SBSTA dialogue on developments in research activities relevant to the needs of the Convention

11.30–14.00, Reger

Attendance: Open to all participants

In line with the conclusions of the Subsidiary Body for Scientific and Technological Advice (SBSTA) at its 28th session, a meeting under the dialogue on research activities relevant to the needs of the Convention, which is taking place under the SBSTA in the context of decision 9/CP.11, will be held **today** in Salon Reger and will be chaired by the Chair of the SBSTA.

Contributions from international and regional research programmes and organizations active in climate change research, as well as the IPCC, will include presentations on recent emerging scientific findings, on-going and planned activities by the research community in response to the key priorities identified in the IPCC AR4, research capacity-building activities and activities undertaken in the context of the Nairobi work programme, among others. The presentations will be followed by discussions with Parties.

For further details on the topics for consideration under this research dialogue meeting, please see document [FCCC/SBSTA/2007/4](#), para. 47. The agenda is available at <<http://unfccc.int/3461.php>>.

Technical briefing by the Chair of the AWG-LCA on historical responsibility as a guide to future action to address climate change

Thursday, 4 June, 13.15–14.45

Attendance: Open to all participants

In response to a request made by some Parties during the fifth session of the AWG-LCA, the Chair will organize a technical briefing to enable Parties to receive and share views on the concept of historical responsibility as a guide to future action to address climate change. After a general introduction to the concept and its application in other areas, delegations will make presentations on historical responsibility and related concepts.

**International transaction log
interactive exercise**

In accordance with decision 12/CMP.1 and as requested by the SBI at its twenty-ninth session, an interactive exercise will be conducted in Salon Mann on **Saturday, 6 June**, demonstrating the functioning of the international transaction log (ITL) with other registry systems, including the clean development mechanism registry and representative national registries.

With different scenarios participants will learn the concepts behind the ITL and how transactions of Kyoto Protocol units are performed. The event is divided into two parts: a demonstration of the systems and hands-on activities with participants.

Special announcements

Vacancies at the UNFCCC secretariat

Conference participants are encouraged to bring to the attention of qualified individuals in their countries/organizations the link to the employment page of the secretariat website: <<http://unfccc.int/secretariat/employment/recruitment>>.

Three professional positions are currently advertised:

VA/09/037/FTS, Programme Officer, P-3,

VA 09/033/SDM, Programme Officer, P-3,

VA 09/034/SDM, Associate Programme Management Officer, P-3

A number of vacancies ranging from entry level to senior management level are expected to be advertised during the second half of 2009.

The secretariat is committed to ensuring equitable geographical distribution and gender balance among its staff. To this end, it would like to especially encourage qualified women candidates and candidates from developing countries to apply for vacancies.

Announcements

Information from the Montreal Protocol on Substances that Deplete the Ozone Layer

Delegates may wish to note that copies of a summary entitled “Assessment of alternatives to HCFCs and HFCs and update of the TEAP 2005 Supplement Report Data” will be made available by the secretariat via the pigeonholes of delegations.

Information for participants

A booklet on the facilities available at the conference venue, entitled “**Information for participants**”, is available from the Information desk in the foyer and also on the UNFCCC website.

Climate Change Kiosk

The Climate Change Kiosk, located in the delegates’ area on the ground floor in front of Saal Schumann, provides information about the climate change process and the secretariat as well as the range of secretariat publications and digital materials.

...inSide climate change publications counter

Participants wishing to distribute documents should contact staff of the External Relations/Observer Organizations Liaison team in La Maree on the ground floor. The counter is staffed as follows: 11.00–12.00 and 16.00–17.00.

Webcast coverage

Live and on-demand webcast coverage of the Bonn Climate Change Talks - June 2009 is provided, including official meetings and workshops of AWG-KP 8, AWG-LCA 6, SBI 30 and SBSTA 30 as well as press conferences. A selection of side events will be webcast and made available on demand. All webcasts are available in English and other languages used at the conference and Powerpoint presentations are available when provided by the speaker.

Security

Participants should ensure that they wear their conference badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience, but it is expected that participants will understand the need for such arrangements.

- Lost and found items** Participants are reminded not to leave personal belongings in meeting rooms. The Security office, located adjacent to the main entrance, is responsible for lost and found items.
- Meditation room** A room for meditation and prayer is available to participants on the first floor. Turn right at the top of the main staircase and continue straight ahead towards the staff office area. The room is on the left before the small staircase.
- Pigeonholes for delegates** Pigeonholes for the distribution of official documents and messages, which delegates are kindly requested to check at regular intervals, are located next to the Documents counter on the ground floor.
- Facilities for observer organizations** Offices for the business and industry organizations and environmental groups are located at the Ministry of Environment. Contact information is provided below:
