

United Nations Climate Change Conference
COP 15 and CMP 5
Copenhagen, 7-18 December 2009

Daily Programme

Part Two

1

Special announcement

NGO participation will be limited to 300 delegates on Friday, 18 December at the UN climate change conference to maintain a peaceful environment for the negotiations and ensure the necessary level of security when over 110 Heads of State and Government will be present. Regrettably, security considerations and the limitation of the capacity of the Bella Center have made it impossible to open the venue to a larger number of civil society representatives.

Alternative conference venue for observer organizations

The Host Country in cooperation with the Danish NGO-network Peoples' Climate Action (PCA) is organizing an alternative conference venue at Forum Copenhagen for the observer organization representatives that will not be able to enter the Bella Center on Friday, 18 December. TV links to the Bella Center will be established that will show the proceedings at COP 15. A wireless internet connection will be available.

Observer organization representatives with valid UNFCCC COP 15 badges may go to the alternative venue at Forum Copenhagen, Julius Thomsens Plads 1, 1925 Frederiksberg (Metrolines M1 and M2 go directly to Forum station). Catering will be available.

The parallel conference Peoples' Climate Summit (Klimaforum09) also organizes a meeting place Øksnehallen, Halmtorvet 11, 1700 Copenhagen V. TV links to the Bella Center will also be available at this venue. Peoples' Climate Summit is part of the parallel conference in the DGI town where seminars, exhibitions, concerts etc. are being organized, please see www.klimaforum09.org.

For further practical information about the alternative conference venue, access, IT facilities, catering etc., please contact PCA tel. +45 7022 2799 (www.peoplesclimateaction.dk/uk).

For other information, please contact Ms. Margit Thomsen, Ministry of Foreign Affairs, tel. +45 2639 8782.

¹ Please consult the CCTV monitors and the Information counter for any last-minute changes to this Programme. FCCC/2009/VI/OD/11 (Part II)

Events

For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure "**...inSide climate change**", available from the Information desk, or visit the UNFCCC [website](#). The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.

Side events

Time	Organizer	Title/Theme	Venue
09:00– 10:30	Centre for International Governance Innovation (CIGI), The Royal Society Mr. Jason Blackstock jjb@iiasa.ac.at +617 401 8232	Science, research and international governance of geoengineering This event will review the science of geoengineering – highlighting that it is no alternative to emission reductions – identify research needs and possible future utility, and explore international governance implications.	Halfdan Rasmussen (Hall H)
09:00– 10:30	Swiss Association for Environmentally Conscious Management (ÖBU) Mr. Christoph Sutter c.sutter@ southpolecarbon. com +41 44 6337870	Next level of the CDM: How can public private partnerships enable programmes of activities? Presentations of pioneering programmes of activities (PoAs). Formulation of regulatory suggestions to make CDM PoAs a success. In cooperation with African, Indian and Indonesian agencies.	Liva Weel (Hall H)
09:00– 10:30	Brown University, Environmental Defense Fund (EDF) Mr. Nathan Hultman nathan.hultman@gmail.com +1 301 4053429	Making better carbon markets: Environmental integrity and participant perspectives Will emerging carbon markets be structured and linked in ways that ensure real reductions? Will participants view them as fair & efficient? Top government, business, academic, & NGO leaders from diverse countries propose new C market structures to assist entry by developing and emerging economies.	Niels Bohr (Hall H)
11:00– 12:30	University of Delaware, Center for Energy and Environmental Policy (CEEP), Institute for Agriculture and Trade Policy (IATP) Mr. John Byrne jbyrne@udel.edu +302 831 8405	Place-based decarbonization strategies: Post-Kyoto agriculture and metropolitan development An agenda to decarbonize food production and urban settlement in contrast to existing approaches which only change the emissions chemistry of technologies. Top-down commodity-based schemes such as cap and trade are contrasted with place-based bottom-up strategies to harness community action.	Niels Bohr (Hall H)
11:00– 12:30	European Patent Office (EPO) Ms. Sabine Lunau slunau@epo.org +31 703 404822	Study on patents and environmentally sound technologies(ESTs) UNEP, the European Patent Office and the International Centre for Trade and Sustainable Development prepare a study about the role of patents in relation with environmentally sound technologies. The study aims to produce a patent landscape in the area of energy generation and licensing practices.	Liva Weel (Hall H)

13:00– 14:30	ActionAid International Ms. Ilana Solomon ilana.solomon@ actionaid.org +202 222 5004	Climate-affected communities struggle for climate justice Community representatives from Bangladesh, Vietnam and Malawi will talk about how they are adapting to climate change and their wider struggle for their climate rights.	Halfdan Rasmussen (Hall H)
13:00– 14:30	Switzerland Mr. Jose Romero jose.romero@bafu.admin.ch +41 31 3226862	Solar impulse - Around the world in a zero fuel solar airplane This event showcases the Swiss technological advancements in terms of renewable energy and energy savings. Welcoming message from Federal Councillor Mr. Moritz Leuenberger, Minister, Head of Swiss Federal Department of the Environment, Transport, Energy and Communication. Presentation of the Solar Impulse pioneer project by Dr. Bertrand Piccard and Andre Borschberg.	Victor Borge (Hall H)

Climate Change Kiosk – iSeeT@COP 15

The Climate Change Kiosk – iSeeT@COP 15 is located in the Central Hall (Atrium)

The iSeeT@COP 15 exhibit provides an opportunity to see and hear how Parties and observer and media organizations, including the private sector, are using information and communication technology to address climate change challenges.

Please note, that owing to the special logistical and security arrangements in place due to the on-going high-level segment, the presentations at the Climate Change Kiosk planned for Friday, 18 December have been rescheduled to an earlier date or cancelled. The exhibits planned for Friday 18 December will run as planned.

All presentations delivered at the Climate Change Kiosk as well as the demonstrations shown during the exhibit can be found on our website. Please visit the iSeeT@COP15 website at http://unfccc.int/meetings/cop_15/side_events_exhibits/items/5084.php

Exhibits:

09:00–14:00	Central presentation space, Reaching out to CDM stakeholders over the web: A preview of the revamped CDM website. UNFCCC secretariat, SDM programme
14:00–19:00	Central presentation space, REDD web platform. UNFCCC secretariat, ATS programme
Screen 2	Towards a low carbon economy. UNEP
Screen 3	GEO data portal. UNEP DEWA/GRID Europe
Screen 4	Setting climate research priorities worldwide. The World Climate Research Programme (WCRP)
Screen 5	Establishing and end to end multi-hazard early warning. Asian Disaster Preparedness Center (ADPC)
Screen 6	Applications of ICT for climate change awareness and action in the Pacific. Secretariat of the Pacific Regional Environment Programme (SPREP)
Screen 7	Community-based adaptation (CBA). UNDP-GEF CBA

U.S. Center science presentations featuring Science on a Sphere®

The U.S. Center is located in Hall C

09:00– 18:00	A welcome area where visitors can learn more about U.S. climate actions, participate in detailed discussions on key issues and examine extraordinary photos and videos, will be open from 09:00 to 18:00. Science On a Sphere® (SOS), a large, visually compelling, computer-driven globe that displays animated images of the Earth's land, oceans, and atmosphere, will serve as the Reception room's dynamic centerpiece.	U.S. Center Reception room
-----------------	--	-------------------------------

European Union Pavilion

The EU Pavilion is located in Hall C

08:45– 10:15	Joint Research Center Juan Carlos Ciscar Juan-Carlos.Ciscar@ ec.europa.eu +34 9544 88270	Impacts of climate change in Europe - A new economic assessment The main results of the Peseta project will be presented during this event.	Room Schuman
13:00– 15:00	DG RTD, European Commission Hans-Jörg Lutzeyer Hans-Joerg.Lutzeyer@ ec.europa.eu +32 2 2962 186	Agriculture and climate change - Towards a global research alliance? The event will explore the international dimension of a common initiative of several EU Member States. This will be discussed in the context of a proposal by New Zealand and in relation to the CGIAR challenge programme on climate change, agriculture and food security.	Room Monnet
15:30– 17:30	Joint Research Centre Massimo Craglia massimo.craglia@ jrc.ec.europa.eu +39 332 786166	Citizen participation in monitoring deforestation of the Amazon Innovative use of geo-technologies has enabled TV Globo in Brazil to elicit 48 million comments on illegal development from citizens in six months. This approach offers opportunities for new participatory initiatives on environmental monitoring.	Room Schuman

Other observer organizations' events

08:30– 10:00	Friends of the Earth International on behalf of Young Friends of the Earth Norway	Obama change – not climate change Young Friends of the Earth Norway encourages the President the United States and his delegates to take an active role in the negotiations in order to achieve a committing treaty.	The green area where Vejlands Alle meets Center Boulevard
09:00– 10:00	ICC and International Emissions Trading Association (IETA)	BINGO meeting	Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)
10:00– 11:30	University of Gothenburg, Corporacion Grupo Tayronahe, World Student Community for Sustainable Development Mr. Carl Justin Kamp carl.kamp@chalmers.se +46706147251	Youth and student collaboration: Beyond Copenhagen Youth organisations will create a “speed-dating” event amongst the public and private sector to share best practices on student and youth involvement in climate change in order to create synergies between youth organisations, and these sectors.	Meeting room in the Forum, Julius Thomsens Plads 1

<p>10:00– 11:30</p>	<p>The Royal Society, Centre for International Governance Innovation, International Emissions Trading Association (IETA)</p>	<p>International governance of geoengineering research Moderator: Mr. Robin Lustig from BBC News’s The World Tonight. Panelists: Mr. Tariq Banuri, UN Commission on Sustainable Development. Mr. Michael Oppenheimer or Mr. Nathaniel Keohane, Environmental Defense Fund, Mr. David Runnalls, International Institute for Sustainable Development, Mr. Jason Blackstock, CIGI, Mr. John Shepherd, Royal Society</p>	<p>Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)</p>
<p>10:30– 12:30</p>	<p>European Economic and Social Committee Robert Kaukewitsch Robert.Kaukewitsch@eesc.europa.eu</p>	<p>Climate change, GDP and measurements of prosperity This event will explore new ways to measure our prosperity.</p>	<p>Kongens Nytorv 6. (Metro Kongens Nytorv)</p>
<p>11:30– 13:00</p>	<p>The University of Maryland, School of Public Policy, International Emissions Trading Association (IETA)</p>	<p>Improving international carbon markets: Environmental integrity and participant perspectives Views from Brazil, India, South Africa, US, and Indonesia. Introduction by H.E. Ricardo Lagos Special Envoy on Climate Change to UN Secretary-General Ban Ki-moon, Former President of Chile Panelists: Ms. Simone Pulver, University of California Mr. Dan Dudek, Environmental Defense Fund Mr. Agus Sari, EcoSecurities Indonesia Mr. Nathan E. Hultman, University of Maryland</p>	<p>Mount Everest 2 – in the Crowne Plaza Hotel (next to the Bella Center)</p>
<p>13:00– 14:30</p>	<p>World Travel and Tourism Council (WTTC) Ms. Eva Aimable eva.aimable@wttc.org +44 20 74818007</p>	<p>Addressing the challenges of climate change: Perspectives from the travel and tourism sector This event will present the steps taken so far in response to the Bali Roadmap and Action Plan while addressing mitigation and adaptation strategies within the travel and tourism sector.</p>	<p>Hotel Marriot Copenhagen Kalvebod Brugge 5,</p>
