Adaptation Fund Board Secretariat (AFBS) via its National Implementing Entities (NIEs) or via Multilateral Implementing Entities (MIEs). NIEs/MIEs have to be accredited by the Adaptation Fund Board (AFB) to be eligible as an implementing entity for the purpose of submitting projects to the Adaptation Fund. They should also meet the fiduciary standards and other qualifications provided by the Board. All small-size projects will follow the one-step approval process, while regular projects may follow either the one-step approval or the two-step approval process, depending on the stage of project preparation, and at the discretion of the project proponent. The following section outlines the steps of the approval processes.

2. **Single Approval Process:** This process may be used for small-size projects or regular projects with proposals that are already fully-prepared. Approval process includes the following steps:
 - (a) Eligible Parties submit a fully-prepared project document to the AFBS seven weeks before the next AFB meeting.
 - (b) The AFBS will screen all proposals and prepare a Technical Review for each project/programme. The AFBS will submit a collection of proposals consisting of technical reviews of all projects to the Project and Program Review Committee (PPRC) four (4) weeks prior to the next AFB meeting.
 - (c) The PPRC will review and prepare recommendations for the Board using a Recommendation Template. The PPRC will convene back-to-back to the Adaptation Fund Board (AFB) meeting to finalize its recommendation and submit its recommendation the next day to the AFB.
 - (d) AFB approves/rejects the recommendations during the meeting.
 - (e) All approved projects will be posted on the AF website following the conclusion of its meeting.

3. **Two-Step Approval Process:** The two-step approval process may be used for regular projects if it is so decided by the proponent Party: (i) project concept approval; and (ii) final project document approval. Each of these steps is subject to the same approval process as the single approval process, i.e., the project is subjected to the single approval process twice. The rationale for choosing such a process is for a country to receive feedback or guidance from the AFB upstream before a project has been fully prepared. The following two documentations are required to be submitted at each step following the same procedures as the single approval process:
 - (a) 1st step: Regular Project Concept.
 - (b) 2nd step: Regular Project Final Project Document.

4. **Documentation required in the submission:**

- (a) *Regular Project Concept*: used for the first step of the two-step approval process (only for regular projects that have not been fully developed);
- (b) *Small-sized Project Document Template*: for use when submitting small-sized projects;
- (c) *Regular Project Document Template*: for use when submitting regular projects (for regular projects that have been fully developed);
- (d) *Full Project Document* prepared by NIEs/MIEs for both small-sized and regular projects;
- (e) Endorsement Template endorsed by the country's designated authority for the Adaptation Fund.¹

5. **Categories of projects under the Adaptation Fund:**

- (a) Small-Sized projects (SPs): defined as project proposals requesting up to \$1.0 million.
- (b) Regular-Sized projects (RPs): project proposals requesting more than \$1.0 million
- (c) Programme: a series of projects which could include small-size projects or regular projects aimed at achieving an outcome that is otherwise not achievable by a single project. Projects under a programme would have synergies in their objectives and implementations.

6. **Definitions of Terms:**

- (a) Projects: A concrete adaptation project is defined as a set of activities aimed at addressing the adverse impacts of and risks posed by climate change.
- (b) Programme: An adaptation program is a process, a plan or an approach for addressing climate change impacts which are broader than the scope of an individual project. The Board will provide further guidance on the adaptation programmes, its aims and objectives in the future on the basis of lessons learned.

7. **Financing and Disbursement:**

- (a) Financing: funding for projects and programs will be on a full adaptation cost basis to address the adverse effects of climate change.²
- (b) Disbursement: The Trustee will disburse funds on the written instruction of the Board, signed by the Chair and the Vice-Chair, or any other Board Member designated by the Chair and the Vice-Chair, and report to the Board on the disbursement of funds.

¹ The designated authority referred to in paragraph 21 of the operational guidelines.

² Para. 14 of the "Provisional Operational Policies and Guidelines for Parties to Access Resources from the Adaption Fund," and para. 12 of the "Strategic Priorities, Policies, and Guidelines of the Adaptation Fund."

Adaptation Fund Project Review Criteria

1. The following review criteria for Adaptation Fund projects are applicable to both the small-size projects and regular projects under the single-approval process. For regular projects using the two-step approval process, only the first four criteria will be applied when reviewing the 1st step for regular project concept. In addition, the information provided in the 1st step approval process with respect to the review criteria for the regular project concept could be less detailed than the information in the request for approval template submitted at the 2nd step approval process. Furthermore, a final project document is required for regular projects for the 2nd step approval, in addition to the approval template.

Review Criteria	
1. Country Eligibility	<ul style="list-style-type: none"> • Is the country party to the Kyoto Protocol? • Is the country a developing country particularly vulnerable to the adverse effects of climate change?³
2. Project Eligibility	<ul style="list-style-type: none"> • Has the government endorsed the project?⁴ • Does the project support concrete adaptation actions to assist the country in addressing the adverse effects of climate change? • Does the project provide economic, social and environmental benefits, with particular reference to the most vulnerable communities? • Is the project cost-effective? • Is the project consistent with national sustainable development strategies, national development plans, poverty reduction strategies, national communications or adaptation programs of action, or other relevant instruments? • Does the project meet the relevant national technical standards, where applicable? • Is there duplication of project with other funding sources? • Does the project have a learning and knowledge management component to capture and feedback lessons? • Has the project provided justification for the funding requested on the basis of the full cost of adaptation?
3. Resource Availability	<ul style="list-style-type: none"> • Is the requested project funding within the cap of the country?
4. Eligibility of NIE/MIE	<ul style="list-style-type: none"> • Is the project submitted through an eligible NIE/MIE that has been accredited by the Board?

³ Further reference to the eligibility of country can be found in the document: “Strategic Priorities, Policies, and Guidelines of the Adaptation Fund”

⁴ Each Party shall designate and communicate to the Secretariat the authority that will endorse on behalf of the national government the projects and programmes proposed by the implementing entities.

5. Implementation Arrangement	<ul style="list-style-type: none"> • Is there adequate arrangement for project management? • Are there measures for financial and project risk management? • Are arrangements for monitoring and evaluation clearly defined, including a budgeted M&E plan? • Is a project results framework included?

Terms of Reference for the Establishment of the Adaptation Fund Board Accreditation Panel

Background and Context

The Adaptation Fund has been established by the Parties to the Kyoto Protocol of the UN Framework Convention on Climate Change to finance concrete adaptation projects and programmes in developing countries that are Parties to the Kyoto Protocol.

The Adaptation Fund is considered an innovative mechanism for three particular reasons:

- (a) It is funded by an international levy from the Clean Development Mechanism of the Kyoto Protocol.
- (b) It is governed by a body—the Adaptation Fund Board (the Board)-which has majority representation from developing countries.
- (c) It provides eligible developing countries an opportunity to directly access its funds.

In order to provide direct access to its funds, the Adaptation Fund requires national legal entities nominated by eligible countries to meet the fiduciary standards adopted by the Board and to be accredited as National Implementing Entities (NIE). Therefore, the Board has decided to establish an Accreditation Panel that will review applications for accreditation and make recommendations to the Board.

The Board is therefore seeking external experts to serve on its Accreditation Panel (the Panel).

Mandate of the Panel

In accordance with the *Operational Policies and Guidelines for Parties to Access Resources from the Adaptation Fund* (hereafter “the operational policies and guidelines”), the Panel shall make recommendations to the Board regarding:

- (a) The accreditation of an implementing entity;
- (b) The conditional accreditation of an implementing entity;
- (c) The suspension of accreditation of an implementing entity;
- (d) The cancellation of accreditation of an implementing entity; and
- (e) The re-accreditation of an implementing entity.

The tasks identified in the paragraph above imply that, *inter alia*, the following activities are to be carried out by the Panel:

- (a) Review and consideration of applications for accreditation of implementing entities, based on *i.a.* information provided in the Application Form.

In case an application is not immediately approved the following considerations may be taken:

- (a) Determination of whether technical support needs to be provided to an applicant implementing entity to improve its capacities in order to attain accreditation, and the extent of the required support;
- (b) Determination of the existence of exceptional circumstances that would justify the use of an external assessor to help resolve difficult/contentious issues;

- (c) Determination of the need to require additional information or resubmission of an application from an applicant implementing entity;
- (d) Determination of whether an on-site visit and/or observation of the designated implementing entity is required;
- (e) Make recommendations to the Board on the issues above, as applicable.

Membership

The Panel shall be composed of five (5) members selected by the Board. The five Panel members will be comprised of two (2) Board members or alternates and (3) three external experts with demonstrated and recognized capacity in their field of work.

The two members of the Panel who are Board members will be designated by the Board as Chair and Vice-chair of the Panel.

The Secretariat shall invite and compile a list of experts for consideration by the Board. The Board shall select the expert members of the panel from this list, taking fully into account considerations of regional balance and competence/expertise. In addition, the Board may draw on the advice, as necessary, of experts identified by the International Accreditation Forum (IAF).

Panel members shall be designated to serve on the panel for two (2) calendar years.

Panel members who are also Board members shall be eligible to serve two consecutive terms. However, in order to ensure continuity in the work of the Panel after its inaugural period, only one of these two members shall be replaced after his or her first term.

Panel members who are external experts may be reelected for two consecutive terms, as the Board deems appropriate, taking into account the performance of the expert.

The Board shall oversee the performance of the panel and its members, as necessary.

Competence requirements

The panel members who are external experts shall have:

- (a) Demonstrated relevant work experience in accounting, auditing, public finance or project management of at least 5 years in a national, regional or international capacity. Experience with any national or international accreditation body would be an advantage;
- (b) An understanding of government and nongovernmental financial reporting systems. Knowledge of forensic accounting and internal control mechanisms would be desirable;
- (c) Ability to communicate fluently, both in writing and orally, in English. Working knowledge of other UN languages would be desirable;
- (d) Excellent drafting skills, strong operational and analytical skills, and an ability to work as a member of a team; and
- (e) A university degree in economics, accounting, or any related discipline.

The Board shall require members of the Panel to commit in writing to comply with the rules defined by the Board, in particular with regard to confidentiality and to independence from commercial and other conflict of interests, including any existing or prior association with an implementing entity to be assessed.

Modalities of work

The Panel shall operate under the guidance and authority of the Board and shall be bound by these terms of reference, as well as by the operational policies and guidelines and the code of conduct, as adopted by the Board. The *General Guidelines for Board Committees*¹ shall apply *mutatis mutandi* to the Panel.

The mandate of the Panel may be revised or terminated by the Board if necessary.

Panel meetings can be held with panel members being either physically or electronically present. The dates and modalities of panel meetings shall be determined by the Chair and Vice-chair of the Panel, bearing in mind resources available and the need for accreditation review.

Compensation

Travel costs and daily subsistence allowance shall be paid to those panel members who are Board members and attending a meeting of the panel or undertaking any official site visit as approved by the Board, in accordance with UN rules.

Members of the Panel who are external experts shall be paid fees for their services and travel expenses.

Revision of the TORs

The Board will revise these terms of reference as necessary.
