SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE

Thirty-second session

Bonn, 31 May to 9 June 2010

Agenda item 8 (a)

Methodological issues under the Kyoto Protocol

Implications of the establishment of new hydrochlorofluorocarbon-22 (HCFC-22) facilities seeking to obtain certified emission reductions for the destruction of hydrofluorocarbon-23 (HFC-23)

**Implications of the establishment of new hydrochlorofluorocarbon-22
(HCFC-22) facilities seeking to obtain certified emission reductions
for the destruction of hydrofluorocarbon-23 (HFC-23)**

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) took note of its previous conclusions under this agenda item as well as the views expressed by Parties during the present session. It recognized the need to improve the understanding of this matter among Parties.
2. The SBSTA requested the secretariat to prepare a technical paper for consideration at its thirty-fourth session, with a view to enhancing understanding of the matter and to provide an analysis of new developments in other intergovernmental processes.
3. The SBSTA agreed to continue its consideration of this matter at its thirty-fourth session.
